53 responses

N/A

Stata

not sure

Animation and video such as Adobe Priemer or Cinema 4d

Zoom

Not sure yet.

Rhino 7, Grasshopper for faculty to start testing

application of current events to teaching

No comment

11. Which CET sponsored events have changed your teaching practice?

80 responses

Summer seminars

Blackboard sessions

Padlet

zoom training

Bb trainings

All of them

Designing with music

none so far

Not sure

12. Please describe how the event mentioned above has affected your teaching practice.

72 responses

Help me update my knowledge regarding online teaching

NA

Helped me working remotely

I use it in my digital course to house all the necessary video, and digital links on the subject.

clarified the process and saved my class last spring

Improved my skill level with the platform

Prepares me before hand and gives me enough information for what I would need for the semester. Plus the help from the trainers.

It was a crossdisciplinary opportunity to open great possibilities

13. Which CET services best supported your remote teaching this past year?

80 responses

N/A

Not sure

Collaborate

Blackboard tutorials and live art demo.

Blackboard training

Tutorials

zoom training

I rely a lot on SUNY Support

CET is very pro active and communicates to faculty very well! Nice work!

It was a great job done by the entire team.

Your support is key to the success of faculty development. Elaine's sustained guidance is much appreciated. The CET is a wealth of knowledge and an endless resource. Much needed and appreciated.

None

Great team during difficult times. Bravo for helping us get through this pandemic.

In the past I requested some workshops on simple video editing since we now have to develop demonstrations online, this would be helpful for many faculty. I learned how to do this on my own.
