Questions

Q1. Is FIT a public or private institution for this project?

A1. FIT is a public institution.

Q2. RB-02 as shown in Detail 15 on Drawing A-201.00. Is RB-02 Base in 2nd floor Lobby part of Base Bid or Alternate #1 (I am thinking Base Bid)?

A2. All of A.201 is part of the add alternate. Please refer to the definition in the alternates section of the project manual for more information.

Q3. Please see the following Concern we received from one of our vendors concerning Addendum 4.

The items Tagged in the Accessory Schedule AC-01, etc., do not match the items shown on A.201, A.202 where they're tagged such as BCS, TTD, SCD, etc.

Not that big of a problem for most I can figure it out, but there are missing items such as WR-Waste Receptacle shown on plans but not in the Addn 4 AC schedule.

They should really revise the plans to match the schedule items or revise the schedule to match the plan items.

A3. Refer to finish schedule on A-900 for bathroom accessory tagged on the associated enlarged plans. A-201 has a diagram of typical dimension plans for each item and abbreviations are used. BCS, TTD, SCD are abbreviations, not keys.

Q4. We just received the following RFI from one of our specialties vendors. We need to provide the model number for the accessories for proper pricing.

SUNY – FITNYC Haft Theater Bathroom Accessories. The Finish schedule shown on Draw A900 list the manufactures, but there is no model # listed. This is the same with specification section 102800, that refers back to drawing A 201.00, A202 & A900, also does not list any models numbers.

A4. The model numbers were provided in addendum # 4.
