WELCOME

Welcome to Residential Life at the Fashion Institute of Technology. Our residents come from all over the world and across the United States. The residential community at FIT offers students the opportunity for learning beyond the classroom walls, and provides programs that meet students’ social, recreational, intellectual, cultural, educational and spiritual needs. As a member of the residential community, each student has an opportunity to experience personal growth and create lasting friendships. We invite you to make the best of your experience here by taking advantage of the many opportunities that living on campus provides. We encourage you to be part of our diverse and vibrant community by sharing your interests, talents, and life with others. Residents are expected to exercise self-discipline and good judgment, while taking responsibility for their decisions and behavior.

MISSION STATEMENT

The goal of the Residential Life Department is to provide a living environment that is conducive to studying and learning and supports the mission of the College. The Residential Life Department seeks to create a diverse community living environment by offering students opportunities to develop an understanding of others and enable them to grow personally and intellectually. The residence halls are committed to a community in which all students and staff are accepted as individuals, without regard to nationality, ethnicity, race, age, gender, religion, class, social background, physical differences, sexual preference, personal beliefs, etc. It is our philosophy that residents should be able to live out their social and private lives in our community free from discrimination, disruption, or harassment of any form.

LIVING IN A SAFE AND OPEN ENVIRONMENT

FIT is firmly committed to creating an environment that will attract and retain people of diverse racial and cultural backgrounds. By providing a learning and working environment that encourages, utilizes, respects, and appreciates the full expression of every individual's ability, the FIT community fosters its mission and grows because of its rich, pluralistic experience. FIT is committed to prohibiting discrimination in its programs and activities, whether based on race, color, national origin, sex, gender, gender identity, religion, ethnic background, age, disability, marital status, sexual orientation, military service status, genetic information, pregnancy, familial status, citizenship status (except as required to comply with law), or any other criterion prohibited by applicable federal, state, or local laws. Inquiries regarding the nondiscrimination policy may be directed to the Affirmative Action Officer/Title IX Coordinator, 212 217.3360, titleix@fitnyc.edu.

Discrimination and harassment are not tolerated in the residence halls. We encourage residents to report this to the Office of Residential Life immediately. Complaints will be addressed according to the college’s policies and protocol.

The safety and well-being of FIT’s students, faculty, staff, and visitors is of paramount importance. Pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, FIT publishes an annual report containing crime statistics and statements of security policy, accessible online through the following site: https://www.fitnyc.edu/safety/statistics/. A paper copy of the report will be provided upon request by contacting Public Safety’s administrative office number at 212 217.4999. FIT’s Advisory Committee on Campus Security will provide upon request all campus crime statistics as reported to the United States Department of Education. Statistics may also be accessed at the Department’s website, http://ope.ed.gov/campusafety.

- a resource for residents in academic and personal concerns
- sensitive to the particular problems and needs of residents
- a referral agent for professional help
- Resident Assistants have scheduled office hours every evening from 6pm - midnight. The RAs who serve the three residence halls on 27th street can be located in the RA Office in Coed Hall lobby. The RAs who serve Kaufman Hall can be located in the RA desk in the lobby of the building.

All residents are a member of the organization once they sign their agreement and move in for the semester. The Residence Hall Association (RHA) is responsible for holding multiple programs around the halls and campus throughout the year like our annual thanksgiving dinner, block party, and smaller programs within the residence halls. RHA also helps voice concerns to the Residential Life Department for the residents and makes sure that our residents are living in an environment that is comfortable, safe, and welcoming.

**Central Office Staff**
The central office staff is composed of the Director of Residential Life, the Associate Director, the Assistant Director of Outreach and Judicial Affairs and the Housing Operations Manager. The Director oversees and supervises the residential life staff, executes policy and procedures, and functions as administrative liaison between the residence halls and the College. The Director of Residential Life is concerned with student welfare and discipline in the residence halls. The Assistant Director assumes those duties assigned by the Director and shall assume the responsibilities of the Director in his/her absence. RESIDENCE HALL POLICIES AND PROCEDURES

Residents are expected to familiarize themselves with the information outlined below, and adhere to the policies and expectations as stated. Failure to follow these policies may result in disciplinary action, regardless of whether the resident was aware of the information. Residents are also responsible for all actions of their guests.

ABSENCES
To avoid unnecessary concern, your floor RA and roommate(s) should be told of any absences from your on-campus residence. Extended absences from class should be reported to your major department and instructors.

ALCOHOL AND DRUG POLICY
FIT is a dry campus. No drugs, alcohol, alcohol related paraphernalia, (glasses: shot, wine, martini, etc.; empty alcohol containers) or drug paraphernalia (pipes, grinders, bongs, etc.) are permitted on campus regardless of the student's age.

BATHROOM POLICIES
Bathroom Policies have been established to prevent residents from feeling uncomfortable with the use of the community bathrooms. Residents and guests must use the shower, bath, and toilet facilities that are consistent with their gender, but are permitted to do so regardless of their sex assigned at birth, anatomy, medical history, appearance, or the sex indicated on their identification. Residents living on a floor without a bathroom that matches the gender of their guest must escort the guest to the floor’s bathroom, announce them, and remain OUTSIDE the bathroom until the visitor leaves the bathroom. The same rule pertains to students living in an apartment-style suite with a bathroom. Only one person is permitted to be in the bathroom at a time.

Kaufman Hall (31st Street residents) - Shower curtains are custom sized and are supplied, by the college, in all bathrooms at our 31st street facility. A decorative curtain may be placed over the college-provided curtain, BUT THE SHOWER CURTAIN PROVIDED BY THE COLLEGE MUST NOT BE REMOVED or flooding and room damage will result. Students will be fined for any damages. A charge of $50.00 for removal and replacement of a shower curtain and rings at Kaufman Hall will be placed on their account. A second offense will result in a fine and cost of replacement.

BULLETIN BOARDS
Bulletin boards are found on each floor. Important announcements and information are posted regularly. Residents are responsible for keeping themselves informed by reading these boards. All notices/flyers must be approved by the Residential Life Office. Unapproved notices/flyers will be discarded if found. Residents may not tamper, alter, remove, or damage bulletin boards in any way.

BUNK BEDS
See “Furniture”

CALENDAR/DATES
A calendar with important dates and deadlines regarding move in and move out, housing selection, and refunds can be found on the Residential Life website: https://www.fitnyc.edu/residential-life/calendar.php
Please make sure to check the calendar at least once a semester.

CHANGE OF ADDRESS
Address changes must be reported to the Registrar’s Office (Feldman Center, Room C158).
CHEMICALS KEPT IN ROOM/APARTMENT

Resident should refrain from using or storing toxic chemicals in the residence halls. Living in a community requires individuals to be aware of the health and safety needs of FIT’s diverse resident population. Always read all label instructions that a manufacturer provides on a chemical product. Follow manufacturer instructions and intended use.

- Residents may not use any type of art or cleaning supply used for industrial purposes. (This includes any product labeled “Professional,” “Industrial Use Only,” “Professional Use Only,” etc.)
- Residents may not use products labeled “Use in Well Ventilated Area.”
- Generally avoid using aerosol cans. (The majority of aerosol cans use flammable gases such as propane or butane as propellants.)
- Look for cleaning products located in the “green” section of your grocery store.
- Painting with spray cans and similar products may not be done in the Residence Halls

CLEANING

Each resident is responsible for maintaining reasonable care of his/her room. Residents are expected to vacuum, sweep, dust, and to launder their clothing, sheets, towels, etc. on a regular basis. Community areas are cleaned daily by the residence hall maintenance staff. We encourage each resident to take responsibility for cleaning up after him/herself when using the community bathrooms and other common areas. Residents are responsible for providing their own cleaning supplies. Anything left in public areas will be discarded.

Cleaning Tips for Suites & Apartments

Stove: Keep the oven and broiler clean. Dirty, greasy stoves and ovens produce smoke and create fires. Wipe up crumbs and drippings after each use. If you have an exhaust fan, use it while cooking.

Refrigerator and Freezer: Clean your refrigerator regularly.

Bathrooms: Clean bathrooms regularly. Warning: DO NOT MIX BLEACH AND AMMONIA TOGETHER. THIS COMBINATION CREATES A HIGHLY TOXIC GAS. Clogged sinks and showers must be reported to the Residential Life Office immediately. Do not use commercial products to unclog.

COMMUNITY KITCHENS AND NAGLER HALL REFRIGERATORS

There are community kitchens attached to both the Coed basement lounge and the Nagler first floor lounge/workroom. Please comply with the following guidelines when using these facilities:

- Residents must remain in the kitchen when cooking.
- All items left in the kitchen/refrigerator are left at the resident’s own risk. Anything left in the refrigerator should be labeled with the resident’s name and room number.
- Each floor in Nagler is responsible for the cleanliness of its refrigerator.
- Spoiled or unwanted items should be removed from the refrigerator immediately.
- All trash should be removed and placed in the proper receptacles.
- Each resident is expected to leave the facilities in proper condition for use by the next resident. At no time are the kitchens to be left in an unsanitary state. If residents fail to maintain the kitchen, it will be closed.

COURTYARD BEHIND NAGLER AND COED HALL

Residents wishing to relax, read, study, sunbathe; etc. can use the courtyard behind Nagler and Coed between 10am and 8pm. See the Security Officer in Coed or Nagler lobby for proper admittance. Use of the courtyard is at the resident’s own risk. The Residential Life Office reserves the right to revoke or restrict access to the courtyard at any time. All residence hall policies pertain to the courtyard and will be enforced.

DAMAGE

Residents are responsible for any loss or damage to their assigned rooms (furniture, fixtures, equipment, etc.). The use of such materials as tape, paste, glue, nails, tacks, etc. on any college property is prohibited. Residents are not permitted to alter the appearance of the room (i.e. painting, shelving, etc.). When it cannot be ascertained who is responsible for the
damages or losses, an assessment will be made against residents equally. Public area damage will be billed to the floor residents and/or building residents with a minimum fine of $5.00 per person. Any resident found responsible for an act of vandalism and/or neglect will be fined a minimum of $25.00, and additional sanctions may apply.

DECORATIONS/DISPLAYS

Resident students are permitted to display posters or other items in their rooms that do not violate fire codes or other college policies. Displays in the exterior windows, on doors, or public areas are subject to college regulation. In the interest of promoting an academic environment, items which may affront or alarm members of the college community may not be displayed. Fire and safety regulations also prohibit displaying any items in the windows which would interfere with an emergency exit or rescue. Students with questions about this policy may contact the Residential Life Office.

Specifically:

- Decorations should never be attached to smoke alarms, fire sprinklers, or other fire equipment.
- Decorations should not obstruct walkways. All entrances, exits, corridors should be clear and available for routine use.
- Paper decorations must not cover more than 25% of the surface area of any wall.
- Lights specified for indoor use are the only types allowed in the residence hall, but must not make contact with combustible materials. Check for bare wires, fraying, loose connections, and cracked plastic parts.
- The lights must have the Underwriter's Laboratory (U.L.) approval.
- Only heavy-duty extension cords should be used for decorations. Multi-plug adapters are strictly prohibited. Power strips with a fuse or integral circuit breaker are recommended if there are not enough outlets.
- Extension or lighting cords cannot be routed through doorways or under rugs as the opening/closing action of the door and walking over the rug will damage cord.
- All lights must be unplugged at the end of the day and/or when being left unattended.
- Candles, oil lamps, incense or other flame-producing materials are prohibited.
- Live trees, wreaths, and branches are strictly prohibited.
- Artificial trees and wreaths must be made of flame retardant materials.
- Decorations must be removed after the holidays and disposed of or stored in a safe place.

This list is not all inclusive. Any items or decorations not listed that are deemed hazardous or cause damage to college property are not permitted.

FLIERS/SOLICITATION

All fliers must be stamped by the Office of Residential Life prior to posting in the Residence Halls. We do not permit solicitations, apartment or job listings to be posted. Residents may not solicit their peers door to door.

Visit the Office of Residential Life for more information

FLOOR MEETINGS

Resident Assistants periodically hold floor meetings to disseminate important information to residents. Attendance at these meetings is MANDATORY. If a resident must miss a meeting, s/he is required to inform his/her RA of the reason(s) well in advance of the meeting via email or in person. In addition, it is the resident's responsibility to make arrangements with his/her RA to get the information to be covered at the meeting.

FURNITURE

Rooms are furnished with beds, mattresses, dressers, closets, desks and chairs. Suites are also furnished with dining tables. Residents are not permitted to bring personal furniture or remove or alter the furniture that is in their rooms. Possession of prohibited furniture, including moving College owned furniture to an prohibited area will result in disciplinary action.
Dismantling closet doors and personal use of common area furniture are also prohibited.

Beds may not be lofted in any way, including no lofting on dressers, desks, or other items in the room and/or apartment. If bunk beds are furnished by the college, residents must contact the FIT Maintenance Department to bunk or de-bunk beds. Only college maintenance personnel may assemble and/or disassemble bunk beds. Non-bunk-beds must NOT be raised to the top notch or level or else the legs of the bedframe will be wobbly.

**HARASSMENT POLICY**

The Fashion Institute of Technology is committed to providing all of its faculty, staff, and students the opportunity to pursue excellence in their academic and professional endeavors. The College is committed to providing such an environment, free from all forms of harassment and discrimination, and ensuring students and employees the right to an environment free of discriminatory intimidation, ridicule and insult. This includes, but is not limited to, harassment or discrimination that is direct or indirect, physical or emotional, in person, or electronic forms of communication. Each member of the community is responsible for fostering mutual respect, and for refraining from conduct that violates this policy. Please refer to the ‘Student Rights & Responsibilities Policy Manual’ [https://www.fitnyc.edu/student-life/rights-and-responsibilities/](https://www.fitnyc.edu/student-life/rights-and-responsibilities/) for the College's Policy against Harassment

**HEALTH AND SAFETY INSPECTION - CHECKS AND ENTRY**

The college unconditionally reserves the right to inspect rooms and all areas in or outside of the residential buildings at times convenient to the Residential Life Office and by college and/or other approved personnel. This includes entry/inspection for repairs, remodeling or any other necessary steps advisable for safety and security. Residential Life Staff may enter all rooms or suites at any time if it is reasonably believed there exists a threat to the health, safety or security of any resident, the residential community or that a violation of the terms of the Residence Contract exists.

Periodic health and safety checks are made by the Residential Life staff for the purpose of ascertaining damage or conditions potentially threatening to the health and safety of its residents. The times for these inspections may be announced (but not required) at least 24 hours in advance to allow occupants of the room an opportunity to be present. Residents are to promptly correct issues discovered as a result of Health and Safety Checks, and/or inspection and entry of College Personnel.

**IDENTIFICATION CARDS**

Every resident is issued a Resident Student College Identification Card. This MUST be carried at all times. Every student must show their college ID when entering any building on campus, signing in visitors into the residence halls and obtaining meals in the dining hall.

**ID REPLACEMENT**

If a resident has lost their ID:

1. They should come to the Residential Life Office in either Kaufman or Alumni Halls.
2. Residential Life staff will charge the resident’s student account $25 for a new ID and give a slip of paper to bring to Public Safety.
3. The resident will bring the slip of paper to the Public Safety Office in Kaufman Hall or Pomerantz-442
4. Resident must bring new ID to the Residential Life Office for validation sticker.

**PLEASE NOTE:** Altering or counterfeiting a FIT ID card is strictly prohibited. Any altering or misuse of IDs will result in disciplinary action.

**INTERNET AND WIFI**

Internet access is provided to all residents through IT.
FIT RESIDENT HANDBOOK

The use of any electronic device operated across the FIT network facilities and resources should be in accordance with the FIT Computer and Network Use policy:

LAUNDRY ROOMS

There are card operated washing machines and dryers located in each residence hall, which are maintained by an outside vendor. Money can be placed on these cards on card machines located in the workroom of Alumni Hall, the lobby or Nagler Hall and basement laundry rooms in Coed and Kaufman Halls. In Nagler and Alumni, each floor has one washing machine and one dryer. In the basement of Coed and Kaufman Hall, there is a laundry room fully equipped with several washing machines and dryers. Instructions for use are posted on machines. Residents who leave laundry unattended do so at their own risk. The College is not responsible for lost or stolen items. If you find a machine out-of-order, please attach a sign to it; report this to the vendor (see info. posted) and to the Residential Life Office. If you lose money in one of the machines, please contact the vendor directly for reimbursement (contact information is posted in every laundry room).

LOCKOUTS, LOST KEYS, & KEY REPLACEMENT

During office hours (9:00 am – 5:00 pm, Monday – Friday), residents who are locked out of their rooms must request a lockout in the Residential Life Office in either Alumni Hall or Kaufman Hall. There is no lockout service available between 5pm and 6pm. Residents are charged according to the schedule below.

Weeknights and weekends, while the residence halls are occupied, the RA assists with all lockouts. The resident who is locked out visits the Public Safety desk in their building to request a lockout. The RA will verify your identity and unlock your room. You will be asked to sign off on the lockout, and will be charged to your student account for the lockout according to the following schedule:

- First Lockout: $5.00
- Second Lockout: $10.00
- All Additional Lockouts/Cylinder change: $25.00*

*Multiple lost keys may result in disciplinary action

Make payment online with a credit card through the Secure Area in the Online Information System (or in person in the Bursar’s Office) – Business & Liberal Arts Center (B127)

It is important that residents lock their doors when leaving their rooms for any period of time and carry their key with them at all times. This helps to safeguard your belongings.

Residents who lose their key and need a replacement should visit the Residential Life Office in either Alumni Hall or Kaufman Hall, during office hours (9:00 am – 5:00 pm, Monday – Friday). After hours and on weekends, residents should contact an RA by visiting the Public Safety desk in their building. You will be asked to sign off on the key replacement, and will be charged $25.00 to your student account.

No replacement keys will be made between midnight & 9AM. If a resident needs access to their room, they can contact Public Safety and have them contact the RA on duty for a lockout. The duplication of keys by anyone other than University-authorized personnel is prohibited.

LOCK CHANGES AND REPAIRS

Lock repairs or lock problems must be reported to the Residential Life Office during office hours. All lock changes and repairs must be made by the college locksmith or their designee. Locks will not be changed on evenings, weekends and holidays except in emergencies.
LOST & FOUND
Any lost or found item may be located at the Central Department of Public Safety, Pomerantz, D442.

LOUNGES AND WORKROOMS
Lounges are provided in each residence hall. The Alumni and Nagler workrooms are on the first floor of the building and the Coed and Kaufman workrooms are located in the basement. These facilities are for residents and their authorized guests. A resident must accompany visitors in the residence hall lounges at all times. Residents should be respectful of others when using the lounges and workrooms. Keep noise levels down and clean up after yourself.

Some FIT courses require residents to have bottles, candles, and other restricted items not permitted in the residence halls. We ask that you first find other objects and/or accommodations. Ask instructors requiring candles/bottles to store them in their office until needed in class. If other accommodations are not available residents must obtain permission prior to bringing restricted items into the residence halls. The permission slip can be picked up during business hours from a Resident Counselor in the Residential Life Office. Residential Life reserves the right to restrict or refuse permission.

**PERSONAL CONDUCT**

Living in a residence hall affords students certain rights and privileges. With these privileges come certain responsibilities. Each resident is responsible for complying with established community standards. Living in a community requires behaviors that are conducive to a positive environment. Threatening and/or abusive behavior towards residents and/or college and residential hall staff is strictly prohibited. Non-compliance with college personnel acting in performance of their official duties is strictly prohibited and could result in dismissal from the residence halls. Please see a full listing of policies pertaining to student conduct in the Residence Halls in section titled “FIT Code of Conduct and Residential Life Policies”

**PERSONAL PROPERTY**

FIT shall not be liable or otherwise responsible for any loss or damage of personal property for either a resident or guest. **PEST CONTROL (ROACHES, MICE, ETC.)**

Residents must report problems with roaches, bugs, mice, etc. on the exterminator list, which is located in the Residential Life offices on 27th Street (Alumni Hall) and 31st Street (Kaufman Hall). Pests are attracted to food and dirt. Keep your room and common areas clean, and place food in airtight plastic containers. An exterminator will visit your room to assess conditions and treat if necessary. The college does not reimburse for laundering services or personal property. Please see “Personal Property” for more information.

**What to do if you think you have Bedbugs:**

Make sure you have bed bugs and not some other problem - Bed bugs are small, flat, reddish-brown in color. Bed bugs are often found, during the day, in areas such as: mattress seams, under box springs, mattress corners or screw holes in beds. Check for blood stains on your sheets, or a musty sweet odor. If you have done this quick check and believe you have bed bugs:

1. Inform the Residential Life Office immediately (If the office is closed, call Public Safety, 212 217 4999)
2. Make an appointment with Health Services
   a. Dubinsky 4th floor – 212-217-4190
   b. Please be informed that Health Services will be unable to confirm a bite from a bedbug; however, you may request topical cream to relieve itching.
3. Try to remain calm
4. We know that you are concerned and this can be stressful so the Residential Life staff will work with you, the exterminator and college maintenance to ensure a smooth process. The Residential Life Office will immediately place your room on the exterminator list to ensure that your room is checked by a professional exterminator service. Based on their findings, the room will be prepared and treated accordingly. If, after inspection by the exterminator, bedbugs are confirmed, you will meet with a Resident Counselor to discuss the bed bug procedure, which includes but is not limited to:
   a. Student/s will agree to have all clothing and bedding (including fabrics, etc if applicable) professionally laundered. *(Student/s must provide receipts from the Laundromat prior to reassignment.)*
   b. Student/s will refrain from entering the contaminated room/apartment, to avoid contamination in the new temporary space. *(The college will provide a temporary reassignment until students are able to return to their original space.)*

TRASH/RECYCLING REMOVAL

Soda bottles and cans, newspapers and magazines are to be put in their proper bins. All other plastic, glass, and paper products must be put down the garbage chutes in Coed, Kaufman, and Alumni and placed in the trash bins in Nagler Hall. FIRE SAFETY POLICIES AND PROCEDURES

At the sound of an alarm, residents must immediately vacate the halls using the nearest stairwell. All alarms should be treated seriously, as a fire may have occurred. Every resident is responsible for keeping the halls safe and complying with fire safety rules. Residents are asked to immediately report any noticeable problems with fire equipment to the Residential Life office.

Fire Safety- interfering with, misusing, tampering with or damaging fire safety equipment, unauthorized burning of any material on campus, disregarding a fire alarm signal or refusing to evacuate a building, reckless or intentionally activating alarm when an emergency situation does not exist are all prohibited.

LOCAL SMOKE ALARMS
Local smoke alarms are alarms that only sound in the room/apartment in which they are set off. In the event of a real fire in the room, please exit the building immediately, pull the fire alarm in the hallway and contact Public Safety at 212-217-7777.

In the event that the local smoke alarm was set off by cooking and no fire has occurred, remain in the room, open windows, and turn the stove exhaust fan on if you have one. FIT Maintenance and Public Safety is automatically notified of the alarm and will arrive shortly to turn the alarm off.

4. If exits are blocked, go to a room and close the door, following instructions outlined in #3.
5. Choose an alternate exit if fire, heat, or smoke is blocking the nearest exit or stairway. Use side door exits in Nagler/Coed and front doors of Alumni to exit buildings.
6. If there is smoke, keep low to the floor. If there is time, put a wet cloth to your nose and mouth.
7. CROSS THE STREET AND REMAIN ON THE SIDEWALK. Clear the street for emergency vehicles and stay clear of traffic. You may wait in the “C” Building Lobby until the all clear is given.

In Kaufman Hall, there are 2 fire box alarms (pull stations) on each floor in the corridors. Fire Alarms must be pulled in order to set off the building alarm

EXTINGUISHERS
In Coed, there are four extinguishers located in the basement. Every floor also has two extinguishers next to the stairs. The glass box must be broken to access them. Additionally, all Coed apartments (floors 11-15) have an extinguisher in each apartment.
In Nagler, there are two extinguishers located on each floor next to the stairs. The glass box must be broken to access them. Additionally, all Nagler apartments (floors 3 and 4) have an extinguisher in each apartment.

Extinguishers located in apartments are powder extinguishers which should be used for fires involving oils, grease, and other flammable liquids.

**FIRE/FIRE ALARM PROCEDURES FOR STUDENTS WITH DISABILITIES**

Procedures for students who are disabled or unable to exit rooms:

- Remain in your room, unless the fire is in your room.
- Immediately phone Public Safety at (212) 217-7777, tell them your location- building/room#. Inform them if you cannot exit on your own. “I am on crutches”; “I feel disoriented”; “I have a guide dog and have a visual impairment” – in other words, the more information that they have whenever they arrive to help you evacuate, the better prepared they will be to assist you. If you have a motorized wheelchair, be certain to inform them that the batteries must be removed before trying to remove you down a flight of stairs.
- **KEEP YOUR DOOR CLOSED, BUT UNLOCKED.**
- Place a towel (preferably wet) at the base of the door to prevent smoke from entering the room.
- Hang a sheet out the window and wait for Public Safety and the Fire Department to help you evacuate safely.
- Contact the college Coordinator of Services for Disabilities regarding your concern over exiting a building in an emergency. You can be provided with an emergency sign to post in the window which says “HELP”. This sign should be posted after following the above procedures and only in an emergency.

A tip for residents with mobility impairments is to contact your local fire department and inform them of your situation. There is a possibility you may not be on campus if and when an emergency occurs. If the Fire Department is aware that you “might” be in danger, an extra check will be made to insure your safety.

FIT must comply with the fire laws by conducting fire drills. Advance notice of drills will not be given to any student. All students must participate in fire drills as is they were real alarms. Students who fail to evacuate or do not evacuate in a sufficient amount of time will be held responsible.

**COOKING GUIDELINES FOR SUITES AND APARTMENTS**

To prevent smoke build-up, fires and building evacuations, please take the following precautions:

- Keep exhaust ducts clear (pots, pans, etc. can block exhaust ducts).
- Keep oven, broiler and top burners clean (splattered food/grease causes smoke).
- Keep the stove clear of all items. Do not use it as a storage space.
- Do not leave stove unattended when cooking.
- Burners/stove/broiler will continue to cook after being turned off. Remove pots/food immediately. Stay with stove until it cools down.
- **DO NOT** open your front door to air out smoke. This will set off building alarms. *Open windows and if you have a fan use it to blow heat and smoke away from the front door.
- In Alumni, exhaust fans should be turned to “High” and bedroom doors and windows should be open.

*Prevention of Fire/Smoke is the key. Let’s avoid evacuations because of simple cooking incidents.*

**Warning:** Do not use stove to heat apartment. This is not only dangerous, but will set off the building’s fire alarms. Refer to the Fire Safety Policy section for violations and sanctions.

The Residential Life Office reserves the right to assign or reassign students to a room or space that has been vacated. Residents may not occupy more than their assigned portion of the room at any time. Residents who occupy more than their assigned portion of the room are subject to disciplinary action and fines. Unauthorized room switches or occupancy of a room is a minimum $100 fine. A resident may not keep or store belongings in a residence hall room that he/she has vacated unless approved, in writing, by the Residential Life Office.

ROOM CONDITION REPORTS

All residents are required to submit a Room Condition Report (RCR) within 48 hours or 2 days of checking in. The RCRs are conducted prior to the resident’s move-in by Residential Life staff and residents must either confirm or contest the RCR within 48 hours. To complete the RCR, residents must log into their MyHousing and under the "More Tasks" section they should select “Room Condition Reports.” Under this section, residents review the condition of their room as reported by residential life staff. Residents have 48 hours to complete the RCR for their room. If a resident fails to complete their RCR within 48 hours, they will accept the condition of the room as reported by Residential Life staff and will be responsible for any damages that occur in the room after that time.

LIVING WITH ROOMMATES

Living with a roommate can be both a rewarding and a challenging experience. Each person comes into a roommate situation with his/her own family background, personality, likes, and dislikes, quirks and idiosyncrasies. Anticipating that there will be differences and committing to negotiating these differences fairly will start you off on the right foot. Learning to accept the differences between you and your roommate/s can be a valuable part of your education. Remember that you and your roommate do not have to be best friends to live together successfully. Here are some helpful tips for living in the residence halls:

- Complete your Roommate Contract with your roommate(s), take it seriously and be honest.
- Space is limited. Share space fairly and negotiate who gets which desk, dresser, bed, closet, and the window side of the room.
- Treat your roommates and their belongings with respect. Do not use your roommate’s belongings without permission.
- DO NOT discuss roommate conflicts with other residents.
- Ask, don’t assume. Your perception of things is likely to be influenced by your own values and beliefs.
- Be friendly. Chances are your friendliness will be reciprocated.
- Be understanding. Roommates can help each other over rough spots.
- Give your roommate a little peace and quiet sometimes.
• Do your part to keep the room clean.
• Attend to your personal hygiene. Shower daily and do laundry regularly. Residents must have their own detergent and toiletries (soap, shampoo, deodorant, etc.)
• Respect your roommates’ sleep and study habits. For example: use headphones for radios and television, use earplugs if you are a light sleeper, use a sleep mask to keep out the light when your roommate is up late.
• Be ready for a little healthy give and take. There will be times when neither you nor your roommate will be the ideal person with whom to live. Try to recognize each other’s moods; don’t get upset over the little things.

Remember that your roommate is an individual and may have different interests and values then you. This DOES NOT mean that one of you is wrong and the other is right or that one is better than the other. If you should have conflicts with your roommate(s), speak with your RA, Building Manager, or a Resident Counselor.

ROOMMATE CONTRACT

The roommate contract establishes guidelines for you and your roommate to follow to be able to live with one another harmoniously. Please use the Roommate Contract in this manner:

1. The contract should be discussed and completed with all roommates present.
2. All members should be honest about their feelings when responding to the questions.
3. Discuss personal differences with each other as you do the contract.
4. Try to agree on a way to resolve differences now, BEFORE conflicts arise, in a manner that will be satisfactory to all roommates. This may involve compromise. Please be open and flexible, yet assertive about your own needs.

We hope that by discussing the questions in this document, roommates will begin to develop the kind of relationship that is conducive to positive academic, community and personal growth.

ROOMMATE/RESIDENT CONFLICTS AND REASSIGNMENT POLICY

Residents are encouraged to address their concerns in a non-confrontational discussion.

1. Residents should speak to their RA. The RA will help negotiate a compromise.
2. If conflict continues, a meeting with a Resident Counselor is recommended.
3. The Resident Counselor will mediate with residents involved in the conflict and advise residents of the room swap procedure.

The Resident Counselor will make a decision to reassign based on the violation of policy and/or agreements. Final assignment decisions will be made by Residential Life Office with due regard for the welfare of the occupants and availability of space. The Residential Life Office reserves the right to reassign any resident to any other accommodations any time it finds it is necessary or desirable to do so. Please note that all room swaps are at the discretion of the Residential Life office.

APPLICATION PROCEDURE

Each spring, students apply for housing for the upcoming academic year. Housing is available to full-time undergraduate degree students taking 12 or more credits. No applicant is guaranteed housing. A $500.00 NON-REFUNDABLE housing deposit is required in order to complete & submit your housing application. Only credit card payments will be accepted. This is NOT an additional fee and will be credited towards your total housing charges.

NEW/ENTERING students to the college will be able to to access the housing application after they have submitted their tuition deposit.

CURRENT/RETURNING students must re-apply for housing each academic year.

Application dates and procedures for the upcoming academic year are posted on the website and emailed to the students every spring.
Housing is available for winter/summer at an extra charge. Winter recess housing is ONLY available to residents who have contracted for the full academic year (fall AND spring). Residents not returning for Spring Semester are not eligible for winter housing.

**ROOM SELECTION**

Applicants with "confirmed" housing will enter a room/roommate selection process to choose a roommate and room type, not a specific room/floor. Final assignments are determined by the college. Room assignments may still change prior to check-in. FIT reserves the right to change or consolidate assignments.

Wait listed students do not enter room selection and will be awarded housing based upon availability.

**WITHDRAWAL PROCEDURE**

Students, who decide to decline Residence Hall space, must contact the Residential Life Office by completing the online withdrawal form. Contacting another department at FIT does not relinquish a student from charges. Students who are graduating, participating in an exchange program, or withdrawing from the college must complete the housing withdrawal form. Residents withdrawing from the residence halls must adhere to the established check-out procedures as outlined in the handbook.

For residents who are leaving the residence halls permanently either at the end of the semester or during the semester.

1. Complete the online withdrawal request form:  
2. To be released from the academic year housing contract, you must provide documentation within 3 business days to the Residential Life office that supports one of the reasons for withdrawal:  
   a. Graduation from the College in December  
   b. Death of an immediate family member/guardian  
   c. Long-term hospitalization of the student or other extenuating medical condition  
   d. Entering military service  
   e. Acceptance into a College-approved study abroad program
3. Vacate the residence halls by the date/time indicated on the Withdrawal Request Form. Room Condition: Room must be left in “move-in” condition (broom swept, drawers wiped clean, floors mopped, etc.) Any items remaining will be discarded by FIT maintenance staff at the resident’s expense. Please note: Any resident who fails to leave his/her room in “move-in condition” will be charged a cleaning fee to be determined by the college maintenance department.
4. Return key(s) and Resident ID to the Residential Life Office during office hours.
HEALTH SERVICES

Location: Dubinsky (A402)
Phone: (212) 217-4190
Fax: (212) 217-4191

The FIT Health Services Office is staffed by medical personnel who can address medical concerns and problems. The office is funded by the Student Association Fee, and there is generally no additional cost to full-time students for its services. Its services include addressing general and gynecological health concerns, treating illnesses and injuries, and making referrals to off-campus medical resources. When available, medication is dispensed free of charge. However, prescriptions are not filled. Hospital and medical care beyond the scope of the FIT Health Services is the financial responsibility of the student and his/her family. Health Services is open during the academic year and the hours of operation are posted in the residence halls.

HEALTH INSURANCE

The Fashion Institute of Technology requires residents to carry adequate medical insurance to help cover the expense of medical treatment, which is not provided by the Health Services Office. A student is automatically billed for the Fashion Institute of Technology Insurance Plan unless s/he submits the waiver by the due date. The waiver must indicate that the student has comparable, accessible health insurance coverage.

The Residential Life Office encourages all residents who are covered by the FIT plan to review the information which describes the scope and limitations of the coverage. This information can be obtained from the Health Services Office.

IMMUNIZATIONS, ILLNESS AND INJURY

Residents are encouraged to use FIT’s Health Services office. Services include consultations, general and gynecological concerns, treating illnesses, injuries, emergencies, and referrals to off-campus medical resources and providers. A student requiring medical attention when Health Services is closed will have to use a local doctor’s office or hospital emergency room. Students are responsible for all charges not covered by the insurance, including ambulance fees.

When contacted for a medical emergency, a Building Manager and/or Resident Counselor may send the resident to a local hospital with an RA by taxi. In some cases, an ambulance will be called. The student must assume financial responsibility for all costs that are not covered by insurance, including ambulance fees. The Residential Life Office pays for the cost of the taxi service. Residential Life does not pay for the cost of a taxi service regarding non hospital visits.

DINING SERVICES

Residents in traditional style rooms will be billed for a meal plan each fall and spring semester. Meal plans are billed as part of your residential housing fee. Each time you eat, one meal is subtracted from your weekly meal balance. You may choose the number of meals based on your desired eating habits and academic schedule.

All meal plan choices come with a certain amount of declining balance built in. Declining balance is accepted like cash at all of our dining locations on campus and works on the same principle as a bank debit card. Whenever you buy a meal on campus, the total amount of your purchase is subtracted from your account.
Any unused declining balance dollars from the fall semester may roll over to the spring, but cannot be used toward the spring semester meal plan bill. Unused spring semester declining balance dollars are non-refundable.

A resident who is on the meal plan and who is too ill to go to the cafeteria for meals should consider having meals brought to his/her room by a roommate or friend. Students on special diets are encouraged to contact the college meal services to discuss options to accommodate dietary needs. For questions regarding meal plans and dining services, please contact Dining Services at 212-217-5776.

The law limits the rights of institutions to disclose education records or information contained in such records without the student’s written consent. There are exceptions when designated personnel within the institution may see the records in order to protect the health or safety of students or other persons.

FIT CODE OF CONDUCT AND RESIDENTIAL LIFE POLICIES

The Fashion Institute of Technology expects students to act independently and maturely while living in the residence halls. Since students come from many backgrounds and have varied expectations about living in a residential community, defining community norms is not always easy. FIT has established policies and procedures that define the ways in which all members of the residential community should live, so as to promote a living environment that helps all students meet their educational and personal goals. Students are expected to familiarize themselves with these policies and adhere to them. Residents are responsible for their actions as well as the actions of their guest(s) and will be held accountable for them.

CODE OF STUDENT CONDUCT

http://www.fitnyc.edu/policies/enrollment-management/code-of-conduct.php

The Fashion Institute of Technology ("FIT" or “the College”) encourages the development of independence, maturity, and ethical sensitivity of students. To achieve its purpose, the Fashion Institute of Technology expects students to conduct themselves in a manner consistent with their respective positions within the academic community and comply with the directions of employees who are acting in the performance of their duties. In particular, students are expected to refrain from conduct that threatens or endangers the health, safety, and welfare of their community. All members of the FIT community have an obligation to support and obey College regulations, and all federal, state and local laws. Those who

STUDENT CONDUCT PROCESS

The College and the Residential Life Office follow a process, called the student conduct process, which addresses behavior that may have violated any of the College’s policies. The following information outlines the Residential Life Student Conduct Process so that residents know what they can expect if they have been involved in any alleged violations of these policies. It also explains what the rights of each student are throughout the process, and how things may be resolved.

When policy violations occur, a report will be generated to document the situation, either by a member of the Residential Life staff, or by Public Safety. That report is then reviewed and followed up on by a member of the Residential Life staff. FIT will always contact you through your FIT email account; please be sure to check it regularly.

In some cases, the student will receive written follow up to resolve the incident. This is typically done for missed floor meetings, setting off the local fire alarm in your room, or health and safety violations.

In most cases, the Resident Counselor of your building will schedule a student conduct meeting with you to discuss any incidents in which you are involved. The Residential Life Office reserves the right to revoke visitation privileges as a result of any incident pending a conduct meeting.

STUDENT CONDUCT MEETING
The purpose of a student conduct meeting is to:
- Decide whether a violation of any policies has occurred
- Determine the degree to which the resident was involved
- Prepare to assign sanction(s), if appropriate

If you have information to share related to the incident, residents must present all evidence and witnesses at this meeting.

Residents are not excused from pending action for:
- Failure to appear
- Failure to present witnesses
- Failure to present evidence
- Voluntary withdrawal from the residence halls prior to the conduct meeting

The student conduct process is not a court of law, but an opportunity for both the student and the Residential Life staff member to discuss what occurred. We use an educational approach that aims to inform students of expectations, provide assistance and referrals, and create a positive living environment for all students. Residential Life staff utilize a “preponderance of evidence” standard to determine whether a resident is responsible for alleged violation. The preponderance of evidence standard is defined as “more likely than not” or “51%” in order to determine responsibility. The resident will receive written notification of the meeting outcome within five business days of the date of the meeting.

STATEMENT OF RESIDENTS’ RIGHTS
1. The resident has a right to attend a conduct meeting.
2. The resident has the right to a fair conduct meeting.
3. The resident has the right to be informed of all allegations made against them prior to the conduct meeting.
4. The resident has the right to review the report and sanction letter pertaining to the case. This may be done during business hours by contacting the Assistant Director for Community Standards and Support.
5. The resident has a right to have a support person in any conduct meeting pertaining to their case, as long as that support person is not a member of the Residential Life staff.
   a. This individual serves as an advisor to rather than a representative of the resident.
   b. The support person’s role is to observe the process, and provide support and guidance to the resident as needed.
   c. The support person does not “represent” the resident or speak on their behalf.
   d. The support person must not have a conflict of interest with the incident being investigated
6. The resident has the right to appeal the decision, according to specific criteria. Please see below for the criteria that outlines appeal eligibility.

SANCTIONS

When a resident is found responsible for violating the FIT Code of Conduct and/or Residential Life Policies, sanctions are imposed. ### APPEALS

Residents have the right to appeal decisions and sanctions to the Conduct Appeal Board, according to the criteria below. To file an appeal the resident must submit a completed Conduct Appeal Form to the Residential Life Office within three business days from the date of the sanction letter. The resident must also submit their class schedule along with the names and schedules of any witnesses with pertinent information who will appear at the appeal meeting. The appeal meeting will be scheduled at the earliest date and time possible.

Students may appeal in the following cases:

- **Procedural Error** – the published procedures of the conduct process were not followed and the error substantially impacted the case outcome.
- **Excessive or Insufficient Sanction** – an unreasonably excessive sanction was imposed, clearly not justified by the circumstances of the case or the prior record of the student.
- **New Information** – new relevant information has become available, which was not available at the time of the hearing, and could have impacted the outcome.

Neither deliberate omission of information by the appealing party in the original investigation nor disagreement with the decision or sanction are, by themselves, grounds for appeal. Any new evidence or proof of a procedural error should be included in the request for review.

The Conduct Appeal Board is made up of a minimum of two peer residents and the Assistant Director of Community Standards and Support or designee. The Conduct Appeal Board will review the case with the resident(s) involved in a meeting to which the resident must appear. Should the resident fail to appear, the committee will reschedule on one occasion. Should the resident fail to appear to the rescheduled meeting, the committee will make a decision in their absence. The resident will receive written notification of the final decision within five business days of the meeting. If there are not sufficient resident board members to hold an appeal meeting in a timely manner, the Assistant Director or designee may respond to the appeal.

The decision of the Conduct Appeal Board is final. The only appeal that may be made following the Committee’s decision is for incidents that result in dismissal from housing. Students wishing to appeal a dismissal from housing should send a explanation of their appeal along with a copy of their original appeal letter to residentiallife@fitnyc.edu. This appeal will be
forwarded to the Director of Residential Life or designee for consideration. Residents will be notified by the Director of a final decision in writing.
