Schedule of benefits Issued with your booklet
Welcome

At Aetna, your health goals lead the way, so we’re joining you to put them first. We believe that whatever you decide to do for your health, you can do it with the right support. And no matter where you are on this personal journey, it’s our job to enable you to feel the joy of achieving your best health.

Welcome to Aetna.

Introduction

This is your booklet. It describes your covered services – what they are and how to get them. The schedule of benefits tells you how we share expenses for covered services and explains any limits. Together, these documents describe the benefits covered by your Employer’s self-funded health benefit plan. Each may have amendments attached to them. These change or add to the document. This booklet takes the place of any others sent to you before.

If you need help or information, see the Contact us section below.

How we use words

When we use:

- “You” and “your” we mean you and any covered dependents (if your plan allows dependent coverage)
- “Us,” “we,” and “our” we mean Aetna
- Words that are in bold, we define them in the Glossary section

Contact us

For questions about your plan, you can contact us by:

- Calling the toll-free number on your ID card
- Logging in to the Aetna website at https://www.aetna.com
- Writing us at 151 Farmington Ave, Hartford, CT 06156

Your member website is available 24/7. With your member website, you can:

- See your coverage, benefits and costs
- Print an ID card and various forms
- Find a provider, research providers, care and treatment options
- View and manage claims
- Find information on health and wellness

Your ID card

Show your ID card each time you get covered services from a provider. Only members on your plan can use your ID card. We will mail you your ID card. If you haven’t received it before you need covered services, or if you lose it, you can print a temporary one using your member website.
Discount arrangements
We can offer you discounts on health care related goods or services. Sometimes, other companies provide these discounted goods and services. These companies are called “third party service providers”. These third party service providers may pay us so that they can offer you their services.

Third party service providers are independent contractors. The third party service provider is responsible for the goods and services they deliver. We have the right to change or end the arrangements at any time.

These discount arrangements are not insurance. We don’t pay the third party service providers for the services they offer. You are responsible for paying for their services and discounted goods.
Coverage and exclusions

Providing covered services
Your plan provides covered services. These are:
- Described in this section.
- Not listed as an exclusion in this section or the General plan exclusions section.
- Not beyond any limits in the schedule of benefits.
- Medically necessary. See the How your plan works – Medical necessity and precertification requirements section and the Glossary for more information.

This plan provides coverage for many kinds of covered services, such as a doctor’s care and hospital stays, but some services aren’t covered at all or are limited. For other services, the plan pays more of the expense.

For example:
- Physician care generally is covered but physician care for cosmetic surgery is never covered. This is an exclusion.
- Home health care is generally covered but it is a covered service only up to a set number of visits a year. This is a limitation.
- Your provider may recommend services that are considered experimental or investigational services. But an experimental or investigational service is not covered and is also an exclusion, unless it is recognized as part of an approved clinical trial when you have cancer or a terminal illness. See Clinical trials in the list of services below.
- Preventive services. Usually the plan pays more, and you pay less. Preventive services are designed to help keep you healthy, supporting you in achieving your best health. To find out what these services are, see the Preventive care section in the list of services below. To find out how much you will pay for these services, see Preventive care in your schedule of benefits.

Some services require precertification from us. For more information see the How your plan works – Medical necessity and precertification requirements section.

The covered services and exclusions below appear alphabetically to make it easier to find what you’re looking for. You can find out about limitations for covered services in the schedule of benefits. If you have questions, contact us.

Acupuncture
Covered services include acupuncture services provided by a physician if the service is provided as a form of anesthesia in connection with a covered surgical procedure.

Covered services also include services performed to alleviate, treat, or limit:
- Chronic pain
- Postoperative and chemotherapy-induced nausea and vomiting
- Nausea during pregnancy
- Postoperative dental pain
- Temporomandibular disorders (TMD)
- Migraine headache
- Pain from osteoarthritis of the knee or hip

The following are not covered services:
- Acupressure
Ambulance services
An ambulance is a vehicle staffed by medical personnel and equipped to transport an ill or injured person.

Emergency Ground Ambulance
Covered services include emergency transport to a hospital by a licensed ambulance:
- To the first hospital to provide emergency services
- From one hospital to another if the first hospital can’t provide the emergency services you need
- When your condition is unstable and requires medical supervision and rapid transport

Non-emergency Ground Ambulance
Covered services also include precertified transportation to a hospital by a licensed ambulance:
- From a hospital to your home or to another facility if an ambulance is the only safe way to transport you
- From your home to a hospital if an ambulance is the only safe way to transport you; limited to 100 miles
- When during a covered inpatient stay at a hospital, skilled nursing facility or acute rehabilitation hospital, an ambulance is required to safely and adequately transport you to or from inpatient or outpatient treatment

The following are not covered services:
- Ambulance services for routine transportation to receive outpatient or inpatient services

Applied behavior analysis
Covered services include certain early intensive behavioral interventions such as applied behavior analysis. Applied behavior analysis is an educational service that is the process of applying interventions that:
- Systematically change behavior
- Are responsible for observable improvements in behavior

Autism spectrum disorder
Autism spectrum disorder is defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM) of the American Psychiatric Association.

Covered services include services and supplies provided by a physician or behavioral health provider for:
- The diagnosis and treatment of autism spectrum disorder
- Physical, occupational, and speech therapy associated with the diagnosis of autism spectrum disorder
Behavioral health

Mental health treatment

Covered services include the treatment of mental health disorders provided by a hospital, psychiatric hospital, residential treatment facility, physician, or behavioral health provider including:

- Inpatient room and board at the semi-private room rate (your plan will cover the extra expense of a private room when appropriate because of your medical condition), and other services and supplies related to your condition that are provided during your stay in a hospital, psychiatric hospital, or residential treatment facility

- Outpatient treatment received while not confined as an inpatient in a hospital, psychiatric hospital, or residential treatment facility, including:
  - Office visits to a physician or behavioral health provider such as a psychiatrist, psychologist, social worker, or licensed professional counselor (includes telemedicine consultation)
  - Individual, group, and family therapies for the treatment of mental health disorders
  - Other outpatient mental health treatment such as:
    o Partial hospitalization treatment provided in a facility or program for mental health treatment provided under the direction of a physician
    o Intensive outpatient program provided in a facility or program for mental health treatment provided under the direction of a physician
    o Skilled behavioral health services provided in the home, but only when all of the following criteria are met:
      ▪ You are homebound
      ▪ Your physician orders them
      ▪ The services take the place of a stay in a hospital or a residential treatment facility, or you are unable to receive the same services outside your home
      ▪ The skilled behavioral health care is appropriate for the active treatment of a condition, illness, or disease
    o Electro-convulsive therapy (ECT)
    o Transcranial magnetic stimulation (TMS)
    o Psychological testing
    o Neuropsychological testing
    o Observation
    o Peer counseling support by a peer support specialist

A peer support specialist serves as a role model, mentor, coach, and advocate. They must be certified by the state where the services are provided or a private certifying organization recognized by us. Peer support must be supervised by a behavioral health provider.
Substance related disorders treatment
Covered services include the treatment of substance related disorders provided by a hospital, psychiatric hospital, residential treatment facility, physician, or behavioral health provider as follows:

- Inpatient room and board, at the semi-private room rate (your plan will cover the extra expense of a private room when appropriate because of your medical condition), and other services and supplies that are provided during your stay in a hospital, psychiatric hospital, or residential treatment facility.
- Outpatient treatment received while not confined as an inpatient in a hospital, psychiatric hospital, or residential treatment facility, including:
  - Office visits to a physician or behavioral health provider such as a psychologist, social worker, or licensed professional counselor (includes telemedicine consultation)
  - Individual, group, and family therapies for the treatment of substance related disorders
  - Other outpatient substance related disorders treatment such as:
    - Partial hospitalization treatment provided in a facility or program for treatment of substance related disorders provided under the direction of a physician
    - Intensive outpatient program provided in a facility or program for treatment of substance related disorders provided under the direction of a physician
    - Ambulatory or outpatient detoxification which include outpatient services that monitor withdrawal from alcohol or other substances, including administration of medications
    - Observation
    - Peer counseling support by a peer support specialist

A peer support specialist serves as a role model, mentor, coach, and advocate. They must be certified by the state where the services are provided or a private certifying organization recognized by us. Peer support must be supervised by a behavioral health provider.

Clinical trials
Routine patient costs
Covered services include routine patient costs you have from a provider in connection with participation in an approved clinical trial as defined in the federal Public Health Service Act, Section 2709.

The following are not covered services:

- Services and supplies related to data collection and record-keeping needed only for the clinical trial
- Services and supplies provided by the trial sponsor for free
- The experimental intervention itself (except Category B investigational devices and promising experimental or investigational interventions for terminal illnesses in certain clinical trials in accordance with our policies)

Experimental or investigational therapies
Covered services include drugs, devices, treatments, or procedures from a provider under an “approved clinical trial” only when you have cancer or a terminal illness. All of the following conditions must be met:

- Standard therapies have not been effective or are not appropriate
- We determine you may benefit from the treatment

An approved clinical trial is one that meets all of these requirements:

- The Food and Drug Administration (FDA) has approved the drug, device, treatment, or procedure to be investigated or has granted it investigational new drug (IND) or group c/treatment IND status, when this is required
- The clinical trial has been approved by an institutional review board that will oversee it
- The clinical trial is sponsored by the National Cancer Institute (NCI) or similar federal organization and:
  - It conforms to standards of the NCI or other applicable federal organization
  - It takes place at an NCI-designated cancer center or at more than one institution
- You are treated in accordance with the procedures of that study
Durable medical equipment (DME)
DME and the accessories needed to operate it are:
- Made to withstand prolonged use
- Mainly used in the treatment of illness or injury
- Suited for use in the home
- Not normally used by people who do not have an illness or injury
- Not for altering air quality or temperature
- Not for exercise or training

Your plan only covers the same type of DME that Medicare covers but, there are some DME items Medicare covers that your plan does not.

Covered services include the expense of renting or buying DME and accessories you need to operate the item from a DME supplier. If you purchase DME, that purchase is only covered if you need it for long-term use.

Covered services also include:
- One item of DME for the same or similar purpose
- Repairing DME due to normal wear and tear
- A new DME item you need because your physical condition has changed
- Buying a new DME item to replace one that was damaged due to normal wear, if it would be cheaper than repairing it or renting a similar item

The following are not covered services:
- Communication aid
- Elevator
- Maintenance and repairs that result from misuse or abuse
- Massage table
- Message device (personal voice recorder)
- Over bed table
- Portable whirlpool pump
- Sauna bath
- Telephone alert system
- Vision aid
- Whirlpool

Emergency services
When you experience an emergency medical condition, you should go to the nearest emergency room. You can also dial 911 or your local emergency response service for medical and ambulance help.

Covered services include only outpatient services to evaluate and stabilize an emergency medical condition in a hospital emergency room. You can get emergency services from network providers or out-of-network providers.

If your physician decides you need to stay in the hospital (emergency admission) or receive follow-up care, these are not emergency services. Different benefits and requirements apply. Please refer to the How your plan works – Medical necessity and precertification requirements section and the Coverage and exclusions section that fits your situation (for example, Hospital care or Physician services). You can also contact us or your network physician or primary care physician (PCP).
Non-emergency services
If you go to an emergency room for what is not an emergency medical condition, the plan may not cover your expenses. See the schedule of benefits for this information.

The following are not covered services:
• Non-emergency care in a hospital emergency room

Foot orthotic devices
Covered services include a mechanical device, ordered by your physician, to support or brace weak or ineffective joints or muscles of the foot.

Gene-based, cellular and other innovative therapies (GCIT)
Covered services include GCIT provided by a physician, hospital or other provider.

Covered services for GCIT include:
• Cellular immunotherapies.
• Genetically modified oncolytic viral therapy.
• Other types of cells and tissues from and for use by the same person (autologous) and cells and tissues from one person for use by another person (allogenic) for certain therapeutic conditions.
• All human gene therapy that seeks to change the function of a gene or alter the biologic properties of living cells for therapeutic use. Examples include therapies using:
  – Luxturna® (Voretigene neparvovec)
  – Zolgensma® (Onasemnogene abeparvovec-xioi)
  – Spinraza® (Nusinersen)
• Products derived from gene editing technologies, including CRISPR-Cas9.
• Oligonucleotide-based therapies. Examples include:
  – Antisense. An example is Spinraza.
  – siRNA.
  – mRNA.
  – microRNA therapies.

Facilities/providers for gene-based, cellular and other innovative therapies
We designate facilities/providers to provide GCIT services or procedures. GCIT physicians, hospitals and other providers are GCIT-designated facilities/providers for Aetna and CVS Health.

Important note:
You must get GCIT covered services from the GCIT-designated facility/provider. If there are no GCIT-designated facilities/providers assigned in your local network, we will arrange for and coordinate your care at a GCIT-designated facility/provider. If you do not get your GCIT services at the facility/provider we designate, they will not be covered services.

The following are not covered services unless you receive prior written approval from us:
• GCIT services received at a facility or with a provider that is not a GCIT-designated facility/provider
• All associated services when GCIT services are not covered. Examples include infusion, laboratory, radiology, anesthesia, and nursing services.

Please refer to the How your plan works – Medical necessity, referral and precertification requirements section.
Key Terms
To help you understand this section, here are some key terms we use.

Cellular
Relating to or consisting of living cells.

GCIT
Any services that are:
- Gene-based
- Cellular and innovative therapeutics
We call these “GCIT services”.

They have a basis in genetic/molecular medicine and are not covered under the Institutes of Excellence (IOE) programs.

Gene
A unit of heredity which is transferred from a parent to child and is thought to determine some feature of the child.

Molecular
Relating to or consisting of molecules. A molecule is a group of atoms bonded together, making the smallest vital unit of a chemical compound that can take part in a chemical reaction.

Therapeutic
A treatment, therapy, or drug meant to have a good effect on the body or mind; adding to a sense of well-being.

Habilitation therapy services
Habilitation therapy services help you keep, learn or improve skills and functioning for daily living (e.g. therapy for a child who isn’t walking or talking at the expected age). The services must follow a specific treatment plan, ordered by your physician. The services must be performed by a:
- Licensed or certified physical, occupational or speech therapist
- Hospital, skilled nursing facility or hospice facility
- Home health care agency
- Physician

Outpatient physical, occupational, and speech therapy
Covered services include:
- Physical therapy if it is expected to develop any impaired function
- Occupational therapy if it is expected to develop any impaired function
- Speech therapy if it is expected to develop speech function that resulted from delayed development (speech function is the ability to express thoughts, speak words and form sentences)

The following are not covered services:
- Services provided in an educational or training setting or to teach sign language
- Vocational rehabilitation or employment counseling
Home health care
Covered services include home health care provided by a home health care agency in the home, but only when all of the following criteria are met:

- You are homebound
- Your physician orders them
- The services take the place of a stay in a hospital or a skilled nursing facility, or you are unable to receive the same services outside your home
- The services are a part of a home health care plan
- The services are skilled nursing services, home health aide services or medical social services, or are short-term speech, physical or occupational therapy
- Home health aide services are provided under the supervision of a registered nurse
- Medical social services are provided by or supervised by a physician or social worker

If you are discharged from a hospital or skilled nursing facility after a stay, the intermittent requirement may be waived to allow coverage for continuous skilled nursing services. See the schedule of benefits for more information on the intermittent requirement.

Short-term physical, speech, and occupational therapy provided in the home are subject to the same conditions and limitations imposed on therapy provided outside the home. See Rehabilitation services and Habilitation therapy services in this section and the schedule of benefits.

The following are not covered services:
- Custodial care
- Services provided outside of the home (such as in conjunction with school, vacation, work, or recreational activities)
- Transportation
- Services or supplies provided to a minor or dependent adult when a family member or caregiver is not present

Hospice care
Covered services include inpatient and outpatient hospice care when given as part of a hospice care program. The types of hospice care services that are eligible for coverage include:

- Room and board
- Services and supplies furnished to you on an inpatient or outpatient basis
- Services by a hospice care agency or hospice care provided in a hospital
- Psychological and dietary counseling
- Pain management and symptom control

Hospice care services provided by the providers below will be covered, even if the providers are not an employee of the hospice care agency responsible for your care:

- A physician for consultation or case management
- A physical or occupational therapist
- A home health care agency for:
  - Physical and occupational therapy
  - Medical supplies
  - Outpatient prescription drugs
  - Psychological counseling
  - Dietary counseling
The following are not **covered services**:
- Funeral arrangements
- Pastoral counseling
- Financial or legal counseling including estate planning and the drafting of a will
- Homemaker services, caretaker services, or any other services not solely related to your care, which may include:
  - Sitter or companion services for you or other family members
  - Transportation
  - Maintenance of the house

**Hospital care**

**Covered services** include inpatient and outpatient hospital care. This includes:
- Semi-private **room and board**.
- Services and supplies provided by the outpatient department of a hospital, including the facility charge.
- Services of **physicians** employed by the hospital.
- Administration of blood and blood derivatives, but not the expense of the blood or blood product.

The following are not **covered services**:
- All services and supplies provided in:
  - Rest homes
  - Any place considered a person’s main residence or providing mainly custodial or rest care
  - Health resorts
  - Spas
  - Schools or camps

**Infertility services**

**Basic infertility**

**Covered services** include seeing a **provider**:
- To diagnose and evaluate the underlying medical cause of **infertility**.
- To do **surgery** to treat the underlying medical cause of infertility. Examples are endometriosis surgery or, for men, varicocele surgery.

**Comprehensive infertility services**

**Covered services** include the following **infertility** services provided by an **infertility specialist**:
- Ovulation induction cycle(s) while on injectable medication to stimulate the ovaries
- Artificial insemination, which includes intrauterine (IUI)/intracervical (ICI) insemination
- Oral and injectable **prescription** drugs used:
  - To stimulate the ovaries
  - Primarily for treating the underlying cause of infertility

**Infertility covered services** may include either dollar or cycle limits. Your schedule of benefits will tell you which limits apply to your plan. For plans with cycle limits, a “cycle” is defined as:
- An attempt at ovulation induction while on injectable medication to stimulate the ovaries with or without artificial insemination
- An artificial insemination cycle with or without injectable medication to stimulate the ovaries
You are eligible for these **covered services** if:

- You or your partner have been diagnosed with **infertility**
- You have met the requirement for the number of months trying to conceive through egg and sperm contact
- Your unmedicated day 3 Follicle Stimulating Hormone (FSH) level and testing of ovarian responsiveness meet the criteria outlined in Aetna’s **infertility** clinical policy

**Aetna’s National Infertility Unit**

The first step to using your comprehensive **infertility covered services** is enrolling with our National Infertility Unit (NIU). Our NIU is here to help you. It is staffed by a dedicated team of registered nurses and **infertility** coordinators. They can help you with determining eligibility for benefits. They can also help your **provider** with **precertification**. You can call the NIU at 1-800-575-5999.

Your **network provider** will request approval from us in advance for your **infertility** services. If your **provider** is not a **network provider**, you are responsible to request approval from us in advance.

The following are not **covered services**:

- All **infertility** services associated with or in support of an Advanced Reproductive Technology (ART) cycle. These include, but are not limited to:
  - Imaging, laboratory services, and professional services
  - In vitro fertilization (IVF)
  - Zygote intrafallopian transfer (ZIFT)
  - Gamete intrafallopian transfer (GIFT)
  - Cryopreserved embryo transfers
  - Gestational carrier cycles
  - Any related services, products or procedures (such as intracytoplasmic sperm injection (ICSI) or ovum microsurgery).
- Cryopreservation (freezing), storage or thawing of eggs, embryos, sperm or reproductive tissue.
- All charges associated with or in support of surrogacy arrangements for you or the surrogate. A surrogate is a female carrying her own genetically related child with the intention of the child being raised by someone else, including the biological father.
- Home ovulation prediction kits or home pregnancy tests.
- The purchase of donor embryos, donor eggs or donor sperm.
- Obtaining sperm from a person not covered under this plan.
- **Infertility** treatment when a successful pregnancy could have been obtained through less costly treatment.
- **Infertility** treatment when either partner has had voluntary sterilization **surgery**, with or without surgical reversal, regardless of post reversal results. This includes tubal ligation, hysterectomy and vasectomy only if obtained as a form of voluntary sterilization.
- **Infertility** treatment when **infertility** is due to a natural physiologic process such as age related ovarian insufficiency (e.g. perimenopause, menopause) as measured by an unmedicated FSH level at or above 19 on cycle day two or three of your menstrual period.
- Treatment for dependent children.
- Injectable **infertility** medication, including but not limited to menotropins, hCG, and GnRH agonists.
Advanced reproductive technology (ART)
Advanced reproductive technology (ART), also called “assisted reproductive technology”, is a more advanced type of infertility treatment. Covered services include the following services provided by an ART specialist:

- In vitro fertilization (IVF).
- Zygote intrafallopian transfer (ZIFT).
- Gamete intrafallopian transfer (GIFT).
- Cryopreserved (frozen) embryo transfers (FET).
- Charges associated with your care when you receive a donor egg or embryo in a donor IVF cycle. These services include culture and fertilization of the egg from the donor and transfer of the embryo into you.
- Charges associated with your care when using a gestational carrier including egg retrieval and culture and fertilization of your eggs that will be transferred into a gestational carrier. Services for the gestational carrier, including transfer of the embryo into the carrier, are not covered. (See exclusions, below.)
- Oral and injectable prescription drugs used:
  - To stimulate the ovaries
  - Primarily for treating the underlying cause of infertility

ART covered services may include either dollar or cycle limits. Your schedule of benefits will tell you which limits apply to your plan. For plans with cycle limits, an ART “cycle” is defined as:

<table>
<thead>
<tr>
<th>Procedure</th>
<th>Cycle count</th>
</tr>
</thead>
<tbody>
<tr>
<td>One complete fresh IVF cycle with transfer (egg retrieval, fertilization, and transfer of embryo)</td>
<td>One full cycle</td>
</tr>
<tr>
<td>One fresh IVF cycle with attempted egg aspiration (with or without egg retrieval) but without transfer of embryo</td>
<td>One-half cycle</td>
</tr>
<tr>
<td>Fertilization of egg and transfer of embryo</td>
<td>One-half cycle</td>
</tr>
<tr>
<td>One cryopreserved (frozen) embryo transfer</td>
<td>One-half cycle</td>
</tr>
<tr>
<td>One complete GIFT cycle</td>
<td>One full cycle</td>
</tr>
<tr>
<td>One complete ZIFT cycle</td>
<td>One full cycle</td>
</tr>
</tbody>
</table>

You are eligible for ART services if:
- You or your partner have been diagnosed with infertility
- You have exhausted comprehensive infertility services benefits or have a clinical need to move on to ART procedures
- You have met the requirement for the number of months trying to conceive through egg and sperm contact
- Your unmedicated day 3 Follicle Stimulating Hormone (FSH) level and testing of ovarian responsiveness meet the criteria outlined in Aetna’s infertility clinical policy

Aetna’s National Infertility Unit
The first step to using your ART covered services is enrolling with our National Infertility Unit (NIU). Our NIU is here to help you. It is staffed by a dedicated team of registered nurses and infertility coordinators. They can help you with determining eligibility for benefits and can give you information about our infertility Institutes of Excellence™ facilities. They can also help your provider with precertification. You can call the NIU at 1-800-575-5999.

Your network provider will request approval from us in advance for your infertility services. If your provider is not a network provider, you are responsible to request approval from us in advance.
Fertility preservation
Fertility preservation involves the retrieval of mature eggs/sperm with or without the creation of embryos that are frozen for future use.

Covered services for fertility preservation are provided when:

- You are believed to be fertile
- You have planned services that are proven to result in infertility such as:
  - Chemotherapy or radiation therapy that is established in medical literature to result in infertility
  - Other gonadotoxic therapies
  - Removing the uterus
  - Removing both ovaries or testicles
- The eggs that will be retrieved for use are likely to result in a pregnancy by meeting the FSH level and ovarian responsiveness criteria outlined in Aetna’s infertility clinical policy.

Premature ovarian insufficiency
If your infertility has been diagnosed as premature ovarian insufficiency (POI), as described in our clinical policy bulletin, you are eligible for ART services using donor eggs/embryos through age 45 regardless of FSH level.

The following are not covered services:

- Cryopreservation (freezing), storage or thawing of eggs, embryos, sperm or reproductive tissue.
- All charges associated with or in support of surrogacy arrangements for you or the surrogate. A surrogate is a female carrying her own genetically related child with the intention of the child being raised by someone else, including the biological father.
- Home ovulation prediction kits or home pregnancy tests.
- The purchase of donor embryos, donor eggs or donor sperm.
- The donor’s care in a donor egg cycle. This includes, but is not limited to, screening fees, lab test fees and charges associated with donor care as part of donor egg retrievals or transfers.
- A gestational carrier’s care, including transfer of the embryo to the carrier. A gestational carrier is a woman who has a fertilized egg from another woman placed in her uterus and who carries the resulting pregnancy on behalf of another person.
- Obtaining sperm from a person not covered under this plan.
- Infertility treatment when a successful pregnancy could have been obtained through less costly treatment.
- Infertility treatment when either partner has had voluntary sterilization surgery, with or without surgical reversal, regardless of post reversal results. This includes tubal ligation, hysterectomy and vasectomy only if obtained as a form of voluntary sterilization.
- Infertility treatment when infertility is due to a natural physiologic process such as age related ovarian insufficiency (e.g. perimenopause, menopause) as measured by an unmedicated FSH level at or above 19 on cycle day two or three of your menstrual period.
- Treatment for dependent children, except for fertility preservation as described above.
- Injectable infertility medication, including but not limited to menotropins, hCG, and GnRH agonists.

Jaw joint disorder treatment
Covered services include the diagnosis and surgical treatment of jaw joint disorder by a provider, including:

- The jaw joint itself, such as temporomandibular joint dysfunction (TMJ) syndrome
- The relationship between the jaw joint and related muscle and nerves, such as myofascial pain dysfunction (MPD)

The following are not covered services:

- Non-surgical medical and dental services, and therapeutic services related to jaw joint disorder
Maternity and related newborn care

Covered services include pregnancy (prenatal) care, care after delivery and obstetrical services. After your child is born, covered services include:

- No less than 48 hours of inpatient care in a hospital after a vaginal delivery
- No less than 96 hours of inpatient care in a hospital after a cesarean delivery
- A shorter stay, if the attending physician, with the consent of the mother, discharges the mother or newborn earlier

Covered services also include services and supplies needed for circumcision by a provider.

The following are not covered services:

- Any services and supplies related to births that take place in the home or in any other place not licensed to perform deliveries

Obesity surgery and services

Obesity surgery is a type of procedure performed on people who are morbidly obese for the purpose of losing weight. Your physician will determine whether you qualify for obesity surgery.

Covered services include:

- An initial medical history and physical exam
- Diagnostic tests given or ordered during the first exam
- Outpatient prescription drugs included under the Outpatient prescription drugs section
- One obesity surgical procedure
- A multi-stage procedure when planned and approved by the plan
- Adjustments after an approved lap band procedure, including approved adjustments in an office or outpatient setting

The following are not covered services:

- Weight management treatment
- Drugs intended to decrease or increase body weight, control weight or treat obesity except as described in the booklet.
- Preventive care services for obesity screening and weight management interventions, regardless of whether there are other related conditions. This includes:
  - Drugs, stimulants, preparations, foods or diet supplements, dietary regimens and supplements, food supplements, appetite suppressants and other medications
  - Hypnosis, or other forms of therapy
- Exercise programs, exercise equipment, membership to health or fitness clubs, recreational therapy or other forms of activity or activity enhancement

Oral and maxillofacial treatment (mouth, jaws and teeth)

Covered services include the following when provided by a physician, a dentist and hospital:

- Cutting out:
  - Teeth partly or completely impacted in the bone of the jaw
  - Teeth that will not erupt through the gum
  - Other teeth that cannot be removed without cutting into bone
  - The roots of a tooth without removing the entire tooth
  - Cysts, tumors, or other diseased tissues.
- Cutting into gums and tissues of the mouth
  - Only when not associated with the removal, replacement or repair of teeth
Outpatient surgery

Covered services include services provided and supplies used in connection with outpatient surgery performed in a surgery center or a hospital's outpatient department.

Important note:
Some surgeries can be done safely in a physician’s office. For those surgeries, your plan will pay only for physician, PCP services and not for a separate fee for facilities.

The following are not covered services:
- A stay in a hospital (see Hospital care in this section)
- A separate facility charge for surgery performed in a physician’s office
- Services of another physician for the administration of a local anesthetic

Physician services

Covered services include services by your physician to treat an illness or injury. You can get services:
- At the physician’s office
- In your home
- In a hospital
- From any other inpatient or outpatient facility
- By way of telemedicine

Important note:
For behavioral health services, all in-person, covered services with a behavioral health provider are also covered services if you use telemedicine instead.

Telemedicine may have a different cost share from other physician services. See your schedule of benefits.

Other services and supplies that your physician may provide:
- Allergy testing and allergy injections
- Radiological supplies, services, and tests
- Immunizations that are not covered as preventive care

Preventive care

Preventive covered services are designed to help keep you healthy, supporting you in achieving your best health through early detection. If you need further services or testing such as diagnostic testing, you may pay more as these services aren’t preventive. If a covered service isn’t listed here under preventive care, it still may be covered under other covered services in this section. For more information, see your schedule of benefits.

The following agencies set forth the preventive care guidelines in this section:
- Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention (CDC)
- United States Preventive Services Task Force (USPSTF)
- Health Resources and Services Administration
- American Academy of Pediatrics/Bright Futures/Health Resources and Services Administration guidelines for children and adolescents

These recommendations and guidelines may be updated periodically. When updated, they will apply to this plan. The updates are effective on the first day of the year, one year after the updated recommendation or guideline is issued.
For frequencies and limits, contact your physician or us. This information is also available at https://www.healthcare.gov/.

**Important note:**
Gender-specific preventive care benefits include **covered services** described regardless of the sex you were assigned at birth, your gender identity, or your recorded gender.

**Breast-feeding support and counseling services**
**Covered services** include assistance and training in breast-feeding and counseling services during pregnancy or after delivery. Your plan will cover this counseling only when you get it from a certified breast-feeding support provider.

**Breast pump, accessories and supplies**
**Covered services** include renting or buying equipment you need to pump and store breast milk.

Coverage for the purchase of breast pump equipment is limited to one item of equipment, for the same or similar purpose, and the accessories and supplies needed to operate the item. You are responsible for the entire cost of any additional pieces of the same or similar equipment you purchase or rent for personal convenience or mobility.

**Counseling services**
**Covered services** include preventive screening and counseling by your health professional for:
- Alcohol or drug misuse
  - Preventive counseling and risk factor reduction intervention
  - Structured assessment
- Genetic risk for breast and ovarian cancer
- Obesity and healthy diet
  - Preventive counseling and risk factor reduction intervention
  - Nutritional counseling
  - Healthy diet counseling provided in connection with hyperlipidemia (high cholesterol) and other known risk factors for cardiovascular and diet-related chronic disease
- Sexually transmitted infection
- Tobacco cessation
  - Preventive counseling to help stop using tobacco products
  - Treatment visits
  - Class visits

**Family planning services – female contraceptives**
**Covered services** include family planning services as follows:
- Counseling services provided by a physician on contraceptive methods. These will be covered when you get them in either a group or individual setting.
- Contraceptive devices (including any related services or supplies) when they are provided, administered, or removed by a physician during an office visit.
- Voluntary sterilization including charges billed separately by the provider for female voluntary sterilization procedures and related services and supplies. This also could include tubal ligation and sterilization implants.

The following are not preventive **covered services**:  
- Services provided as a result of complications resulting from a voluntary sterilization procedure and related follow-up care
- Any contraceptive methods that are only “reviewed” by the FDA and not “approved” by the FDA
- Male contraceptive methods, sterilization procedures or devices
Immunizations
Covered services include preventive immunizations for infectious diseases.

The following are not preventive covered services:
- Immunizations that are not considered preventive care, such as those required due to your employment or travel

Prenatal care
Covered services include your routine pregnancy physical exams at the physician, PCP, OB, GYN or OB/GYN office. The exams include initial and subsequent visits for:
- Anemia screening
- Blood pressure
- Chlamydia infection screening
- Fetal heart rate check
- Fundal height
- Gestational diabetes screening
- Gonorrhea screening
- Hepatitis B screening
- Maternal weight
- Rh incompatibility screening

Risk reducing breast cancer prescription drugs
Covered services include prescription drugs used to treat people who are at an increased risk for breast cancer and a low risk for adverse medication side effects. You will need a prescription from your provider and have it filled at a network pharmacy.

Routine cancer screenings
Covered services include the following routine cancer screenings:
- Colonoscopies including pre-procedure specialist consultation, removal of polyps during a screening procedure, and a pathology exam on any removed polyp
- Digital rectal exams (DRE)
- Double contrast barium enemas (DCBE)
- Fecal occult blood tests (FOBT)
- Lung cancer screenings
- Mammograms
- Prostate specific antigen (PSA) tests
- Sigmoidoscopies
Routine physical exams
A routine preventive exam is a medical exam given for a reason other than to diagnose or treat a suspected or identified illness or injury and also includes:
- Evidence-based items that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force.
- Services as recommended in the American Academy of Pediatrics/Bright Futures/Health Resources and Services Administration guidelines for children and adolescents.
- Screenings and counseling services as provided for in the comprehensive guidelines recommended by the Health Resources and Services Administration. These services may include but are not limited to:
  - Screening and counseling services on topics such as:
    - Interpersonal and domestic violence
    - Sexually transmitted diseases
    - Human immune deficiency virus (HIV) infections
  - High risk human papillomavirus (HPV) DNA testing for women

Covered services include:
- Office visit to a physician
- Hearing screening
- Vision screening
- Radiological services, lab and other tests
- For covered newborns, an initial hospital checkup

Well woman preventive visits
A routine well woman preventive exam is a medical exam given for a reason other than to diagnose or treat a suspected or identified illness or injury and also includes:
- Office visit to a physician, PCP, OB, GYN or OB/GYN for services including Pap smears
- Preventive care breast cancer (BRCA) gene blood testing
- Screening for diabetes after pregnancy for women with a history of diabetes during pregnancy
- Screening for urinary incontinence

Private duty nursing - outpatient
Covered services include private duty nursing care, ordered by a physician and provided by an R.N. or L.P.N. when:
- You are homebound
- Your physician orders services as part of a written treatment plan
- Services take the place of a hospital or skilled nursing facility stay
- Your condition is serious, unstable, and requires continuous skilled 1-on-1 nursing care
- Periodic skilled nursing visits are not adequate

The following are not covered services:
- Inpatient private duty nursing care
- Care provided outside the home
- Maintenance or custodial care
- Care for your convenience or the convenience of the family caregiver
Prosthetic device
A prosthetic device is a device that temporarily or permanently replaces all or part of an external body part lost or impaired as a result of illness, injury or congenital defects.

Covered services include the initial provision and subsequent replacement of a prosthetic device that your physician orders and administers.

Coverage includes:
- Instruction and other services (such as attachment or insertion) so you can properly use the device
- Repairing or replacing the original device you outgrow or that is no longer appropriate because your physical condition changed
- Replacements required by ordinary wear and tear or damage

You may receive a prosthetic device as part of another covered service and therefore it will not be covered under this benefit.

The following are not covered services:
- Orthopedic shoes and therapeutic shoes, unless the orthopedic shoe is an integral part of a covered leg brace
- Trusses, corsets, and other support items
- Repair and replacement due to loss, misuse, abuse or theft

Reconstructive breast surgery and supplies
Covered services include all stages of reconstructive surgery by your provider and related supplies provided in an inpatient or outpatient setting only in the following circumstances:
- Your surgery reconstructs the breast where a necessary mastectomy was performed, such as an implant and areolar reconstruction. It also includes:
  - Surgery on a healthy breast to make it symmetrical with the reconstructed breast
  - Treatment of physical complications of all stages of the mastectomy, including lymphedema
  - Prostheses

Reconstructive surgery and supplies
Covered services include all stages of reconstructive surgery by your provider and related supplies provided in an inpatient or outpatient setting only in the following circumstances:
- Your surgery is to implant or attach a covered prosthetic device.
- Your surgery corrects a gross anatomical defect present at birth. The surgery will be covered if:
  - The defect results in severe facial disfigurement or major functional impairment of a body part
  - The purpose of the surgery is to improve function
- Your surgery is needed because treatment of your illness resulted in severe facial disfigurement or major functional impairment of a body part, and your surgery will improve function.

Covered services also include the procedures or surgery to sound natural teeth injured due to an accident and performed as soon as medically possible, when:
- The teeth were stable, functional and free from decay or disease at the time of the injury.
- The surgery or procedure returns the injured teeth to how they functioned before the accident.

These dental related services are limited to:
- The first placement of a permanent crown or cap to repair a broken tooth
- The first placement of dentures or bridgework to replace lost teeth
- Orthodontic therapy to pre-position teeth
Short-term cardiac and pulmonary rehabilitation services

Cardiac rehabilitation
Covered services include cardiac rehabilitation services you receive at a hospital, skilled nursing facility or physician’s office, but only if those services are part of a treatment plan determined by your risk level and ordered by your physician.

Pulmonary rehabilitation
Covered services include pulmonary rehabilitation services as part of your inpatient hospital stay if they are part of a treatment plan ordered by your physician. A course of outpatient pulmonary rehabilitation may also be covered if it is performed at a hospital, skilled nursing facility, or physician’s office, is used to treat reversible pulmonary disease states, and is part of a treatment plan ordered by your physician.

Short-term rehabilitation services
Short-term rehabilitation services help you restore or develop skills and functioning for daily living. The services must follow a specific treatment plan, ordered by your physician. The services have to be performed by a:

- Licensed or certified physical, occupational, or speech therapist
- Hospital, skilled nursing facility, or hospice facility
- Home health care agency
- Physician

Covered services include:

- Spinal manipulation to correct a muscular or skeletal problem. Your provider must establish or approve a treatment plan that details the treatment and specifies frequency and duration.

Cognitive rehabilitation, physical, occupational, and speech therapy
Covered services include:

- Physical therapy, but only if it is expected to significantly improve or restore physical functions lost as a result of an acute illness, injury, or surgical procedure
- Occupational therapy, but only if it is expected to do one of the following:
  - Significantly improve, develop, or restore physical functions you lost as a result of an acute illness, injury, or surgical procedure
  - Help you relearn skills so you can significantly improve your ability to perform the activities of daily living on your own
- Speech therapy, but only if it is expected to do one of the following:
  - Significantly improve or restore lost speech function or correct a speech impairment resulting from an acute illness, injury, or surgical procedure
  - Improve delays in speech function development caused by a gross anatomical defect present at birth (Speech function is the ability to express thoughts, speak words and form sentences. Speech impairment is difficulty with expressing one’s thoughts with spoken words.)
- Cognitive rehabilitation associated with physical rehabilitation, but only when:
  - Your cognitive deficits are caused by neurologic impairment due to trauma, stroke, or encephalopathy
  - The therapy is coordinated with us as part of a treatment plan intended to restore previous cognitive function

Short-term physical, speech and occupational therapy services provided in an outpatient setting are subject to the same conditions and limitations for outpatient short-term rehabilitation services. See the Short-term rehabilitation services section in the schedule of benefits.
The following are not covered services:

- Services provided in an educational or training setting or to teach sign language
- Vocational rehabilitation or employment counseling

Skilled nursing facility
Covered services include precertified inpatient skilled nursing facility care. This includes:

- Room and board, up to the semi-private room rate
- Services and supplies provided during a stay in a skilled nursing facility

Tests, images and labs
Diagnostic complex imaging services
Covered services include:

- Computed tomography (CT) scans, including for preoperative testing
- Magnetic resonance imaging (MRI) including magnetic resonance spectroscopy (MRS), magnetic resonance venography (MRV) and magnetic resonance angiogram (MRA)
- Nuclear medicine imaging including positron emission tomography (PET) scans
- Other imaging service where the billed charge exceeds $500

Complex imaging for preoperative testing is covered under this benefit.

Diagnostic lab work
Covered services include:

- Lab
- Pathology
- Other tests

These are covered only when you get them from a licensed radiology provider or lab.

Diagnostic x-ray and other radiological services
Covered services include x-rays, scans and other services (but not complex imaging) only when you get them from a licensed radiology provider. See Diagnostic complex imaging services above for more information.

Therapies — chemotherapy, GCIT, infusion, radiation
Chemotherapy
Covered services for chemotherapy depend on where treatment is received. In most cases, chemotherapy is covered as outpatient care. However, your hospital benefit covers the initial dose of chemotherapy after a cancer diagnosis during a hospital stay.

Gene-based, cellular and other innovative therapies (GCIT)
Covered services include GCIT provided by a physician, hospital or other provider.

Key Terms
Here are some key terms we use in this section. These will help you better understand GCIT.

Gene
A gene is a unit of heredity which is transferred from a parent to child and is thought to determine some feature of the child.
Molecular
Molecular means relating to or consisting of molecules. A molecule is a group of atoms bonded together, making the smallest vital unit of a chemical compound that can take part in a chemical reaction.

Therapeutic
Therapeutic means a treatment, therapy, or drug meant to have a good effect on the body or mind; adding to a sense of well-being.

GCIT are defined as any services that are:
- Gene-based
- Cellular and innovative therapeutics

The services have a basis in genetic/molecular medicine and are not covered under the Institutes of Excellence™ (IOE) programs. We call these “GCIT services.”

GCIT covered services include:
- Cellular immunotherapies.
- Genetically modified viral therapy.
- Other types of cells and tissues from and for use by the same person (autologous) and cells and tissues from one person for use by another person (allogenic) for treatment of certain conditions.
- All human gene-based therapy that seeks to change the usual function of a gene or alter the biologic properties of living cells for therapeutic use. Examples include therapies using:
  - Luxturna® (Voretigene neparvovec)
  - Zolgensma® (Onasemnogene abeparvovec-xioi)
  - Spinraza® (Nusinersen)
- Products derived from gene editing technologies, including CRISPR-Cas9.
- Oligonucleotide-based therapies. Examples include:
  - Antisense. An example is Spinraza (Nusinersen).
  - siRNA.
  - mRNA.
  - microRNA therapies.

Facilities/providers for gene-based, cellular and other innovative therapies
We designate facilities to provide GCIT services or procedures. GCIT physicians, hospitals and other providers are GCIT-designated facilities/providers for Aetna and CVS Health.

Important note:
The amount you will pay for GCIT covered services depends on where you get the care. Your cost share will be lower when you get GCIT covered services from the facility/provider we designate. Covered services received from a GCIT-designated facility/provider are subject to the network copayment, payment percentage, deductible, maximum out-of-pocket and limits, unless otherwise stated in this booklet and the schedule of benefits.

You may also get GCIT covered services from a non-designated facility/provider, but your cost share will be higher. Covered services received from a non-designated GCIT facility/provider are subject to the out-of-network copayment, payment percentage, deductible, maximum out-of-pocket, and limits, unless otherwise stated in this booklet and the schedule of benefits. If there are no GCIT-designated facilities/providers assigned in your network it’s important that you contact us so we can help you determine if there are other facilities that may meet your needs.
Infusion therapy
Infusion therapy is the intravenous (IV) administration of prescribed medications or solutions. Covered services include infusion therapy you receive in an outpatient setting including but not limited to:
- A freestanding outpatient facility
- The outpatient department of a hospital
- A physician’s office
- Your home from a home care provider

You can access the list of preferred infusion locations by contacting us.

When Infusion therapy services and supplies are provided in your home, they will not count toward any applicable home health care maximums.

Radiation therapy
Covered services include the following radiology services provided by a health professional:
- Accelerated particles
- Gamma ray
- Mesons
- Neutrons
- Radioactive isotopes
- Radiological services
- Radium

Transplant services
Covered services include transplant services provided by a physician and hospital.

This includes the following transplant types:
- Solid organ
- Hematopoietic stem cell
- Bone marrow
- CAR-T and T Cell receptor therapy for FDA-approved treatments
- Thymus tissue for FDA-approved treatments

Covered services also include:
- Travel and lodging expenses
  - If you are working with an Institutes of Excellence™ (IOE) facility that is 100 or more miles away from where you live, travel and lodging expenses are covered services for you and a companion, to travel between home and the IOE facility
  - Coach class air fare, train or bus travel are examples of covered services

Network of transplant facilities
We designate facilities to provide specific services or procedures. They are listed as Institutes of Excellence™ (IOE) facilities in your provider directory.

The amount you will pay for covered transplant services depends on where you get the care. Your cost share will be lower when you get transplant services from the facility we designate to perform the transplant you need. Transplant services received from an IOE facility are subject to the network copayment, payment percentage, deductible, maximum out-of-pocket and limits, unless stated differently in this booklet and schedule of benefits. You may also get transplant services at a non-IOE facility, but your cost share will be higher. Transplant services received from a non-IOE facility are subject to the out-of-network copayment, payment percentage, deductible, maximum out-of-pocket, and limits, unless stated differently in this booklet and schedule of benefits.
Important note:
If there are no IOE facilities assigned to perform your transplant type in your network, it’s important that you contact us so we can help you determine if there are other facilities that may meet your needs. If you don’t get your transplant services at the facility we designate, your cost share will be higher.

Many pre and post transplant medical services, even routine ones, are related to and may affect the success of your transplant. If your transplant care is being coordinated by the National Medical Excellence® (NME) program, all medical services must be managed through NME so that you receive the highest level of benefits at the appropriate facility. This is true even if the covered service is not directly related to your transplant.

The following are not covered services:
• Services and supplies furnished to a donor when the recipient is not a covered person
• Harvesting and storage of organs, without intending to use them for immediate transplantation for your existing illness
• Harvesting and/or storage of bone marrow, hematopoietic stem cells, or other blood cells without intending to use them for transplantation within 12 months from harvesting, for an existing illness

Urgent care services
Covered services include services and supplies to treat an urgent condition at an urgent care center. An “urgent care center” is a facility licensed as a freestanding medical facility to treat urgent conditions. Urgent conditions need prompt medical attention but are not life-threatening.

If you need care for an urgent condition, you should first seek care through your physician, PCP. If your physician, PCP is not reasonably available to provide services, you may access urgent care from an urgent care facility.

If you go to an urgent care center for what is not an urgent condition, the plan may not cover your expenses. See the schedule of benefits for more information.

Covered services include services and supplies to treat an urgent condition at an urgent care center as described below:
• Urgent condition within the network (in-network)
  – If you need care for an urgent condition, you should first seek care through your physician, PCP. If your physician is not reasonably available, you may access urgent care from an urgent care center that is in-network.
• Urgent condition outside the network (out-of-network)
  – You are covered for urgent care obtained from a facility that is out-of-network if you are temporarily unable to get services in-network and getting the health care service cannot be delayed.

The following are not covered services:
• Non-urgent care in an urgent care center

Walk-in clinic
Covered services include, but are not limited to, health care services provided at a walk-in clinic for:
• Scheduled and unscheduled visits for illnesses and injuries that are not emergency medical conditions
• Preventive care immunizations administered within the scope of the clinic’s license
General plan exclusions

The following are not covered services under your plan:

**Behavioral health treatment**
Services for the following based on categories, conditions, diagnoses or equivalent terms as listed in the most recent version of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association:

- **Stay** in a facility for treatment for dementia and amnesia without a behavioral disturbance that necessitates mental health treatment
- School and/or education service, including special education, remedial education, wilderness treatment programs, or any such related or similar programs
- Services provided in conjunction with school, vocation, work or recreational activities
- Transportation
- Sexual deviations and disorders except for gender identity disorders
- Tobacco use disorders and nicotine dependence except as described in the *Coverage and exclusions - Preventive care* section
- Pathological gambling, kleptomania, and pyromania
- Specific developmental disorders of scholastic skills (learning disorders/learning disabilities)
- Specific developmental disorder of motor functions
- Specific developmental disorders of speech and language
- Other disorders of psychological development

**Blood, blood plasma, synthetic blood, blood derivatives or substitutes**
Examples of these are:

- The provision of blood to the hospital, other than blood derived clotting factors
- Any related services including processing, storage or replacement expenses
- The service of blood donors, including yourself, apheresis or plasmapheresis
- The blood you donate for your own use, excluding administration and processing expenses and except where described in the *Coverage and exclusions, Transplant services* section

**Cosmetic services and plastic surgery**
Any treatment, surgery (cosmetic or plastic), service or supply to alter, improve or enhance the shape or appearance of the body, whether or not for psychological or emotional reasons, except where described in *Coverage and exclusions* under the *Reconstructive breast surgery and supplies* and *Reconstructive surgery and supplies* sections

**Cost share waived**
Any cost for a service when any out-of-network provider waives all or part of your copayment, payment percentage, deductible, or any other amount

**Court-ordered services and supplies**
This includes court-ordered services and supplies, or those required as a condition of parole, probation, release or because of any legal proceeding, unless they are a covered service under your plan
Custodial care
Services and supplies meant to help you with activities of daily living or other personal needs.
Examples of these are:
- Routine patient care such as changing dressings, periodic turning and positioning in bed
- Administering oral medications
- Care of stable tracheostomy (including intermittent suctioning)
- Care of a stable colostomy/ileostomy
- Care of stable gastrostomy/jejunostomy/nasogastric tube (intermittent or continuous) feedings
- Care of a bladder catheter, including emptying or changing containers and clamping tubing
- Watching or protecting you
- Respite care, adult or child day care, or convalescent care
- Institutional care, including room and board for rest cures, adult day care and convalescent care
- Help with walking, grooming, bathing, dressing, getting in or out of bed, going to the bathroom, eating, or preparing foods
- Any other services that a person without medical or paramedical training could be trained to perform

Dental services
The following are not covered services:
- Services normally covered under a dental plan
- Dental implants

Educational services
Examples of these are:
- Any service or supply for education, training or retraining services or testing. This includes:
  - Special education
  - Remedial education
  - Wilderness treatment programs (whether or not the program is part of a residential treatment facility or otherwise licensed institution)
  - Job training
  - Job hardening programs
- Educational services, schooling or any such related or similar program, including therapeutic programs within a school setting.

Examinations
Any health or dental examinations needed:
- Because a third party requires the exam. Examples include examinations to get or keep a job, and examinations required under a labor agreement or other contract.
- To buy coverage or to get or keep a license.
- To travel
- To go to a school, camp, sporting event, or to join in a sport or other recreational activity.

Experimental or investigational
Experimental or investigational drugs, devices, treatments or procedures unless otherwise covered under clinical trials.
Foot care
Routine services and supplies for the following:
- Routine pedicure services, such as routine cutting of nails, when there is no illness or injury in the nails
- Supplies (including orthopedic shoes), ankle braces, guards, protectors, creams, ointments and other equipment, devices and supplies
- Treatment of calluses, bunions, toenails, hammertoes or fallen arches
- Treatment of weak feet, chronic foot pain or conditions caused by routine activities, such as walking, running, working, or wearing shoes

Growth/height care
- A treatment, device, drug, service or supply to increase or decrease height or alter the rate of growth
- Surgical procedures, devices and growth hormones to stimulate growth

Hearing aids
Any tests, appliances and devices to:
- Improve your hearing
- Enhance other forms of communication to make up for hearing loss or devices that simulate speech

Hearing exams
Hearing exams performed for the evaluation and treatment of illness, injury or hearing loss.

Jaw joint disorder treatment
Surgical and non-surgical medical, dental, diagnostic or therapeutic services related to jaw joint disorder

Maintenance care
Care made up of services and supplies that maintain, rather than improve, a level of physical or mental function, except for habilitation therapy services

Medical supplies – outpatient disposable
Any outpatient disposable supply or device. Examples of these include:
- Sheaths
- Bags
- Elastic garments
- Support hose
- Bandages
- Bedpans
- Home test kits not related to diabetic testing
- Splints
- Neck braces
- Compresses
- Other devices not intended for reuse by another patient

Missed appointments
Any cost resulting from a canceled or missed appointment
Nutritional support
Any food item, including:
- Infant formulas
- Nutritional supplements
- Vitamins
- Prescription vitamins
- Medical foods
- Other nutritional items

Oral and maxillofacial (treatment of mouth, jaws and teeth)
Surgical and non-surgical medical, dental, diagnostic or therapeutic services related to treatment of the mouth, jaws and teeth

Other non-covered services
- Services you have no legal obligation to pay
- Services that would not otherwise be charged if you did not have the coverage under the plan

Other primary payer
Payment for a portion of the charges that Medicare or another party is responsible for as the primary payer

Personal care, comfort or convenience items
Any service or supply primarily for your convenience and personal comfort or that of a third party

Prescription or non-prescription drugs and medicines - outpatient
- Drugs that are included on the list of specialty prescription drugs as covered under your outpatient prescription drug plan

Routine exams
Routine physical exams, routine eye exams, routine dental exams, routine hearing exams and other preventive services and supplies, except as specifically provided in the Coverage and exclusions section

Services provided by a family member
Services provided by a spouse, civil union partner, domestic partner, parent, child, stepchild, brother, sister, in-law, or any household member

Services, supplies and drugs received outside of the United States
Non-emergency medical services, outpatient prescription drugs or supplies received outside of the United States. They are not covered even if they are covered in the United States under this booklet.

Sexual dysfunction and enhancement
Any treatment, prescription drug, or supply to treat sexual dysfunction, enhance sexual performance or increase sexual desire, including:
- Surgery, prescription drugs, implants, devices or preparations to correct or enhance erectile function, enhance sensitivity or alter the shape of a sex organ
- Sex therapy, sex counseling, marriage counseling, or other counseling or advisory services
Strength and performance
Services, devices and supplies such as drugs or preparations designed primarily to enhance your strength, physical condition, endurance or physical performance

Telemedicine
- Services given when you are not present at the same time as the provider
- Services including:
  - Telephone calls
  - Telemedicine kiosks
  - Electronic vital signs monitoring or exchanges, (e.g. Tele-ICU, Tele-stroke)

Therapies and tests
- Full body CT scans
- Hair analysis
- Hypnosis and hypnotherapy
- Massage therapy, except when used for physical therapy treatment
- Sensory or hearing and sound integration therapy

Tobacco cessation
Any treatment, drug, service or supply to stop or reduce smoking or the use of other tobacco products or to treat or reduce nicotine addiction, dependence or cravings, including, medications, nicotine patches and gum unless recommended by the United States Preventive Services Task Force (USPSTF). This also includes:
- Counseling, except as specifically provided in the Covered services and exclusions section
- Hypnosis and other therapies
- Medications, except as specifically provided in the Covered services and exclusions section
- Nicotine patches
- Gum

Treatment in a federal, state, or governmental entity
Any care in a hospital or other facility owned or operated by any federal, state or other governmental entity unless coverage is required by applicable laws

Voluntary sterilization
- Reversal of voluntary sterilization procedures, including related follow-up care

Wilderness treatment programs
See Educational services in this section

Work related illness or injuries
Coverage available to you under workers’ compensation or a similar program under local, state or federal law for any illness or injury related to employment or self-employment

Important note:
A source of coverage or reimbursement is considered available to you even if you waived your right to payment from that source. You may also be covered under a workers’ compensation law or similar law. If you submit proof that you are not covered for a particular illness or injury under such law, then that illness or injury will be considered “non-occupational” regardless of cause.
How your plan works

How your medical plan works while you are covered in-network

Your in-network coverage:

- Helps you get and pay for a lot of – but not all – health care services

Your cost share is lower when you use a network provider.

Providers

Our provider network is there to give you the care you need. You can find network providers and see important information about them by logging in to your member website. There you’ll find our online provider directory. See the Contact us section for more information.

You may choose a PCP to oversee your care. Your PCP will provide routine care and send you to other providers when you need specialized care. You don’t have to get care through your PCP. You may go directly to network providers. Your plan may pay a bigger share for covered services you get through your PCP, so choose a PCP as soon as you can.

For more information about the network and the role of your PCP, see the Who provides the care section.

Service area

Your plan generally pays for covered services only within a specific geographic area, called a service area. There are some exceptions, such as for emergency services, urgent care, and transplant services.

See the Who provides the care section below.

How your medical plan works while you are covered out-of-network

With your out-of-network coverage:

- You can get care from providers who are not part of the Aetna network and from network providers without a PCP referral
- You may have to pay the full cost for your care, and then submit a claim to be reimbursed
- You are responsible to get any required precertification
- Your cost share will be higher

Keeping a provider you go to now (continuity of care)

You may have to find a new provider when:

- You join the plan and the provider you have now is not in the network
- You are already an Aetna member and your provider stops being in our network

However, in some cases, you may be able to keep going to your current provider to complete a treatment or to have treatment that was already scheduled. This is called continuity of care.

If this situation applies to you, contact us for details. If we approve your request to keep going to your current provider, we will tell you how long you can continue to see the provider. If you are pregnant and have entered your second trimester, this will include the time required for postpartum care directly related to the delivery.

We will authorize coverage only if the provider agrees to our usual terms and conditions for contracting providers.
Who provides the care

Network providers
We have contracted with providers in the service area to provide covered services to you. These providers make up the network for your plan.

To get network benefits, you must use network providers. There are some exceptions:

- Emergency services – see the description of emergency services in the Coverage and exclusions section.
- Urgent care – see the description of urgent care in the Coverage and exclusions section.
- Transplants – see the description of transplant services in the Coverage and exclusions section.

You may select a network provider from the online directory through your member website.

You will not have to submit claims for services received from network providers. Your network provider will take care of that for you. And we will pay the network provider directly for what the plan owes.

Your PCP
We encourage you to get covered services through a PCP. They will provide you with primary care.

How you choose your PCP
You can choose a PCP from the list of PCPs in our directory.

Each covered family member is encouraged to select a PCP. You may each choose a different PCP. You should select a PCP for your covered dependent if they are a minor or cannot choose a PCP on their own.

What your PCP will do for you
Your PCP will coordinate your medical care or may provide treatment. They may send you to other network providers.

Changing your PCP
You may change your PCP at any time by contacting us.

Medical necessity and precertification requirements
Your plan pays for its share of the expense for covered services only if the general requirements are met. They are:

- The service is medically necessary
- For in-network benefits, you get the service from a network provider
- You or your provider precertifies the service when required

Medically necessary, medical necessity
The medical necessity requirements are in the Glossary section, where we define “medically necessary, medical necessity.” That is where we also explain what our medical directors or a physician they assign consider when determining if a service is medically necessary.

Important note:
We cover medically necessary, sex-specific covered services regardless of identified gender.
What the plan pays and what you pay

Who pays for your covered services – this plan, both of us, or just you? That depends.

The general rule

The schedule of benefits lists what you pay for each type of covered service. In general, this is how your benefit works:

- You pay the deductible, when it applies.
- Then the plan and you share the expense. Your share is called a copayment or payment percentage.
- Then the plan pays the entire expense after you reach your maximum out-of-pocket limit.

When we say “expense” in this general rule, we mean the negotiated charge for a network provider, and recognized charge for an out-of-network provider.

Negotiated charge

For health coverage:
This is the amount a network provider has agreed to accept or that we have agreed to pay them or a third party vendor (including any administrative fee in the amount paid).

Some providers are part of Aetna’s network for some Aetna plans but are not considered network providers for your plan. For those providers, the negotiated charge is the amount that provider has agreed to accept for rendering services or providing prescription drugs to members of your plan.

We may enter into arrangements with network providers or others related to:
- The coordination of care for members
- Improving clinical outcomes and efficiencies

Some of these arrangements are called:
- Value-based contracting
- Risk sharing
- Accountable care arrangements

These arrangements will not change the negotiated charge under this plan.

For prescription drug services:
When you get a prescription drug, we have agreed to this amount for the prescription or paid this amount to the network pharmacy or third party vendor that provided it. The negotiated charge may include a rebate, additional service or risk charges and administrative fees. It may include additional amounts paid to or received from third parties under price guarantees.
Recognized charge
The amount of an out-of-network provider’s charge that is eligible for coverage. You are responsible for all amounts above what is eligible for coverage.

If your ID card displays the National Advantage Program (NAP) logo your cost may be lower when you get care from a NAP provider. Through NAP, the recognized charge is determined as follows:

- If your service was received from a NAP provider, a pre-negotiated charge will be paid. NAP providers are out-of-network providers that have contracts with Aetna, directly or through third-party vendors, that include a pre-negotiated charge for services. NAP providers are not network providers.
- If your service was not received from a NAP provider, a claim specific rate or discount may be negotiated by Aetna or a third-party vendor.

If your claim is not paid as outlined above, the recognized charge for specific services or supplies will be the out-of-network plan rate, calculated in accordance with the following:

<table>
<thead>
<tr>
<th>Service or Supply</th>
<th>Out-of-Network Plan Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Professional services</td>
<td>An amount determined by Aetna, or its third-party vendors, based on data resources selected by Aetna, reflecting typical competitive charges and/or payments for a service, adjusted for the geographic area in which the service was provided.</td>
</tr>
<tr>
<td>Inpatient and outpatient charges of hospitals</td>
<td>Facility Charge Review</td>
</tr>
<tr>
<td>Inpatient and outpatient charges of facilities other than hospitals</td>
<td></td>
</tr>
</tbody>
</table>

Important note: If the provider bills less than the amount calculated using the out-of-network plan rate described above, the recognized charge is what the provider bills.

In the event you receive a balance bill from a provider for your out-of-network service, Patient Advocacy Services may be available to assist you in certain circumstances.

If NAP does not apply to you, the recognized charge for specific services or supplies will be the out-of-network plan rate set forth in the above chart.

The out-of-network plan rate does not apply to involuntary services. Involuntary services are services or supplies that are one of the following:

- Performed at a network facility by an out-of-network provider, unless that out-of-network provider is an assistant surgeon for your surgery
- Not available from a network provider
- Emergency services

We will calculate your cost share for involuntary services in the same way as we would if you received the services from a network provider.
Special terms used

- Facility charge review (FCR) rate is an amount that we determine is enough to cover the facility provider’s estimated costs for the service and leave the facility provider with a reasonable profit. For hospitals and other facilities that report costs (or cost-to-charge ratios) to CMS, the FCR rate is based on what the facilities report to CMS. For facilities that do not report costs (or cost-to-charge ratios) to CMS, the FCR rate is based on statewide averages of the facilities that do report to CMS. We may adjust the formula as needed to maintain the reasonableness of the recognized charge. For example, we may make an adjustment if we determine that in a particular state the charges of ambulatory surgery centers (or another class of facility) are much higher than charges of facilities that report costs (or cost-to-charge ratios) to CMS.

- Geographic area is normally based on the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider geographic area such as an entire state.

Our reimbursement policies
We reserve the right to apply our reimbursement policies to all out-of-network services including involuntary services. Our reimbursement policies may affect the recognized charge.

These policies consider:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow-up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or related to the primary service provided
- The educational level, licensure or length of training of the provider

Our reimbursement policies may consider:

- The Centers for Medicare and Medicaid Services’ (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice
- The views of physicians and dentists practicing in the relevant clinical areas
- Aetna’s own data and/or databases and methodologies maintained by third parties.

We use commercial software to administer some of these policies. The policies may be different for professional services and facility services.

Get the most value out of your benefits
We have online tools to help you decide where to get care. Use the “Estimate the Cost of Care” tool on Aetna member website. Aetna’s secure member website at www.aetna.com may contain additional information that can help you determine the cost of a service or supply. Log on to Aetna member website to access the “Estimate the Cost of Care” feature. Within this feature, view our “Cost of Care” and “Cost Estimator” tools.
Paying for covered services – the general requirements
There are several general requirements for the plan to pay any part of the expense for a covered service. For in-network coverage, they are:

- The service is medically necessary
- You get your care from a network provider
- You or your provider precertifies the service when required

For out-of-network coverage:
- The service is medically necessary
- You get your care from an out-of-network provider
- You or your provider precertifies the service when required

Generally, your plan and you share the cost for covered services when you meet the general requirements. But sometimes your plan will pay the entire expense, and sometimes you will. For details, see your schedule of benefits and the information below.

You pay the entire expense when:

- You get services or supplies that are not medically necessary.
- Your plan requires precertification, your physician requests it, we deny it and you get the services without precertification.
- You get care from an out-of-network provider and the provider waives all or part of your cost share.

In all these cases, the provider may require you to pay the entire charge. Any amount you pay will not count towards your deductible or your maximum out-of-pocket limit.

Where your schedule of benefits fits in
The schedule of benefits shows any out-of-pocket costs you are responsible for when you receive covered services and any benefit limitations that apply to your plan. It also shows any maximum out-of-pocket limits that apply.

Limitations include things like maximum age, visits, days, hours, and admissions. Out-of-pocket costs include things like deductibles, copayments and coinsurance.

Keep in mind that you are responsible for paying your part of the cost sharing. You are also responsible for costs not covered under this plan.

Coordination of benefits
Some people have health coverage under more than one health plan. If you do, we will work with your other plan to decide how much each plan pays. This is called coordination of benefits (COB).
**Key Terms**
Here are some key terms we use in this section. These will help you understand this COB section.

Allowable expense means a health care expense that any of your health plans cover.

In this section when we talk about “plan” through which you may have other coverage for health care expenses we mean:
- Group or non-group, blanket, or franchise health insurance policies issued by insurers, HMOs, or health care service contractors
- Labor-management trustee plans, labor organization plans, employer organization plans, or employee benefit organization plans
- An automobile insurance policy
- Medicare or other government benefits
- Any contract that you can obtain or maintain only because of membership in or connection with a particular organization or group

**How COB works**
- When this is your primary plan, we pay your medical claims first as if there is no other coverage.
- When this is your secondary plan:
  - We pay benefits after the primary plan and reduce our payment based on any amount the primary plan paid.
  - Total payments from this plan and your other coverage will never add up to more than 100% of the allowable expenses.
  - Each family member has a separate benefit reserve for each year. The benefit reserve balance is:
    - The amount that the secondary plan saved due to COB
    - Used to cover any unpaid allowable expenses
    - Erased at the end of the year

**Determining who pays**
The basic rules are listed below. Reading from top to bottom the first rule that applies will determine which plan is primary and which is secondary. Contact us if you have questions or want more information.

A plan that does not contain a COB provision is always the primary plan.

<table>
<thead>
<tr>
<th>COB rule</th>
<th>Primary Plan</th>
<th>Secondary plan</th>
</tr>
</thead>
<tbody>
<tr>
<td>Non-dependent or dependent</td>
<td>Plan covering you as an employee, retired employee or subscriber (not as a dependent)</td>

</table>

**How COB works with Medicare**

If your other coverage is under Medicare, federal laws explain whether Medicare will pay first or second. COB with Medicare will always follow federal requirements. Contact us if you have any questions about this.

When you are eligible for Medicare, we coordinate the benefits we pay with the benefits that Medicare pays. Sometimes, this plan pays benefits before Medicare pays. Sometimes, this plan pays benefits after Medicare or after an amount that Medicare would have paid if you had been covered.

You are eligible for Medicare if you are covered under it.

**Effect of prior plan coverage**

If you are in a continuation period from a prior plan at the time you join this plan you may not receive the full benefit paid under this plan. See the schedule of benefits for more information.

Your current and prior plan must be offered through the same employer.

**Other health coverage updates – contact information**

You should contact us if you have any changes to your other coverage. We want to be sure our records are accurate so your claims are processed correctly.

**Our rights**

We have the right to:

- Release or obtain any information we need for COB purposes, including information we need to recover any payments from your other health plans
- Reimburse another health plan that paid a benefit we should have paid
- Recover any excess payment from a person or another health plan, if we paid more than we should have paid
**Benefit payments and claims**
A claim is a request for payment that you or your health care provider submits to us when you want or get covered services. There are different types of claims. You or your provider may contact us at various times, to make a claim, to request approval, or payment, for your benefits. This can be before you receive your benefit, while you are receiving benefits and after you have received the benefit.

It is important that you carefully read the previous sections within How your plan works. When a claim comes in, we review it, make a decision and tell you how you and we will split the expense. The amount of time we have to tell you about our decision on a claim depends on the type of claim.

**Claim type and timeframes**

**Urgent care claim**
An urgent claim is one for which the doctor treating you decides a delay in getting medical care could put your life or health at risk. Or a delay might put your ability to regain maximum function at risk. It could also be a situation in which you need care to avoid severe pain. We will make a decision within 24 hours.

If you are pregnant, an urgent claim also includes a situation that can cause serious risk to the health of your unborn baby.

**Pre-service claim**
A pre-service claim is a claim that involves services you have not yet received and which we will pay for only if we precertify them. We will make a decision within 15 days.

**Post-service claim**
A post-service claim is a claim that involves health care services you have already received. We will make a decision within 30 days.

**Concurrent care claim extension**
A concurrent care claim extension occurs when you need us to approve more services than we already have approved. Examples are extending a hospital stay or adding a number of visits to a provider. You must let us know you need this extension 24 hours before the original approval ends. We will have a decision within 24 hours for an urgent request. You may receive the decision for a non-urgent request within 15 days.

**Concurrent care claim reduction or termination**
A concurrent care claim reduction or termination occur when we decide to reduce or stop payment for an already approved course of treatment. We will notify you of such a determination. You will have enough time to file an appeal. Your coverage for the service or supply will continue until you receive a final appeal decision from us or an external review organization if the situation is eligible for external review.

During this continuation period, you are still responsible for your share of the costs, such as copayments, payment percentage and deductibles that apply to the service or supply. If we uphold our decision at the final internal appeal, you will be responsible for all of the expenses for the service or supply received during the continuation period.
Filing a claim
When you see a network provider, that office will usually send us a detailed bill for your services. If you see an out-of-network provider, you may receive the bill (proof of loss) directly. This bill forms the basis of your post-service claim. If you receive the bill directly, you should send it to us as soon as possible with a claim form that you can either get online or contact us to provide. You should always keep your own record of the date, providers and cost of your services.

The benefit payment determination is made based on many things, such as your deductible or payment percentage, the necessity of the service you received, when or where you receive the services, or even what other insurance you may have. We may need to ask you or your provider for some more information to make a final decision. You can always contact us directly to see how much you can expect to pay for any service.

We will pay the claim within 30 days from when we receive all the information necessary. Sometimes we may pay only some of the claim. Sometimes we may deny payment entirely. We may even rescind your coverage entirely. Rescission means you lose coverage going forward and going backward. If we paid claims for your past coverage, we will want the money back.

We will give you our decision in writing. You may not agree with our decision. There are several ways to have us review the decisions. Please see the Complaints, claim decisions and appeal procedures section for that information.
Claim decisions and appeals procedures

In the previous section, we explained how you and the plan share responsibility for paying for your eligible health services.

When a claim comes in, you will receive a decision on how you and the plan will split the expense. We also explain what you can do if you think we got it wrong.

Claims are processed in the order in which they are received.

Claim procedures
For claims involving out-of-network providers:

<table>
<thead>
<tr>
<th>Notice</th>
<th>Requirement</th>
<th>Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Submit a claim</td>
<td>• You should notify and request a claim form from your employer.</td>
<td>• Within 15 working days of your request.</td>
</tr>
<tr>
<td></td>
<td>• The claim form will provide instructions on how to complete and where to</td>
<td>• If the claim form is not sent on time, we will accept a written description that is the basis of the claim as proof of loss. It must detail the nature and extent of loss within 90 days of your loss.</td>
</tr>
<tr>
<td></td>
<td>send the form(s).</td>
<td></td>
</tr>
<tr>
<td>Proof of loss (claim)</td>
<td>• A completed claim form and any additional information required by your employer.</td>
<td>• No later than 90 days after you have incurred expenses for covered benefits.</td>
</tr>
<tr>
<td></td>
<td>• We won’t void or reduce your claim if you can’t send us notice and proof of loss within the required time. But you must send us notice and proof as soon as reasonably possible.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Proof of loss may not be given later than 2 years after the time proof is otherwise required, except if you are legally unable to notify us.</td>
<td></td>
</tr>
<tr>
<td>Benefit payment</td>
<td>• Written proof must be provided for all benefits.</td>
<td>• Benefits will be paid as soon as the necessary proof to support the claim is received.</td>
</tr>
<tr>
<td></td>
<td>• If any portion of a claim is contested by us, the uncontested portion of the claim will be paid promptly after the receipt of proof of loss.</td>
<td></td>
</tr>
</tbody>
</table>
Types of claims and communicating our claim decisions
You or your provider are required to send us a claim in writing. You can request a claim form from us. And we will review that claim for payment to the provider.

There are different types of claims. The amount of time that we have to tell you about our decision on a claim depends on the type of claim. The section below will tell you about the different types of claims.

**Urgent care claim**
An urgent claim is one for which delay in getting medical care could put your life or health at risk. Or a delay might put your ability to regain maximum function at risk. Or it could be a situation in which you need care to avoid severe pain.

If you are pregnant, an urgent claim also includes a situation that can cause serious risk to the health of your unborn baby.

**Pre-service claim**
A pre-service claim is a claim that involves services you have not yet received and which we will pay for only if we precertify them.

**Post-service claim**
A post service claim is a claim that involves health care services you have already received.

**Concurrent care claim extension**
A concurrent care claim extension occurs when you ask us to approve more services than we already have approved. Examples are extending a hospital stay or adding a number of visits to a provider.

**Concurrent care claim reduction or termination**
A concurrent care claim reduction or termination occurs when we decide to reduce or stop payment for an already approved course of treatment. We will notify you of such a determination. You will have enough time to file an appeal. Your coverage for the service or supply will continue until you receive a final appeal decision from us or an external review organization if the situation is eligible for external review.

During this continuation period, you are still responsible for your share of the costs, such as copayments/payment percentage and deductibles that apply to the service or supply. If we uphold our decision at the final internal appeal, you will be responsible for all of the expenses for the service or supply received during the continuation period.

The chart below shows a timetable view of the different types of claims and how much time we have to tell you about our decision.

We may need to tell your physician about our decision on some types of claims, such as a concurrent care claim, or a claim when you are already receiving the health care services or are in the hospital.
<table>
<thead>
<tr>
<th>Type of notice</th>

</tbody>
</table>

*We have to receive the request at least 24 hours before the previously approved health care services end.

Adverse benefit determinations
We pay many claims at the full rate **negotiated charge** with a **network provider** and the **recognized amount** with an **out-of-network provider**, except for your share of the costs. But sometimes we pay only some of the claim. And sometimes we deny payment entirely. Any time we deny even part of the claim that is an “adverse benefit determination” or “adverse decision”. It is also an “adverse benefit determination” if we rescind your coverage entirely.

If we make an adverse benefit determination, we will tell you in writing.

The difference between a complaint and an appeal

A Complaint
You may not be happy about a **provider** or an operational issue, and you may want to complain. You can call or write Member Services. Your complaint should include a description of the issue. You should include copies of any records or documents that you think are important. We will review the information and provide you with a written response within 30 calendar days of receiving the complaint. We will let you know if we need more information to make a decision.

An Appeal
You can ask us to re-review an adverse benefit determination. This is called an appeal. You can appeal to us verbally or in writing.

Appeals of adverse benefit determinations
You can appeal our adverse benefit determination. We will assign your appeal to someone who was not involved in making the original decision. You must file an appeal within 180 calendar days from the time you receive the notice of an adverse benefit determination.

You can appeal by sending a written appeal to Member Services at the address on the notice of adverse benefit determination. Or you can call Member Services at the number on your ID card. You need to include:

- Your name
- The employer’s name
- A copy of the adverse benefit determination
- Your reasons for making the appeal
- Any other information you would like us to consider
Another person may submit an appeal for you, including a **provider**. That person is called an authorized representative. You need to tell us if you choose to have someone else appeal for you (even if it is your **provider**). You should fill out an authorized representative form telling us that you are allowing someone to appeal for you. You can get this form by contacting us. You can use an authorized representative at any level of appeal.

You can appeal two times under this plan. If you appeal a second time you must present your appeal within 60 calendar days from the date you receive the notice of the first appeal decision.

**Urgent care or pre-service claim appeals**  
If your claim is an urgent claim or a pre-service claim, your **provider** may appeal for you without having you fill out an authorized representative form telling us that you are allowing the provider to appeal for you.

We will provide you with any new or additional information that we used or that was developed by us to review your claim. We will provide this information at no cost to you before we give you a decision at your last available level of appeal. This decision is called the final adverse benefit determination. You can respond to this information before we tell you what our final decision is.

**Timeframes for deciding appeals**  
The amount of time that we have to tell you about our decision on an appeal claim depends on the type of claim. The chart below shows a timetable view of the different types of claims and how much time we have to tell you about our decision.

<table>
<thead>
<tr>
<th>Type of notice</th>
<th>Urgent care claim</th>
<th>Pre-service claim</th>
<th>Post-service claim</th>
<th>Concurrent care claim</th>
</tr>
</thead>
<tbody>
<tr>

<td>15 days</td>
<td>30 days</td>
<td>As appropriate to type of claim</td>
</tr>
<tr>
<td>Extensions</td>
<td>None</td>
<td>None</td>
<td>None</td>
<td>None</td>
</tr>
</tbody>
</table>

**Exhaustion of appeals process**  
In most situations you must complete the two levels of appeal with us before you can take these other actions:
- Appeal through an external review process.
- Pursue arbitration, litigation or other type of administrative proceeding.

But sometimes you do not have to complete the two levels of appeals process before you may take other actions. These situations are:
- You have an urgent claim or a claim that involves ongoing treatment. You can have your claim reviewed internally and at the same time through the external review process.
- We did not follow all of the claim determination and appeal requirements of the Federal Department of Health and Human Services. But, you will not be able to proceed directly to external review if:
  - The rule violation was minor and not likely to influence a decision or harm you.
  - The violation was for a good cause or beyond our control.
  - The violation was part of an ongoing, good faith exchange between you and us.
**External review**

External review is a review done by people in an organization outside of Aetna. This is called an external review organization (ERO).

You have a right to external review only if:
- Our claim decision involved medical judgment.
- We decided the service or supply is not **medically necessary** or not appropriate.
- We decided the service or supply is **experimental or investigational**.
- You have received an adverse determination.

If our claim decision is one for which you can seek external review, we will say that in the notice of adverse benefit determination or final adverse benefit determination we send you. That notice also will describe the external review process. It will include a copy of the Request for External Review form at the final adverse determination level.

You must submit the Request for External Review Form:
- **To Aetna**
- Within 123 calendar days (four months) of the date you received the decision from us
- And you must include a copy of the notice from us and all other important information that supports your request

You will pay for any information that you send and want reviewed by the ERO. We will pay for information we send to the ERO plus the cost of the review.

**Aetna will:**
- Contact the ERO that will conduct the review of your claim.
- Assign the appeal to one or more independent clinical reviewers that have the proper expertise to do the review.
- Consider appropriate credible information that you sent.
- Follow our contractual documents and your plan of benefits.
- Send notification of the decision within 45 calendar days of the date we receive your request form and all the necessary information.

We will stand by the decision that the ERO makes, unless we can show conflict of interest, bias or fraud.
**How long will it take to get an ERO decision?**

We will tell you of the ERO decision not more than 45 calendar days after we receive your Notice of External Review Form with all the information you need to send in.

But sometimes you can get a faster external review decision. Your **provider** must call us or send us a Request for External Review Form.

There are two scenarios when you may be able to get a faster external review:

**For initial adverse determinations**
Your **provider** tells us that a delay in your receiving health care services would:
- Jeopardize your life, health or ability to regain maximum function, or
- Be much less effective if not started right away (in the case of experimental or investigational treatment)

**For final adverse determinations**
Your **provider** tells us that a delay in your receiving health care services would:
- Jeopardize your life, health or ability to regain maximum function
- Be much less effective if not started right away (in the case of experimental or investigational treatment), or
- The final adverse determination concerns an admission, availability of care, continued stay or health care service for which you received emergency services, but have not been discharged from a facility

If your situation qualifies for this faster review, you will receive a decision within 72 hours of us getting your request.

**Recordkeeping**
We will keep the records of all complaints and appeals for at least 10 years.

**Fees and expenses**
We do not pay any fees or expenses incurred by you in pursuing a complaint or appeal.
Eligibility, starting and stopping coverage

Eligibility
Who is eligible
Your employer decides and tells us who is eligible for health coverage.

When you can join the plan
You can enroll:
- At the end of any waiting period your employer requires
- Once each year during the annual enrollment period
- At other special times during the year (see the Special times you can join the plan section below)

You can enroll eligible family members (these are your “dependents”) at this time too.

Who can be a dependent on this plan
You can enroll the following family members:
- Your legal spouse
- Your domestic partner who meets employer rules and requirements under state law
- Dependent children – yours or your spouse’s or partner’s
  - Dependent children must be:
    o Under 26 years of age
  - Dependent children include:
    o Natural children
    o Stepchildren
    o Adopted children including those placed with you for adoption
    o Foster children
    o Children you are responsible for under a qualified medical support order or court order
    o Grandchildren in your legal custody

Adding new dependents
You can add new dependents during the year. These include any dependents described in the Who can be a dependent on this plan section above.

Coverage begins on the date of the event for new dependents that join your plan for the following reasons:
- Birth
- Adoption or placement for adoption
- Marriage
- Legal guardianship
- Court or administrative order

We must receive a completed enrollment form not more than 31 after the event date.

Special times you can join the plan
You can enroll in these situations:
- You didn’t enroll before because you had other coverage and that coverage has ended
- Your COBRA coverage has ended
- A court orders that you cover a dependent on your health plan
- When your dependent moves outside the service area for your employee plan

We must receive the completed enrollment information within 31 days of the date when coverage ends.
You can also enroll in these situations:
- You or your dependent lose your eligibility for enrollment in Medicaid or an S-CHIP plan
- You are now eligible for state fee assistance under Medicaid or S-CHIP which will pay your fee contribution under this plan

We must receive the completed enrollment information within 60 days of the date when coverage ends.

**Notification of change in status**
Tell us of any changes that may affect your benefits. Please contact us as soon as possible when you have a:
- Change of address
- Dependent status change
- Dependent who enrolls in Medicare or any other health plan

**Starting coverage**
Your coverage under this plan has a start and an end. You must start coverage after you complete the eligibility and enrollment process. You can ask your employer to confirm your effective date.

**Stopping coverage**
Your coverage typically ends when you leave your job; but it can happen for other reasons. Ending coverage doesn’t always mean you lose coverage with us. There will be circumstances that will still allow you to continue coverage. See the *Special coverage options after your coverage ends* section.

We will send you notice if your coverage is ending. This notice will tell you the date that your coverage ends.

**When will your coverage end**
Your coverage under this plan will end if:
- This plan is no longer available
- You ask to end coverage
- Your employer asks to end coverage
- You are no longer eligible for coverage, including when you move out of the service area
- Your work ends
- You stop making required contributions, if any apply
- We end your coverage
- You start coverage under another medical plan offered by your employer

**When dependent coverage ends**
Dependent coverage will end if:
- A dependent is no longer eligible for coverage.
- You stop making contributions, if any apply.
- Your coverage ends for any of the reasons listed above except:
  - Exhaustion of your overall maximum benefit.
  - You enroll under a group Medicare plan we offer. However, dependent coverage will end if your coverage ends under the Medicare plan.
- The date this plan no longer allows coverage for domestic partners or civil unions.
- The date the domestic partnership or civil union ends.
  - You will need to complete a Declaration of Termination of Domestic Partnership.
What happens to your dependents if you die?
Coverage for dependents may continue for some time after your death. See the Special coverage options after your coverage ends section for more information.

Why would we end your coverage?
We may immediately end your coverage if you commit fraud or you intentionally misrepresented yourself when you applied for or obtained coverage. You can refer to the General provisions – other things you should know section for more information on rescissions.

On the date your coverage ends, we will refund to your employer any prepayment for periods after the date your coverage ended.

Special coverage options after your coverage ends

When coverage may continue under the plan
This section explains options you may have after your coverage ends under this plan. Your individual situation will determine what options you will have. Contact your employer to see what options apply to you.

In some cases, fee payment is required for coverage to continue. Your coverage will continue under the plan as long as your employer and we have agreed to do so. It is your employer’s responsibility to let us know when your work ends. If your employer and we agree in writing, we will extend the limits.

Consolidated Omnibus Budget Reconciliation Act (COBRA)
What are your COBRA rights?
The federal COBRA law usually applies to employers of group sizes of 20 or more and gives employees and their covered dependents the right to keep their health coverage for 18, 29 or 36 months after a qualifying event. The qualifying event is something that happens that results in you losing your coverage.

The qualifying events are:
• Your active employment ends for reasons other than gross misconduct
• Your working hours are reduced
• You divorce or legally separate and are no longer responsible for dependent coverage
• You become entitled to benefits under Medicare
• Your covered dependent children no longer qualify as dependents under the plan
• You die
• You are a retiree eligible for retiree health coverage and your former employer files for bankruptcy

Talk with your employer if you have questions about COBRA or to enroll.

How you can extend coverage if you are totally disabled when coverage ends
Your coverage may be extended if you are totally disabled when coverage ends.

Only the medical condition which caused the total disability is covered during your extension.

You are “totally disabled” if you cannot work at your occupation or any other occupation for pay or profit.

Your dependent is “totally disabled” if that person cannot engage in most normal activities of a healthy person of the same age and gender.

You may extend coverage only for services and supplies related to the disabling condition until the earliest of:
• When you or your dependents are no longer totally disabled
• When you become covered by another health benefits plan
• 12 months of coverage
How you can extend coverage for your disabled child beyond the plan age limits
You have the right to extend coverage for your dependent child beyond plan age limits, if the child is not able to be self-supporting because of mental or physical disability and depends mainly (more than 50% of their income) on you for support.

The right to coverage will continue only as long as a physician certifies that your child still is disabled.

We may ask you to send us proof of the disability within 90 days of the date coverage would have ended. Before we extend coverage, we may ask that your child get a physical exam. We will pay for that exam.

We may ask you to send proof that your child is disabled after coverage is extended. We won’t ask for this proof more than once a year. You must send it to us within 31 days of our request. If you don’t, we can terminate coverage for your dependent child.

How you can extend coverage when getting inpatient care when coverage ends
Your coverage may be extended if you are getting inpatient care in a hospital or skilled nursing facility when coverage ends.

Benefits are extended for the condition that caused the hospital or skilled nursing facility stay or for complications from the condition. Benefits aren’t extended for other medical conditions.

You can continue to get care for this condition until the earliest of:
- When you are discharged
- When you no longer need inpatient care
- When you become covered by another health benefits plan
- 12 months of coverage
General provisions – other things you should know

Administrative provisions

How you and Aetna will interpret this booklet
Aetna prepared this booklet according to federal and state laws that apply. You and Aetna will interpret it according to these laws. Also, you are bound by Aetna’s interpretation of this booklet when Aetna administers your coverage.

How Aetna administer this plan
Aetna applies policies and procedures Aetna has developed to administer this plan.

Who’s responsible to you
Aetna is responsible to you for what Aetna’s employees and other agents do.

Aetna is not responsible for what is done by your providers. Even network providers are not Aetna’s employees or agents.

Coverage and services

Your coverage can change
Sometimes things happen outside of Aetna’s control. These are things such as natural disasters, epidemics, fire, and riots. Aetna will try hard to get you access to the services you need even if these things happen.

Your coverage is defined by the group health plan. This document may have amendments and riders too. Under certain circumstances, Aetna, or our customer (e.g. the employer), or the law may change your plan. When an emergency or epidemic is declared, Aetna may modify or waive precertification, prescription quantity limits or your cost share if you are affected. Only Aetna may waive a requirement of your plan. No other person, including the customer or provider, can do this.

Legal action
You must complete the internal appeal process, if your plan has one, before you take any legal action against Aetna for any expense or bill. See the Complaints, claim decisions and appeal procedures section. You cannot take any action until 60 days after Aetna receives written submission of a claim.

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Physical examination and evaluations
At Aetna’s expense, Aetna has the right to have a physician of Aetna’s choice examine you. This will be done at reasonable times while certification or a claim for benefits is pending or under review.

Records of expenses
You should keep complete records of your expenses. They may be needed for a claim. Important things to keep are:

- Names of physicians and others who furnish services
- Dates expenses are incurred
- Copies of all bills and receipts
Honest mistakes and intentional deception

Honest mistakes
You or the customer may make an honest mistake when you share facts with us. When we learn of the mistake, we may make a fair change in contributions or in your coverage. If we do, we will tell you what the mistake was. We won’t make a change if the mistake happened more than 2 years before we learned of it.

Intentional deception
If we learn that you defrauded us or you intentionally misrepresented material facts, we can take actions that can have serious consequences for your coverage. These serious consequences include, but are not limited to:

- Denial of benefits
- Recovery of amounts we already paid

We also may report fraud to criminal authorities.

You have special rights if we rescind your coverage:

- We will give you 30 days advance written notice of any rescission of coverage
- You have the right to an Aetna appeal
- You have the right to a third party review conducted by an independent ERO

Some other money issues

Assignment of benefits
When you see a network provider, they will usually bill us directly. When you see an out-of-network provider, we may choose to pay you or to pay the provider directly. To the extent allowed by law, we will not accept an assignment to an out-of-network provider.

Financial sanctions exclusions
If coverage provided under this booklet violates or will violate any economic or trade sanctions, the coverage will be invalid immediately. For example, Aetna cannot pay for covered services if it violates a financial sanction regulation. This includes sanctions related to a person or a country under sanction by the United States, unless it is allowed under a written license from the Office of Foreign Asset Control (OFAC).

You can find out more by visiting http://www.treasury.gov/resource-center/sanctions/Pages/default.aspx.

Contribution
Your plan requires that the employer make contribution payments. We will not pay for benefits if contributions are not made. Any decision to not pay benefits can be appealed.

Recovery of overpayments
If a benefit payment is made by the Plan, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right to require the return of the overpayment. One of the ways Aetna recovers overpayments is by reducing future payments to the provider by the amount of the overpayment. These future payments may involve this Plan or other health plans that are administered by Aetna. Aetna would then credit the recovered amount to the plan that overpaid the provider. Payments to providers under this Plan may be subject to this same process when Aetna recovers overpayments for other plans administered by Aetna.

This right does not affect any other right of recovery the Plan may have with respect to overpayments.
When you are injured
If someone else caused you to need care—say, a careless driver who injured you in a car crash—you may have a right to get money. We are entitled to that money, up to the amount we pay for your care. We have that right no matter whom the money comes from—for example, the other driver, the employer, or another insurance company.

To help us get paid back, you are doing these things now:

- Agreeing to repay us from money you receive because of your injury.
- Giving us the right to seek money in your name, from any person who causes you injury and from your own insurance. We can seek money only up to the amount we paid for your care.
- Agreeing to cooperate with us so we can get paid back in full. For example, you’ll tell us within 30 days of when you seek money for your injury or illness. You’ll hold any money you receive until we are paid in full. And you’ll give us the right to money you get, ahead of everyone else.
- Agreeing to provide us notice of any money you will be receiving before pay out, or within 5 days of when you receive the money.

We don’t have to reduce the amount we’re due for any reason, even to help pay your lawyer or pay other costs you incurred to get a recovery.

Your health information
We will protect your health information. We will only use or share it with others as needed for your care and treatment. We will also use and share it to help us process your claims and manage your plan.

You can get a free copy of our Notice of Privacy Practices. Just contact us.

When you accept coverage under this plan, you agree to let your providers share information with us. We need information about your physical and mental condition and care.

Sutter Health and Affiliates Services
Sutter Health and Affiliates, the dominant health system in much of northern California, uses its bargaining power to insist on unique requirements to participate in the Aetna network. Aetna’s contract with Sutter requires payment of claims that would otherwise be denied, such as those not medically necessary or experimental or investigational (but does not require payment for services the Plan expressly excludes from coverage, such as for cosmetic surgery). Aetna will charge the Plan for these claims in order to be able to continue providing Plan Participants with access to Sutter’s services on an in-network basis.
Behavioral health provider
A health professional who is licensed or certified to provide covered services for mental health and substance related disorders in the state where the person practices.

Brand-name prescription drug
An FDA-approved drug marketed with a specific name by the company that manufactures it; often the same company that developed and patents it.

Copay, copayment
Copays are flat fees for certain visits. A copay can be a dollar amount or percentage.

Covered service
The benefits, subject to varying cost shares, covered in this plan. These are:
- Described in the Providing covered services section
- Not listed as an exclusion in the Coverage and exclusions – Providing covered services section or the General plan exclusions section
- Not beyond any limits in the schedule of benefits
- Medically necessary. See the How your plan works – Medical necessity and precertification requirements section and the Glossary for more information

Deductible
A deductible is the amount you pay out-of-pocket for covered services per year before we start to pay.

Detoxification
The process of getting alcohol or other drugs out of an addicted person’s system and getting them physically stable.

Drug guide
A list of prescription drugs and devices established by us or an affiliate. It does not include all prescription drugs and devices. This list can be reviewed and changed by us or an affiliate. A copy is available at your request. Go to https://www.aetna.com/individuals-families/find-a-medication.html.

Emergency medical condition
A severe medical condition that:
- Comes on suddenly
- Needs immediate medical care
- Leads a person with average knowledge of health and medicine to believe that, without immediate medical care, it could result in:
  - Danger to life or health
  - Loss of a bodily function
  - Loss of function to a body part or organ
  - Danger to the health of an unborn baby

Emergency services
Treatment given in a hospital’s emergency room. This includes evaluation of and treatment to stabilize the emergency medical condition.
**Experimental or investigational**

Drugs, treatments or tests not yet accepted by physicians or by insurance plans as standard treatment. They may not be proven as effective or safe for most people.

A drug, device, procedure, or treatment is experimental or investigational if:

- There is not enough outcome data available from controlled clinical trials published in the peer-reviewed literature to validate its safety and effectiveness for the illness or injury involved.
- The needed approval by the FDA has not been given for marketing.
- A national medical or dental society or regulatory agency has stated in writing that it is experimental or investigational or suitable mainly for research purposes.
- It is the subject of a Phase I, Phase II or the experimental or research arm of a Phase III clinical trial. These terms have the meanings given by regulations and other official actions and publications of the FDA and Department of Health and Human Services.
- Written protocols or a written consent form used by a facility provider state that it is experimental or investigational.

**Generic prescription drug**

An FDA-approved drug with the same intended use as the brand-name product. It offers the same:

- Dosage
- Safety
- Strength
- Quality
- Performance

**Health professional**

A person who is authorized by law to provide health care services to the public; for example, physicians, nurses and physical therapists.

**Home health care agency**

An agency authorized by law to provide home health services, such as skilled nursing and other therapeutic services.

**Hospital**

An institution licensed as a hospital by applicable law and accredited by The Joint Commission (TJC). This is a place that offers medical care. Patients can stay overnight for care. Or they can be treated and leave the same day. All hospitals must meet set standards of care. They can offer general or acute care. They can also offer service in one area, like rehabilitation.

**Infertile, infertility**

A disease defined by the failure to become pregnant:

- For a female with a male partner, after:
  - 1 year of frequent, unprotected heterosexual sexual intercourse if under the age of 35
  - 6 months of frequent, unprotected heterosexual sexual intercourse if age 35 or older
- For a female without a male partner, after:
  - At least 12 cycles of donor insemination if under the age of 35
  - 6 cycles of donor insemination if age 35 or older
- For a male without a female partner, after:
  - At least 2 abnormal semen analyses obtained at least 2 weeks apart
- For an individual or their partner who has been clinically diagnosed with gender identity disorder.
Jaw joint disorder
This is:
- A temporomandibular joint (TMJ) dysfunction or any similar disorder of the jaw joint
- A myofascial pain dysfunction (MPD) of the jaw
- Any similar disorder in the relationship between the jaw joint and the related muscles and nerves

Mail order pharmacy
A pharmacy where prescription drugs are legally dispensed by mail or another carrier.

Maximum out-of-pocket limit
The maximum out-of-pocket limit is the most a covered person will pay per year in copayments, contribution and deductible, if any, for covered services.

Medically necessary, medical necessity
Health care services that we determine a provider, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing, or treating an illness, injury, disease or its symptoms, and that we determine are:
- In accordance with generally accepted standards of medical practice
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient’s illness, injury or disease
- Not primarily for the convenience of the patient, physician or other health care provider
- Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient’s illness, injury or disease

Generally accepted standards of medical practice means:
- Standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community
- Following the standards set forth in our clinical policies and applying clinical judgment

Mental health disorder
A mental health disorder is in general, a set of symptoms or behavior associated with distress and interference with personal function. A complete definition of mental health disorder is in the most recent edition of Diagnostic and Statistical Manual of Mental Disorders (DSM) of the American Psychiatric Association.

Negotiated charge
See How your plan works – What the plan pays and what you pay.

Network provider
A provider listed in the directory for your plan. A NAP provider listed in the NAP directory is not a network provider. A network provider can also be referred to as an in-network provider.

Out-of-network provider
A provider who is not a network provider.
Physician
A health professional trained and licensed to practice and prescribe medicine under the laws of the state where they practice; specifically, doctors of medicine or osteopathy. Under some plans, a physician can also be a primary care physician (PCP).

Prescription
This is an instruction written by a physician that authorizes a patient to receive a service, supply, medicine or treatment.

Primary care physician (PCP)
A physician who:
- The directory lists as a PCP
- Is selected by a covered person from the list of PCPs in the directory
- Supervises, coordinates and provides initial care and basic medical services to a covered person
- Shows in our records as your PCP

A PCP can be any of the following providers:
- General practitioner
- Family physician
- Internist
- Pediatrician
- OB, GYN, and OB/GYN
- Medical group (primary care office)

Provider
A physician, health professional, person, or facility, licensed or certified by law to provide health care services to you. If state law does not specifically provide for licensure or certification, they must meet all Medicare approval standards even if they don’t participate in Medicare.

Psychiatric hospital
An institution licensed or certified as a psychiatric hospital by applicable laws to provide a program for the diagnosis, evaluation, and treatment of alcoholism, drug abuse or mental health disorders (including substance related disorders).

Recognized charge
See How your plan works – What the plan pays and what you pay.

Residential treatment facility
An institution specifically licensed as a residential treatment facility by applicable laws to provide for mental health or substance related disorder residential treatment programs. It is credentialed by us or is accredited by one of the following agencies, commissions or committees for the services being provided:
- The Joint Commission (TJC)
- The Committee on Accreditation of Rehabilitation Facilities (CARF)
- The American Osteopathic Association’s Healthcare Facilities Accreditation Program (HFAP)
- The Council on Accreditation (COA)
In addition to the above requirements, an institution must meet the following:

For residential treatment programs treating **mental health disorders**:
- A **behavioral health provider** must be actively on duty 24 hours/day for 7 days/week
- The patient must be treated by a psychiatrist at least once per week
- The medical director must be a psychiatrist
- It is not a wilderness treatment program (whether or not the program is part of a licensed **residential treatment facility** or otherwise licensed institution)

For substance related residential treatment programs:
- A **behavioral health provider** or an appropriately state certified professional (CADC, CAC, etc.) must be actively on duty during the day and evening therapeutic programming
- The medical director must be a **physician**
- It is not a wilderness treatment program (whether or not the program is part of a licensed **residential treatment facility** or otherwise licensed institution)

For **detoxification** programs within a residential setting:
- An R.N. must be onsite 24 hours/day for 7 days/week within a residential setting
- Residential care must be provided under the direct supervision of a **physician**

**Retail pharmacy**
A community pharmacy that dispenses outpatient **prescription** drugs at retail prices.

**Room and board**
A facility’s charge for your overnight stay and other services and supplies expressed as a daily or weekly rate.

**Semi-private room rate**
An institution’s **room and board** charge for most beds in rooms with 2 or more beds. If there are no such rooms, we will calculate the rate based on the rate most commonly charged by similar institutions in the same geographic area.

**Skilled nursing facility**
A facility specifically licensed as a **skilled nursing facility** by applicable laws to provide skilled nursing care. **Skilled nursing facilities** also include:
- Rehabilitation **hospitals**
- Portions of a rehabilitation **hospital**
- A **hospital** designated for skilled or rehabilitation services

**Skilled nursing facility** does not include institutions that provide only:
- Minimal care
- Custodial care
- Ambulatory care
- Part-time care

It does not include institutions that primarily provide for the care and treatment of **mental health disorders** or **substance related disorders**.

**Skilled nursing services**
Services provided by a registered nurse or licensed practical nurse within the scope of their license.
Specialist
A physician who practices in any generally accepted medical or surgical sub-specialty.

Stay
A full-time inpatient confinement for which a room and board charge is made.

Substance related disorder
This is a physical or psychological dependency, or both, on a drug or alcohol. These are defined in the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) published by the American Psychiatric Association. This term does not include an addiction to nicotine products, food or caffeine.

Surgery, surgical procedure
The diagnosis and treatment of injury, deformity and disease by manual and instrumental means, such as:
- Cutting
- Abrading
- Suturing
- Destruction
- Ablation
- Removal
- Lasering
- Introduction of a catheter (e.g., heart or bladder catheterization) or scope (e.g., colonoscopy or other types of endoscopy)
- Correction of fracture
- Reduction of dislocation
- Application of plaster casts
- Injection into a joint
- Injection of sclerosing solution
- Otherwise physically changing body tissues and organs

Telemedicine
A consultation between you and a provider who is performing a clinical medical or behavioral health service that can be provided electronically by:
- Two-way audiovisual teleconferencing
- Telephone calls
- Any other method required by law

Terminal illness
A medical prognosis that you are not likely to live more than 12 months.
Urgent condition
An illness or injury that requires prompt medical attention but is not a life-threatening emergency medical condition.

Walk-in clinic
A health care facility that provides limited medical care on a scheduled and unscheduled basis. A walk-in clinic may be located in, near or within a:

- Drug store
- Pharmacy
- Retail store
- Supermarket

The following are not considered a walk-in clinic:

- Ambulatory surgical center
- Emergency room
- Hospital
- Outpatient department of a hospital
- Physician’s office
- Urgent care facility
**Statement of Rights under the Newborns' and Mothers' Health Protection Act**

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

**Notice Regarding Women's Health and Cancer Rights Act**

Under this health plan, as required by the Women’s Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

(1) all stages of reconstruction of the breast on which a mastectomy has been performed;
(2) surgery and reconstruction of the other breast to produce a symmetrical appearance;
(3) prostheses; and
(4) treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

IMPORTANT HEALTH CARE REFORM NOTICES

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.
Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be subject to prior written agreement between Aetna and your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage. Your Employer must continue to make premium payments.

If Health Expense Benefits has reduction rules applicable by reason of age or retirement, Health Expense Benefits will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the group contract provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under the group contract will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under the group contract only if and when Aetna gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
Schedule of Benefits

Prepared for:
Employer: Fashion Institute of Technology
Contract number: MSA-100160
Plan name: Choice POS II
Summary of Coverage: 1A
Plan effective date: January 1, 2021
Plan issue date: March 22, 2021

Third Party Administrative Services provided by Aetna Life Insurance Company
Schedule of benefits

This schedule of benefits (schedule) lists the **deductibles**, **copayments** or **payment percentage**, if any apply, to the **covered services** you receive under the plan. You should review this schedule to become aware of these and any limits that apply to these services.

How your cost share works

- The **deductibles** and **copayments**, if any, listed in the schedule below are the amounts that you pay for **covered services**.
  - For the **covered services** under your medical plan, you will be responsible for the dollar amount.
  - For pharmacy benefits where a percentage cost share acts like a **copayment**, you will be responsible for the percentage amount.
- **Payment percentage** amounts, if any, listed in the schedule below are what the plan will pay for **covered services**.
- Sometimes your cost share shows a combination of your dollar amount **copayment** that you will be responsible for and the **payment percentage** that your plan will pay.
- You are responsible to pay any **deductibles**, **copayments** and remaining **payment percentage**, if they apply and before the plan will pay for any **covered services**.
- This plan doesn’t cover every healthcare service. You pay the full amount of any healthcare service you get that is not a **covered service**.
- This plan has limits for some **covered services**. For example, these could be visit, day or dollar limits. They may be:
  - Combined limits between in-network and out-of-network providers
  - Separate limits for in-network and out-of-network providers
  - Based on a rolling, 12 month period starting with the date of your most recent visit under this plan
  - See the schedule of benefits for more information about limits.
- Your cost share may vary if the **covered service** is preventive or not. Ask your **physician** or contact us if you have a question about what your cost share will be.

For examples of how cost share and **deductible** work, go to the **Using your Aetna benefits** section under **Individuals & Families** at [https://www.aetna.com/](https://www.aetna.com/).

**Important note:**

**Covered services** are subject to the **deductible**, maximum out-of-pocket, limits, **copayment** or **payment percentage** unless otherwise stated in this schedule of benefits.

Under this plan, you will:

1. Pay your **copayment**
2. Then pay any remaining **deductible**
3. Then pay your **payment percentage**

Your **copayment** does not apply to any **deductible**.

**How your deductible works**

The **deductible** is the amount you pay for **covered services** each year before the plan starts to pay. This is in addition to any **copayment** or **payment percentage** you pay when you get **covered services** from an in-network, out-of-network provider. This schedule of benefits shows the **deductible** amounts that apply to your plan. Once you have met your **deductible**, we will start sharing the cost when you get **covered services**. You will continue to pay **copayments** or **payment percentage**, if any, for **covered services** after you meet your **deductible**.
How your PCP or physician office visit cost share works
You will pay the PCP cost share when you get covered services from any PCP.

How your maximum out-of-pocket works
This schedule of benefits shows the maximum out-of-pocket limits that apply to your plan. Once you reach your maximum out-of-pocket limit, your plan will pay for covered services for the remainder of that year.

Contact us
We are here to answer questions. See the Contact us section in your booklet.

This schedule replaces any schedule of benefits previously in use. Keep it with your booklet.

Plan features
Precertification covered services reduction
This only applies to out-of-network covered services:
Your booklet contains a complete description of the precertification process. You will find details in the Medical necessity and precertification section.

If precertification for covered services isn’t completed, when required, it results in the following benefit reduction:
- The service is not covered

You may have to pay an additional portion of the allowable amount because you didn’t get precertification. This portion is not a covered service and doesn’t apply to your deductible or maximum out-of-pocket limit, if you have one.

Deductible
You have to meet your deductible before this plan pays for benefits.

General coverage provisions
This section explains the deductible, maximum out-of-pocket limit and limitations listed in this schedule.

Deductible provisions
Out-of-network covered services will apply only to the out-of-network deductible.

The deductible may not apply to some covered services. You still pay the copayment or payment percentage, if any, for these covered services.

Individual deductible
You pay for covered services each year before the plan begins to pay. This individual deductible applies separately to you and each covered dependent. After the amount paid reaches the individual deductible, this plan starts to pay for covered services for the rest of the year.

Family deductible
You pay for covered services each year before the plan begins to pay. After the amount paid for covered services reaches this family deductible, this plan starts to pay for covered services for the rest of the year. To satisfy this family deductible for the rest of the year, the combined covered services that you and each of your covered dependents incur toward the individual deductible must reach this family deductible in a year. When this happens in a year, the individual deductibles for you and your covered dependents are met for the rest of the year.

Deductible carryover
Any amounts that you paid for covered services in the last 90 days of a year that apply toward that year’s deductible will also count toward the following year’s deductible.

Copayment
This is a flat fee you pay for certain visits or covered services. A copay can be a dollar amount or percentage. This is in addition to any out-of-pocket costs you have to pay to meet your deductible, if you have one.

Per admission copayment
This is the amount you are required to pay when you or a covered dependent have a stay in an inpatient facility. This copayment is equal to a facility’s semi-private room rate for one day. For the stay of a well newborn baby, starting at birth, this amount will not exceed the facility’s actual room and board charge on the first day of the stay.

Payment Percentage
This is the percentage of the bill you pay after you meet your deductible. This is in addition to any out-of-pocket costs you have to pay to meet your deductible, if you have one.

Per admission cost share or deductible
A separate cost share or deductible may apply per facility. This is in addition to any other cost share or deductible applicable under this plan. It may apply to each stay or on a per day basis up to a per admission maximum amount. If you are in the same type of facility more than once, and your stays are separated by less than 10 days (regardless of cause), only one per admission cost share or deductible will apply. Not more than three per admission cost shares or deductibles will apply for a facility type during the year. Covered services applied to the per admission deductible can’t be applied to any other deductible required under the plan. Covered services applied to the plan’s other deductible will not apply to the per admission deductible.
Maximum out-of-pocket limit provisions

Maximum out-of-pocket limit
The maximum out-of-pocket limit is the most you will pay per year in copayments, payment percentage and deductible, if any, for covered services.

In-network covered services will apply only to the in-network maximum out-of-pocket limit. Out-of-network covered services will apply only to the out-of-network maximum out-of-pocket limit.

Individual maximum out-of-pocket limit
- This plan may have an individual and family maximum out-of-pocket limit. As to the individual maximum out-of-pocket limit, each of you must meet your maximum out-of-pocket limit separately.
- After you or your covered dependents meet the individual maximum out-of-pocket limit, this plan will pay 100% of the eligible charge for covered services that would apply toward the limit for the rest of the year for that person.

Family maximum out-of-pocket limit
After you or your covered dependents meet the family maximum out-of-pocket limit, this plan will pay 100% of the eligible charge for covered services that would apply toward the limit for the remainder of the year for all covered family members. The family maximum out-of-pocket limit is a cumulative maximum out-of-pocket limit for all family members.

To satisfy this maximum out-of-pocket limit for the rest of the year, the following must happen:
- The family maximum out-of-pocket limit is met by a combination of family members
- No one person within a family will contribute more than the individual maximum out-of-pocket limit amount in a year

If the maximum out-of-pocket limit does not apply to a covered service, your cost share for that service will not count toward satisfying the maximum out-of-pocket limit amount.

Certain costs that you have do not apply toward the maximum out-of-pocket limit. These include:
- All costs for non-covered services which are identified in the booklet and the schedule
- Charges, expenses or costs in excess of the allowable amount
- Costs for non-emergency use of the emergency room
- Costs for non-urgent use of an urgent care provider

Limit provisions
Covered services will apply to the in-network and out-of-network limits.

Your financial responsibility and decisions regarding benefits
We base your financial responsibility for the cost of covered services on when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of stays that occur in more than one year. Decisions regarding when benefits are covered are subject to the terms and conditions of the group policy.

<td>Not covered</td>
<td>Not covered</td>
</tr>
</tbody>
</table>

**Emergency services important note:**

**Out-of-network providers** do not have a contract with us. The **provider** may not accept payment of your cost share as payment in full. You may receive a bill for the difference between the amount billed by the **provider** and the amount paid by the plan. If the **provider** bills you for an amount above your cost share, you are not responsible for payment of that amount. You should send the bill to the address on your ID card and we will resolve any payment issue with the **provider**. Make sure the member ID is on the bill. If you are admitted to the **hospital** as an inpatient **stay** right after you visit the emergency room, you will not pay your emergency room cost share if you have one. You will pay the inpatient **hospital** cost share, if any.

### Habilitation therapy services

**Physical (PT), occupational (OT) therapies**

<table>
<thead>
<tr>
<th>Description</th>
<th>In-network</th>
<th>Out-of-network</th>
