Questions

- Q1. Regarding the above captioned bid project, as I understand the bid documents, it states that the start date for this work is 11/27/23 and completion is to 2/2/24. That gives us roughly 9 weeks to complete the project. The light fixtures are 4-6 weeks lead time after approved submittals. If you add for submittal process, it becomes 6-8 weeks. Considering holidays, materials specified we would not be able to release the order for the stalls until we get field measurements of finished walls and plumbing roughing. From then the lead time for the stalls is 8-10 weeks. Therefore, my concern is that the schedule might not be realistic.
- A1. We are changing the work completion date. The work completion date is now February 23, 2024. The start date remains November 27, 2023.
