SECTION II

How Your Coverage Works

A. Your Coverage Under this Certificate.
Your employer (referred to as the "Group") has purchased a Group health insurance Policy from Us. We will provide the benefits described in this Certificate to covered Members of the Group, that is, to employees of the Group and their covered Dependents. However, this Certificate is not a contract between You and Us. You should keep this Certificate with Your other important papers so that it is available for Your future reference.

B. Covered Services.
You will receive Covered Services under the terms and conditions of this Certificate only when the Covered Service is:
- Medically Necessary;
- Provided by a Participating Provider;
- Listed as a Covered Service;
- Not in excess of any benefit limitations described in the Schedule of Benefits section of this Certificate; and
- Received while Your Certificate is in force.
When You are outside Our Service Area, coverage is limited to Emergency Services, Pre-Hospital Emergency Medical Services and ambulance services to treat Your Emergency Condition.

C. Participating Providers.
To find out if a Provider is a Participating Provider:
- Check Our Provider directory, available at Your request;
- Call the number on Your ID card; or
- Visit Our website Aetna.com.
The Provider directory will give You the following information about Our Participating Providers:
- Name, address, and telephone number;
- Specialty;
- Board certification (if applicable);
- Languages spoken;
- Whether the Participating Provider is accepting new patients.

D. The Role of Primary Care Physicians.
This Certificate does not have a gatekeeper, usually known as a Primary Care Physician ("PCP"). Although You are encouraged to receive care from Your PCP, You do not need a Referral from a PCP before receiving certain Specialist care from a Participating Provider.

However, if You do obtain a written Referral; select a PCP and notify Us of Your PCP, Your Cost-Sharing may be lower. See the Schedule of Benefits section of this Certificate for Your Cost-Sharing.
For purposes of Cost-Sharing, if You seek services from a PCP (or a Physician covering for a PCP) who has a primary or secondary specialty other than general practice, family practice, internal medicine, pediatrics and OB/GYN, You must pay the specialty office visit Cost-Sharing in the Schedule of Benefits section of this Certificate when the services provided are related to specialty care.

E. Access to Providers and Changing Providers.
Sometimes Providers in Our Provider directory are not available. You should call the Provider to make sure he or she is a Participating Provider and is accepting new patients.

To see a Provider, call his or her office and tell the Provider that You are an Aetna Life Insurance Company and Open Access EPO Member, and explain the reason for Your visit. Have Your ID card available. The Provider’s office may ask You for Your Group or Member ID number. When You go to the Provider’s office, bring Your ID card with You.

To contact Your Provider after normal business hours, call the Provider’s office. You will be directed to Your Provider, an answering machine with directions on how to obtain services, or another Provider. If You have an Emergency Condition, seek immediate care at the nearest Hospital emergency department or call 911.

If We do not have a Participating Provider for certain provider types in the county in which You live or in a bordering county that is within approved time and distance standards, We will approve an authorization to a specific Non-Participating Provider until You no longer need the care or We have a Participating Provider in Our network that meets the time and distance standards and Your care has been transitioned to that Participating Provider. Covered Services rendered by the Non-Participating Provider will be paid as if they were provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing.

We Cover the services of Non-Participating Providers. The services of Non-Participating Providers inside Our Service Area are not Covered except Emergency Services and Pre-Hospital Emergency Medical Services and ambulance services to treat Your Emergency Condition or unless specifically Covered in this Certificate. See the Schedule of Benefits section of this Certificate for the Non-Participating Provider services that are Covered.

G. Services Subject to Preauthorization.
Our Preauthorization is required before You receive certain Covered Services. Your Participating Provider is responsible for requesting Preauthorization for in-network services.

H. Preauthorization Procedure.
If You seek coverage for services that require Preauthorization, Your Provider must call Us at the number on Your ID card.

Your Provider must contact Us to request Preauthorization as follows:
- At least two (2) weeks prior to a planned admission or surgery when Your Provider recommends inpatient Hospitalization. If that is not possible, then as soon as reasonably possible during regular business hours prior to the admission.
• At least two (2) weeks prior to ambulatory surgery or any ambulatory care procedure when Your Provider recommends the surgery or procedure be performed in an ambulatory surgical unit of a Hospital or in an Ambulatory Surgical Center. If that is not possible, then as soon as reasonably possible during regular business hours prior to the surgery or procedure.

• Within the first three (3) months of a pregnancy, or as soon as reasonably possible and again within 48 hours after the actual delivery date if Your Hospital stay is expected to extend beyond 48 hours for a vaginal birth or 96 hours for cesarean birth.

• Before air ambulance services are rendered for a non-Emergency Condition.

• If You are hospitalized in cases of an Emergency Condition, You must call Us within 48 hours after Your admission or as soon thereafter as reasonably possible.

After receiving a request for approval, We will review the reasons for Your planned treatment and determine if benefits are available. Criteria will be based on multiple sources which may include medical policy, clinical guidelines, and pharmacy and therapeutic guidelines.

I. Medical Management.
The benefits available to You under this Certificate are subject to pre-service, concurrent and retrospective reviews to determine when services should be Covered by Us. The purpose of these reviews is to promote the delivery of cost-effective medical care by reviewing the use of procedures and, where appropriate, the setting or place the services are performed. Covered Services must be Medically Necessary for benefits to be provided.

J. Medical Necessity.
We Cover benefits described in this Certificate as long as the health care service, procedure, treatment, test, device, Prescription Drug or supply (collectively, “service”) is Medically Necessary. The fact that a Provider has furnished, prescribed, ordered, recommended, or approved the service does not make it Medically Necessary or mean that We have to Cover it.

We may base Our decision on a review of:
• Your medical records;
• Our medical policies and clinical guidelines;
• Medical opinions of a professional society, peer review committee or other groups of Physicians;
• Reports in peer-reviewed medical literature;
• Reports and guidelines published by nationally-recognized health care organizations that include supporting scientific data;
• Professional standards of safety and effectiveness, which are generally-recognized in the United States for diagnosis, care, or treatment;
• The opinion of Health Care Professionals in the generally-recognized health specialty involved;
• The opinion of the attending Providers, which have credence but do not overrule contrary opinions.
Services will be deemed Medically Necessary only if:

- They are clinically appropriate in terms of type, frequency, extent, site, and duration, and considered effective for Your illness, injury, or disease;
- They are required for the direct care and treatment or management of that condition;
- Your condition would be adversely affected if the services were not provided;
- They are provided in accordance with generally-accepted standards of medical practice;
- They are not primarily for the convenience of You, Your family, or Your Provider;
- They are not more costly than an alternative service or sequence of services, that is at least as likely to produce equivalent therapeutic or diagnostic results;
- When setting or place of service is part of the review, services that can be safely provided to You in a lower cost setting will not be Medically Necessary if they are performed in a higher cost setting. For example, We will not provide coverage for an inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a specialty drug provided in the outpatient department of a Hospital if the drug could be provided in a Physician’s office or the home setting.

See the Utilization Review and External Appeal sections of this Certificate for Your right to an internal Appeal and external appeal of Our determination that a service is not Medically Necessary.

K. Protection from Surprise Bills.

1. Surprise Bills. A surprise bill is a bill You receive for Covered Services in the following circumstances:

   - For services performed by a non-participating Physician at a participating Hospital or Ambulatory Surgical Center, when:
     - A participating Physician is unavailable at the time the health care services are performed;
     - A non-participating Physician performs services without Your knowledge; or
     - Unforeseen medical issues or services arise at the time the health care services are performed.

   A surprise bill does not include a bill for health care services when a participating Physician is available and You elected to receive services from a non-participating Physician.

   - You were referred by a participating Physician to a Non-Participating Provider without Your explicit written consent acknowledging that the referral is to a Non-Participating Provider and it may result in costs not covered by Us. For a surprise bill, a referral to a Non-Participating Provider means:
     - Covered Services are performed by a Non-Participating Provider in the participating Physician’s office or practice during the same visit;
     - The participating Physician sends a specimen taken from You in the participating Physician’s office to a non-participating laboratory or pathologist; or
     - For any other Covered Services performed by a Non-Participating Provider at the participating Physician’s request, when Referrals are required under Your Certificate.
You will be held harmless for any Non-Participating Provider charges for the surprise bill that exceed Your Copayment, Deductible or Coinsurance if You assign benefits to the Non-Participating Provider in writing. In such cases, the Non-Participating Provider may only bill You for Your Copayment, Deductible or Coinsurance.

The assignment of benefits form for surprise bills is available at www.dfs.ny.gov or You can visit Our website at Aetna.com for a copy of the form. You need to mail a copy of the assignment of benefits form to Us at the address on Our website and to Your Provider.

2. Independent Dispute Resolution Process. Either We or a Provider may submit a dispute involving a surprise bill to an independent dispute resolution entity (“IDRE”) assigned by the state. Disputes are submitted by completing the IDRE application form, which can be found at www.dfs.ny.gov. The IDRE will determine whether Our payment or the Provider’s charge is reasonable within 30 days of receiving the dispute.

L. Delivery of Covered Services Using Telehealth.
If Your Participating Provider offers Covered Services using telehealth, We will not deny the Covered Services because they are delivered using telehealth. Covered Services delivered using telehealth may be subject to utilization review and quality assurance requirements and other terms and conditions of the Certificate that are at least as favorable as those requirements for the same service when not delivered using telehealth. “Telehealth” means the use of electronic information and communication technologies, including telephone or video using smart phones or other devices, by a Participating Provider to deliver Covered Services to You while Your location is different than Your Provider’s location.

M. Early Intervention Program Services.
We will not exclude Covered Services solely because they are Early Intervention Program services for infants and toddlers under three years of age who have a confirmed disability or an established developmental delay. Additionally, if Early Intervention Program services are otherwise covered under this Certificate, coverage for Early Intervention Program services will not be applied against any maximum annual or lifetime dollar limits if applicable. Visit limits and other terms and conditions will continue to apply to coverage for Early Intervention Program services. However, any visits used for Early Intervention Program services will not reduce the number of visits otherwise available under this Certificate.

N. Case Management.
Case management helps coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the case management program to help meet their health-related needs.

Our case management programs are confidential and voluntary. These programs are given at no extra cost to You and do not change Covered Services. If You meet program criteria and agree to take part, We will help You meet Your identified health care needs. This is reached through contact and team work with You and/or Your authorized representative, treating Physician(s), and other Providers. In addition, We may assist in coordinating care with existing community-based programs and services to meet Your needs, which may include giving You information about external agencies and community-based programs and services.
In certain cases of severe or chronic illness or injury, We may provide benefits for alternate care through Our case management program that is not listed as a Covered Service. We may also extend Covered Services beyond the benefit maximums of this Certificate. We will make Our decision on a case-by-case basis if We determine the alternate or extended benefit is in the best interest of You and Us.

Nothing in this provision shall prevent You from appealing Our decision. A decision to provide extended benefits or approve alternate care in one case does not obligate Us to provide the same benefits again to You or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify You or Your representative in writing.

SECTION III

Access to Care and Transitional Care

A. Referral to a Non-Participating Provider.
If We determine that We do not have a Participating Provider that has the appropriate training and experience to treat Your condition, We will approve a Referral to an appropriate Non-Participating Provider. Your Participating Provider or You must request prior approval of the Referral to a specific Non-Participating Provider. Approvals of Referrals to Non-Participating Providers will not be made for the convenience of You or another treating Provider and may not necessarily be to the specific Non-Participating Provider You requested. If We approve the Referral, all services performed by the Non-Participating Provider are subject to a treatment plan approved by Us in consultation with Your PCP, the Non-Participating Provider and You. Covered Services rendered by the Non-Participating Provider will be covered as if they were provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing. In the event a Referral is not approved, any services rendered by a Non-Participating Provider will not be Covered.

B. When Your Provider Leaves the Network.
If You are in an ongoing course of treatment when Your Provider leaves Our network, then You may be able to continue to receive Covered Services for the ongoing treatment from the former Participating Provider for up to 90 days from the date Your Provider’s contractual obligation to provide services to You terminates. If You are pregnant and in Your second or third trimester, You may be able to continue care with a former Participating Provider through delivery and any postpartum care directly related to the delivery.

In order for You to continue to receive Covered Services for up to 90 days or through a pregnancy with a former Participating Provider, the Provider must agree to accept as payment the negotiated fee that was in effect just prior to the termination of Our relationship with the Provider. The Provider must also agree to provide Us necessary medical information related to Your care and adhere to our policies and procedures, including those for assuring quality of care, obtaining Preauthorization, and a treatment plan approved by Us. If the Provider agrees to these conditions, You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing. Please note that if the Provider was terminated by Us due to fraud, imminent harm to patients or final disciplinary action by a state board or agency that impairs the Provider’s ability to practice, continued treatment with that Provider is not available.

C. New Members In a Course of Treatment.
If You are in an ongoing course of treatment with a Non-Participating Provider when Your coverage under this Certificate becomes effective, You may be able to receive Covered Services for the ongoing treatment from the Non-Participating Provider for up to 60 days from the effective date of Your coverage under this Certificate. This course of treatment must be for a life-threatening disease or condition or a degenerative and disabling condition or disease. You may also continue care with a Non-Participating Provider if You are in the second or third trimester of a pregnancy when Your coverage under this Certificate becomes effective. You may continue care through delivery and any post-partum services directly related to the delivery.

The Provider must also agree to provide Us necessary medical information related to Your care and to adhere to Our policies and procedures including those for assuring quality of care, obtaining Preauthorization, Referrals, and a treatment plan approved by Us. If the Provider agrees to these conditions, You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing.

4. **Family.** If You selected family coverage, then You and Your Spouse and Your Child or Children, as described below, are covered.

C. Children Covered Under this Certificate.
If You selected parent and child/children or family coverage, Children covered under this Certificate include Your natural Children, legally adopted Children, step Children, and Children for whom You are the proposed adoptive parent without regard to financial dependence, residency with You, student status or employment. A proposed adopted Child is eligible for coverage on the same basis as a natural Child during any waiting period prior to the finalization of the Child's adoption. Coverage lasts until the end of the year in which the Child turns 26 years of age. Coverage also includes Children for whom You are a legal guardian if the Children are chiefly dependent upon You for support and You have been appointed the legal guardian by a court order.

Any unmarried dependent Child, regardless of age, who is incapable of self-sustaining employment by reason of mental illness, developmental disability, mental retardation (as defined in the New York Mental Hygiene Law), or physical handicap and who became so incapable prior to attainment of the age at which the Child's coverage would otherwise terminate and who is chiefly dependent upon You for support and maintenance, will remain covered while Your insurance remains in force and Your Child remains in such condition. You have 31 days from the date of Your Child's attainment of the termination age to submit an application to request that the Child be included in Your coverage and proof of the Child’s incapacity. We have the right to check whether a Child qualifies and continues to qualify under this section.
We have the right to request and be furnished with such proof as may be needed to determine eligibility status of a prospective or covered Subscriber and all other prospective or covered Members in relation to eligibility for coverage under this Certificate at any time.

D. When Coverage Begins.
Coverage under this Certificate will begin as follows:
1. If You, the Subscriber, elect coverage before becoming eligible, or within 30 days of becoming eligible for other than a special enrollment period, coverage begins on the date You become eligible, or on the date determined by Your Group. Groups cannot impose waiting periods that exceed 90 days.
2. If You, the Subscriber, do not elect coverage upon becoming eligible, or within 30 days of becoming eligible for other than a special enrollment period, You must wait until the Group’s next open enrollment period to enroll, except as provided below.
3. If You, the Subscriber, marry while covered, and We receive notice of such marriage and any Premium payment within 30 days thereafter, coverage for Your Spouse and Child starts on the first day of the following month after We receive Your application. If We do not receive notice within 30 days of the marriage, You must wait until the Group’s next open enrollment period to add Your Spouse or Child.
4. If You, the Subscriber, have a newborn or adopted newborn Child and We receive notice of such birth within 30 days thereafter, coverage for Your newborn starts at the moment of birth; otherwise, coverage begins on the date on which We receive notice. Your adopted newborn Child will be covered from the moment of birth if You take physical custody of the infant as soon as the infant is released from the Hospital after birth and You file a petition pursuant to Section 115-c of the New York Domestic Relations Law within 30 days of the infant’s birth; and provided further that no notice of revocation to the adoption has been filed pursuant to Section 115-b of the New York Domestic Relations Law, and consent to the adoption has not been revoked. However, We will not provide Hospital benefits for the adopted newborn’s initial Hospital stay if one of the infant’s natural parents has coverage for the newborn’s initial Hospital stay. If You have individual or individual and Spouse coverage, You must also notify Us of Your desire to switch to parent and child/children or family coverage and pay any additional Premium within 30 days of the birth or adoption in order for coverage to start at the moment of birth. Otherwise, coverage begins on the date on which We receive notice, provided that You pay any additional Premium when due.

E. Special Enrollment Periods.

3. Death of the Spouse;
4. Legal separation, divorce or annulment;
5. Reduction of hours of employment;
6. Employer contributions toward the group health plan were terminated for You or Your Dependents’ coverage; or
7. A Child no longer qualifies for coverage as a Child under the other group health plan.
You, Your Spouse or Child can also enroll 30 days from exhaustion of Your COBRA or continuation coverage or if You gain a Dependent or become a Dependent through marriage, birth, adoption, or placement for adoption.

We must receive notice and Premium payment within 30 days of one of these events. Your coverage will begin on the first day of the following month after We receive Your application. If You gain a Dependent or become a Dependent due to a birth, adoption, or placement for adoption, Your coverage will begin on the date of the birth, adoption or placement for adoption.

In addition, You, Your Spouse or Child, can also enroll for coverage within 60 days of the occurrence of one of the following events:

1. You or Your Spouse or Child loses eligibility for Medicaid or Child Health Plus; or

SECTION VII

Ambulance and Pre-Hospital Emergency Medical Services

Please refer to the Schedule of Benefits section of this Certificate for Cost-Sharing requirements, day or visit limits, and any Preauthorization or Referral requirements that apply to these benefits. Pre-Hospital Emergency Medical Services and ambulance services for the treatment of an Emergency Condition do not require Preauthorization.

A. Emergency Ambulance Transportation.

1. Pre-Hospital Emergency Medical Services. We Cover Pre-Hospital Emergency Medical Services worldwide for the treatment of an Emergency Condition when such services are provided by an ambulance service.

“Pre-Hospital Emergency Medical Services” means the prompt evaluation and treatment of an Emergency Condition and/or non-airborne transportation to a Hospital. The services must be provided by an ambulance service issued a certificate under the New York Public Health Law. We will, however, only Cover transportation to a Hospital provided by such an ambulance service when a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of such transportation to result in:

- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;
- Serious impairment to such person’s bodily functions;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person.

An ambulance service must hold You harmless and may not charge or seek reimbursement from You for Pre-Hospital Emergency Medical Services except for the collection of any applicable Copayment, Deductible, or Coinsurance.

In the absence of negotiated rates, We will pay a Non-Participating Provider the usual and customary charge for Pre-Hospital Emergency Medical Services, which shall not be excessive or unreasonable. The usual and customary charge for Pre-Hospital Emergency Medical Services is the lesser of the FAIR Health rate at the 80th percentile or the Provider’s billed charges.

2. Emergency Ambulance Transportation. In addition to Pre-Hospital Emergency Medical Services, We also Cover emergency ambulance transportation worldwide by a licensed ambulance service (either ground, water or air ambulance) to the nearest Hospital where Emergency Services can be performed. This coverage includes emergency ambulance transportation to a Hospital when the originating Facility does not have the ability to treat Your Emergency Condition.
B. Non-Emergency Ambulance Transportation.
We Cover non-emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance, as appropriate) between Facilities when the transport is any of the following:
- From a non-participating Hospital to a participating Hospital;
- To a Hospital that provides a higher level of care that was not available at the original Hospital;
- To a more cost-effective Acute care Facility; or
- From an Acute care Facility to a sub-Acute setting.

C. Air Ambulance Allowed Amount for Non-Participating Providers.
We will pay an air ambulance Non-Participating Provider 100% of the Centers for Medicare and Medicaid Services Provider fee schedule unadjusted for geographic locality. We reserve the right to negotiate a lower rate with the Non-Participating Provider.

If Your Non-Participating Provider charges more than the Allowed Amount, You will have to pay the difference between the Allowed Amount and the Provider’s charge, in addition to Your Copayment, Deductible, or Coinsurance.

D. Limitations/Terms of Coverage.
- We do not Cover travel or transportation expenses, unless connected to an Emergency Condition or due to a Facility transfer approved by Us, even though prescribed by a Physician.
- We do not Cover non-ambulance transportation such as ambulette, van or taxi cab.
- Coverage for air ambulance related to an Emergency Condition or air ambulance related to non-emergency transportation is provided when Your medical condition is such that transportation by land ambulance is not appropriate; and Your medical condition requires immediate and rapid ambulance transportation that cannot be provided by land ambulance; and one (1) of the following is met:
  - The point of pick-up is inaccessible by land vehicle; or
  - Great distances or other obstacles (e.g., heavy traffic) prevent Your timely transfer to the nearest Hospital with appropriate facilities.
SECTION VIII
Emergency Services and Urgent Care

Please refer to the Schedule of Benefits section of this Certificate for Cost-Sharing requirements, day or visit limits, and any Preauthorization or Referral requirements that apply to these benefits.

A. Emergency Services.
We Cover Emergency Services for the treatment of an Emergency Condition in a Hospital.

We define an “Emergency Condition” to mean: A medical or behavioral condition that manifests itself by Acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:

- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;
- Serious impairment to such person’s bodily functions;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person.

For example, an Emergency Condition may include, but is not limited to, the following conditions:
- Severe chest pain
- Severe or multiple injuries
- Severe shortness of breath
- Sudden change in mental status (e.g., disorientation)
- Severe bleeding
- Acute pain or conditions requiring immediate attention such as suspected heart attack or appendicitis
- Poisonings
- Convulsions

Coverage of Emergency Services for treatment of Your Emergency Condition will be provided regardless of whether the Provider is a Participating Provider. We will also Cover Emergency Services to treat Your Emergency Condition worldwide. However, We will Cover only those Emergency Services and supplies that are Medically Necessary and are performed to treat or stabilize Your Emergency Condition in a Hospital.

Please follow the instructions listed below regardless of whether or not You are in Our Service Area at the time Your Emergency Condition occurs:

1. Hospital Emergency Department Visits. In the event that You require treatment for an Emergency Condition, seek immediate care at the nearest Hospital emergency department or call 911. Emergency Department Care does not require Preauthorization. However, only Emergency Services for the treatment of an Emergency Condition are Covered in an emergency department. We do not Cover follow-up care or routine care provided in a Hospital emergency department.
2. **Emergency Hospital Admissions.** In the event that You are admitted to the Hospital, You or someone on Your behalf must notify Us at the number on Your ID card within 48 hours of Your admission, or as soon as is reasonably possible.

3. **Payments Relating to Emergency Services Rendered.** The amount We pay a Non-Participating Provider for Emergency Services will be

   1) the amount We have negotiated with Participating Providers for the Emergency Service (and if more than one amount is negotiated, the median of the amounts);
   2) 100% of the Allowed Amount for services provided by a Non-Participating Provider (i.e., the amount We would pay in the absence of any Cost-Sharing that would otherwise apply for services of Non-Participating Providers); or
   3) the amount that would be paid under Medicare. The amounts described above exclude any Copayment or Coinsurance that applies to Emergency Services provided by a Participating Provider.

   If a dispute involving a payment for physician or Hospital services is submitted to an independent dispute resolution entity (“IDRE”), We will pay the amount, if any, determined by the IDRE for physician or Hospital services.

   You are responsible for any in-network Copayment, Deductible or Coinsurance. You will be held harmless for any Non-Participating Provider charges that exceed Your Copayment, Deductible or Coinsurance. Additionally, if You assign benefits to a Non-Participating Provider in writing, the Non-Participating Provider may only bill You for Your In-Network Copayment, Deductible or Coinsurance. If You receive a bill from a Non-Participating Provider that is more than Your In-Network Copayment, Deductible or Coinsurance, You should contact Us.

B. **Urgent Care.**

   Urgent Care is medical care for an illness, injury or condition serious enough that a reasonable person would seek care right away, but not so severe as to require Emergency Department Care. Urgent Care is typically available after normal business hours, including evenings and weekends. If You need care after normal business hours, including evenings, weekends or holidays, You have options. You can call Your Provider’s office for instructions or visit an Urgent Care Center. If You have an Emergency Condition, seek immediate care at the nearest Hospital emergency department or call 911. **Urgent Care is Covered in Our Service Area.**

   1. **In-Network.** We Cover Urgent Care from a participating Physician or a participating Urgent Care Center. You do not need to contact Us prior to or after Your visit.

   2. **Out-of-Network.** We do not Cover Urgent Care from non-participating Urgent Care Centers or Physicians.

   If Urgent Care results in an emergency admission, please follow the instructions for emergency Hospital admissions described above.

When You are receiving inpatient care in a Facility, We will not Cover additional charges for special duty nurses, charges for private rooms (unless a private room is Medically Necessary), or medications and supplies You take home from the Facility. If You occupy a private room, and the private room is not Medically Necessary, Our Coverage will be based on the Facility’s maximum semi-private room charge. You will have to pay the difference between that charge and the private room charge.
2. We do not cover radio, telephone or television expenses, or beauty or barber services.
3. We do not cover any charges incurred after the day we advise you it is no longer medically necessary for you to receive inpatient care, unless our denial is overturned by an external appeal agent.

family member of a person suffering from a substance use disorder; and 2) is covered
under the same family Certificate that covers the person receiving, or in need of,

You may request a copy of Our Formulary. Our Formulary is also available on Our website Aetna.com. You may inquire if a specific drug is Covered under this Certificate by contacting Us at the number on Your ID card.

**B. Refills.**

We Cover Refills of Prescription Drugs only when dispensed at a retail, mail order or designated pharmacy as ordered by an authorized Provider. Benefits for Refills will not be provided beyond one (1) year from the original prescription date. For prescription eye drop medication, We allow for the limited refilling of the prescription prior to the last day of the approved dosage period without regard to any coverage restrictions on early Refill of renewals. To the extent practicable, the quantity of eye drops in the early Refill will be limited to the amount remaining on the dosage that was initially dispensed. Your Cost-Sharing for the limited Refill is the amount that applies to each prescription or Refill as set forth in the Schedule of Benefits section of this Certificate.
C. Benefit and Payment Information.

1. Cost-Sharing Expenses. You are responsible for paying the costs outlined in the Schedule of Benefits section of this Certificate when Covered Prescription Drugs are obtained from a retail, mail order or designated pharmacy.

You have a three (3) tier plan design, which means that Your out-of-pocket expenses will generally be lowest for Prescription Drugs on tier 1 and highest for Prescription Drugs on tier 3. Your out-of-pocket expense for Prescription Drugs on tier 2 will generally be more than for tier 1 but less than tier 3.

For most Prescription Drugs, You pay only the Cost-Sharing in the Schedule of Benefits. An additional charge, called an “ancillary charge,” may apply to some Prescription Drugs when a Prescription Drug on a higher tier is dispensed at Your or Your Provider’s request and Our formulary includes a chemically equivalent Prescription Drug on a lower tier. You will pay the difference between the full cost of the Prescription Drug on the higher tier and the cost of the Prescription Drug on the lower tier. The cost difference is not Covered and must be paid by You in addition to the lower tier Cost-Sharing. If Your Provider thinks that a chemically equivalent Prescription Drug on a lower tier is not clinically appropriate, You, Your designee or Your Provider may request that We approve coverage at the higher tier Cost-Sharing. If approved, You will pay the higher tier Cost-Sharing only. If We do not approve coverage at the higher tier Cost-Sharing, You are entitled to an Appeal as outlined in the Utilization Review and External Appeal sections of this Certificate. The request for an approval should include a statement from Your Provider that the Prescription Drug at the lower tier is not clinically appropriate (e.g., it will be or has been ineffective or would have adverse effects.) We may also request clinical documentation to support this statement. If We do not approve coverage for the Prescription Drug on the higher tier, the ancillary charge will not apply toward Your Out-of-Pocket Limit.

You are responsible for paying the full cost (the amount the pharmacy charges You) for any non-Covered Prescription Drug, and Our contracted rates (Our Prescription Drug Cost) will not be available to You.

2. Participating Pharmacies. For Prescription Drugs purchased at a retail or mail order or designated Participating Pharmacy, You are responsible for paying the lower of:
   - The applicable Cost-Sharing; or
   - The Prescription Drug Cost for that Prescription Drug.

   (Your Cost-Sharing will never exceed the Usual and Customary Charge of the Prescription Drug.)

In the event that Our Participating Pharmacies are unable to provide the Covered Prescription Drug, and cannot order the Prescription Drug within a reasonable time, You may, with Our prior approval, go to a Non-Participating Pharmacy that is able to provide the Prescription Drug. We will pay You the Prescription Drug Cost for such approved Prescription Drug less Your required in-network Cost-Sharing upon receipt of a complete Prescription Drug claim form. Contact Us at the number on Your ID card or visit Our website at Aetna.com to request approval.
3. **Non-Participating Pharmacies.** We will not pay for any Prescription Drugs that You purchase at a Non-Participating retail or mail order Pharmacy other than as described above.

4. **Designated Pharmacies.** If You require certain Prescription Drugs including, but not limited to specialty Prescription Drugs, We may direct You to a Designated Pharmacy with whom We have an arrangement to provide those Prescription Drugs.

Generally, specialty Prescription Drugs are Prescription Drugs that are approved to treat limited patient populations or conditions; are normally injected, infused or require close monitoring by a Provider; or have limited availability, special dispensing and delivery requirements and/or require additional patient supports.

If You are directed to a Designated Pharmacy and You choose not to obtain Your Prescription Drug from a Designated Pharmacy, You will not have coverage for that Prescription Drug.

See the Supply Limits paragraph below for information regarding supply limits for contraceptive drugs and devices. You are responsible for paying the lower of:
  • The applicable Cost-Sharing; or
  • The Prescription Drug Cost for that Prescription Drug.
(Your Cost-Sharing will never exceed the Usual and Customary Charge of the Prescription Drug.)

To maximize Your benefit, ask Your Provider to write Your Prescription Order or Refill for a 90-day supply, with Refills when appropriate (not a 30-day supply with three (3) Refills).

Following are the therapeutic classes of Prescription Drugs or conditions that are included in this program:
• Asthma;

6. **Mail Order.** Certain Prescription Drugs may be ordered through Our mail order pharmacy after an initial 30-day supply, devices or products which are available for a 12-month supply. You are responsible for paying the lower of:
  • The applicable Cost-Sharing; or
  • The Prescription Drug Cost for that Prescription Drug.
(Your Cost-Sharing will never exceed the Usual and Customary Charge of the Prescription Drug.)

To maximize Your benefit, ask Your Provider to write Your Prescription Order or Refill for a 90-day supply, with Refills when appropriate (not a 30-day supply with three (3) Refills). You may be charged the mail order Cost-Sharing for any Prescription Orders or Refills sent to the mail order pharmacy regardless of the number of days supply written on the Prescription Order or Refill.

Prescription Drugs purchased through mail order will be delivered directly to Your home or office.
We will provide benefits that apply to drugs dispensed by a mail order pharmacy to drugs that are purchased from a retail pharmacy when that retail pharmacy has a participation agreement with Us in which it agrees to be bound by the same terms and conditions as a participating mail order pharmacy.

You or Your Provider may obtain a copy of the list of Prescription Drugs available through mail order by visiting Our website at Aetna.com or by calling the number on Your ID card.

7. Tier Status. The tier status of a Prescription Drug may change periodically, but no more than four (4) times per Plan Year, or when a Brand-Name Drug becomes available as a Generic Drug as described below, based on Our tiering decisions. These changes may occur without prior notice to You. However, if You have a prescription for a drug that is being moved to a higher tier or is being removed from Our Formulary, We will notify You at least 30 days before the change is effective. When such changes occur, Your Cost-Sharing may change. You may also request a Formulary exception for a Prescription Drug that is no longer on the Formulary as outlined below and in the External Appeal section of this Certificate. You may access the most up to date tier status on Our website at Aetna.com or by calling the number on Your ID card.

8. When a Brand-Name Drug Becomes Available as a Generic Drug. When a Brand-Name Drug becomes available as a Generic Drug, the tier placement of the Brand-Name Prescription Drug may change. If this happens, You will pay the Cost-Sharing applicable to the tier to which the Prescription Drug is assigned or the Brand-Name Drug will be removed from the Formulary and You no longer have benefits for that particular Brand-Name Drug. Please note, if You are taking a Brand-Name Drug that is being excluded or placed on a higher tier due to a Generic Drug becoming available, You will receive 30 days’ advance written notice of the change before it is effective.

9. Formulary Exception Process. If a Prescription Drug is not on Our Formulary, You, Your designee or Your prescribing Health Care Professional may request a Formulary exception for a clinically-appropriate Prescription Drug in writing, electronically or telephonically. The request should include a statement from Your prescribing Health Care Professional that all Formulary drugs will be or have been ineffective, would not be as effective as the non-Formulary drug, or would have adverse effects. If coverage is denied under Our standard or expedited Formulary exception process, You are entitled to an external appeal as outlined in the External Appeal section of this Certificate. Visit Our website Aetna.com or call the number on Your ID card to find out more about this process.

Standard Review of a Formulary Exception. We will make a decision and notify You or Your designee and the prescribing Health Care Professional by telephone no later than 72 hours after Our receipt of Your request. We will notify You in writing within three (3) business days of receipt of Your request. If We approve the request, We will Cover the Prescription Drug while You are taking the Prescription Drug, including any refills.
**Expedited Review of a Formulary Exception.** If You are suffering from a health condition that may seriously jeopardize Your health, life or ability to regain maximum function or if You are undergoing a current course of treatment using a non-Formulary Prescription Drug, You may request an expedited review of a Formulary exception. The request should include a statement from Your prescribing Health Care Professional that harm could reasonably come to You if the requested drug is not provided within the timeframes for Our standard Formulary exception process. We will make a decision and notify You or Your designee and the prescribing Health Care Professional by telephone no later than 24 hours after Our receipt of Your request. We will notify You in writing within three (3) business days of receipt of Your request. If We approve the request, We will Cover the Prescription Drug while You suffer from the health condition that may seriously jeopardize Your health, life or ability to regain maximum function or for the duration of Your current course of treatment using the non-Formulary Prescription Drug.

**10. Supply Limits.** Except for contraceptive drugs, devices, or products, We will pay for no more than a 30-day supply of a Prescription Drug purchased at a retail pharmacy or Designated Pharmacy. You are responsible for one (1) Cost-Sharing amount for up to a 30-day supply. However, for Maintenance Drugs We will pay for up to a 90-day supply of a drug purchased at a retail pharmacy. You are responsible for up to three (3) Cost-Sharing amounts for a 90-day supply at a retail pharmacy.

You may have the entire supply (of up to 12 months) of the contraceptive drug, device, or product dispensed at the same time. Contraceptive drugs, devices, or products are not subject to Cost-Sharing when provided by a Participating Pharmacy.

Benefits will be provided for Prescription Drugs dispensed by a mail order pharmacy in a quantity of up to a 90-day supply. You are responsible for one (1) Cost-Sharing amount for a 30-day supply up to a maximum of three (3) Cost-Sharing amounts for a 90-day supply.

Specialty Prescription Drugs may be limited to a 30-day supply when obtained at a retail or mail order pharmacy. You may access Our website Aetna.com or by calling the number on Your ID card for more information on supply limits for specialty Prescription Drugs.

Some Prescription Drugs may be subject to quantity limits based on criteria that We have developed, subject to Our periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month’s supply. You can determine whether a Prescription Drug has been assigned a maximum quantity level for dispensing by accessing Our website at Aetna.com or by calling the number on Your ID card. If We deny a request to Cover an amount that exceeds Our quantity level, You are entitled to an Appeal pursuant to the Utilization Review and External Appeal sections of this Certificate.
11. Initial Limited Supply of Prescription Opioid Drugs. If You receive an initial limited prescription for a seven (7) day supply or less of any schedule II, III, or IV opioid prescribed for Acute pain, and You have a Copayment, Your Copayment will be the same Copayment that would apply to a 30-day supply of the Prescription Drug. If You receive an additional supply of the Prescription Drug within the same 30-day period in which You received the seven (7) day supply, You will not be responsible for an additional Copayment for the remaining 30-day supply of that Prescription Drug.

12. Cost-Sharing for Orally-Administered Anti-Cancer Drugs. Your Cost-Sharing for orally-administered anti-cancer drugs is at least as favorable to You as the Cost-Sharing amount, if any, that applies to intravenous or injected anticancer medications Covered under the Outpatient and Professional Services section of this Certificate.

D. Medical Management.
This Certificate includes certain features to determine when Prescription Drugs should be Covered, which are described below. As part of these features, Your prescribing Provider may be asked to give more details before We can decide if the Prescription Drug is Medically Necessary.

1. Preauthorization. Preauthorization may be needed for certain Prescription Drugs to make sure proper use and guidelines for Prescription Drug coverage are followed. When appropriate, Your Provider will be responsible for obtaining Preauthorization for the Prescription Drug. Should You choose to purchase the Prescription Drug without obtaining Preauthorization, You must pay for the cost of the entire Prescription Drug and submit a claim to Us for reimbursement. Preauthorization is not required for Covered medications to treat substance use disorder, including opioid overdose reversal medications prescribed or dispensed to You.

For a list of Prescription Drugs that need Preauthorization, please visit Our website at Aetna.com or call the number on Your ID card. The list will be reviewed and updated from time to time. We also reserve the right to require Preauthorization for any new Prescription Drug on the market or for any currently available Prescription Drug which undergoes a change in prescribing protocols and/or indications regardless of the therapeutic classification, including if a Prescription Drug or related item on the list is not Covered under Your Certificate. Your Provider may check with Us to find out which Prescription Drugs are Covered.

3. Therapeutic Substitution. Therapeutic substitution is an optional program that tells You and Your Providers about alternatives to certain prescribed drugs. We may contact You and Your Provider to make You aware of these choices. Only You and Your Provider can determine if the therapeutic substitute is right for You. We have a therapeutic drug substitutes list, which We review and update from time to time. For questions or issues about therapeutic drug substitutes, visit Our website at Aetna.com or call the number on Your ID card.

E. Limitations/Terms of Coverage.
1. We reserve the right to limit quantities, day supply, early Refill access and/or duration of therapy for certain medications based on Medical Necessity including acceptable medical standards and/or FDA recommended guidelines.
2. If We determine that You may be using a Prescription Drug in a harmful or abusive manner, or with harmful frequency, Your selection of Participating Pharmacies may be limited. If this happens, We may require You to select a single Participating Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if You use the selected single Participating Pharmacy. If You do not make a selection within 31 days of the date We notify You, We will select a single Participating Pharmacy for You.

3. Compounded Prescription Drugs will be Covered only when they contain at least one (1) ingredient that; the primary ingredient is a Covered legend Prescription Drug, they are not essentially the same as a Prescription Drug from a manufacturer and are obtained from a pharmacy that is approved for compounding. All compounded Prescription Drugs over $100 require Your Provider to obtain Preauthorization.

4. Various specific and/or generalized “use management” protocols will be used from time to time in order to ensure appropriate utilization of medications. Such protocols will be consistent with standard medical/drug treatment guidelines. The primary goal of the protocols is to provide Our Members with a quality-focused Prescription Drug benefit. In the event a use management protocol is implemented, and You are taking the drug(s) affected by the protocol, You will be notified in advance.

5. Injectable drugs (other than self-administered injectable drugs) and diabetic insulin, oral hypoglycemics, and diabetic supplies and equipment are not Covered under this section but are Covered under other sections of this Certificate. Your benefit for diabetic insulin, oral hypoglycemics, and diabetic Prescription Drugs, diabetic supplies, and equipment will be provided under this section of the Certificate if the Cost-Sharing is more favorable to You under this section of the Certificate than the Additional Benefits, Equipment and Devices section of this Certificate.

6. We do not Cover charges for the administration or injection of any Prescription Drug. Prescription Drugs given or administered in a Physician’s office are Covered under the Outpatient and Professional Services section of this Certificate.

7. We do not Cover drugs that do not by law require a prescription, except for smoking cessation drugs, over-the-counter preventive drugs or devices provided in accordance with the comprehensive guidelines supported by HRSA or with an “A” or “B” rating from USPSTF, or as otherwise provided in this Certificate. We do not Cover Prescription Drugs that have over-the-counter non-prescription equivalents, except if specifically designated as Covered in the drug Formulary. Non-prescription equivalents are drugs available without a prescription that have the same name/chemical entity as their prescription counterparts.

8. We do not Cover Prescription Drugs to replace those that may have been lost or stolen.
9. We do not Cover Prescription Drugs dispensed to You while in a Hospital, nursing home, other institution, Facility, or if You are a home care patient, except in those cases where the basis of payment by or on behalf of You to the Hospital, nursing home, Home Health Agency or home care services agency, or other institution, does not include services for drugs.

10. We reserve the right to deny benefits as not Medically Necessary or experimental or investigational for any drug prescribed or dispensed in a manner contrary to standard medical practice. If coverage is denied, You are entitled to an Appeal as described in the Utilization Review and External Appeal sections of this Certificate.

11. A pharmacy need not dispense a Prescription Order that, in the pharmacist’s professional judgment, should not be filled.

F. General Conditions.
1. You must show Your ID card to a retail pharmacy at the time You obtain Your Prescription Drug or You must provide the pharmacy with identifying information that can be verified by Us during regular business hours.

2. Drug Utilization, Cost Management and Rebates. We conduct various utilization management activities designed to ensure appropriate Prescription Drug usage, to avoid inappropriate usage, and to encourage the use of cost-effective drugs. Through these efforts, You benefit by obtaining appropriate Prescription Drugs in a cost-effective manner. The cost savings resulting from these activities are reflected in the Premiums for Your coverage.

We may also, from time to time, enter into agreements that result in Us receiving rebates or other funds (“rebates”) directly or indirectly from Prescription Drug manufacturers, Prescription Drug distributors or others. Any rebates are based upon utilization of Prescription Drugs across all of Our business and not solely on any one Member’s utilization of Prescription Drugs. Any rebates received by Us may or may not be applied, in whole or part, to reduce premiums either through an adjustment to claims costs or as an adjustment to the administrative expenses component of Our Prescription Drug premiums. Any such rebates may be retained by Us, in whole or part, in order to fund such activities as new utilization management activities, community benefit activities and increasing reserves for the protection of Members. Rebates will not change or reduce the amount of any Copayment or Coinsurance applicable under Our Prescription Drug coverage. If a Prescription Drug is eligible for a rebate, most of the projected value of the rebate will be used to reduce the Allowed Amount for the Prescription Drug. Your Deductible or Coinsurance is calculated using that reduced Allowed Amount. The remaining value of that rebate will be used to reduce costs for all Members enrolled in coverage. Not all Prescription Drugs are eligible for a rebate, and rebates can be discontinued or applied at any time based on the terms of the rebate agreements. Because the exact value of the rebate will not be known at the time You purchase the Prescription Drug, the amount of the rebate applied to Your claim will be based on an estimate. Payment on Your claim and Your Cost-Sharing will not be adjusted if the later-determined rebate value is higher or lower than Our estimate.
G. Definitions.

2. **Designated Pharmacy:** A pharmacy that has entered into an agreement with Us or with an organization contracting on Our behalf, to provide specific Prescription Drugs, including but not limited to, specialty Prescription Drugs. The fact that a pharmacy is a Participating Pharmacy does not mean that it is a Designated Pharmacy.

This list is subject to Our periodic review and modification (no more than four (4) times per Plan Year or when a Brand-Name Drug becomes available as a Generic Drug). You, Your designee, and, in retrospective review cases, Your Provider, may request an internal Appeal of an adverse determination, either by phone, in person, or in writing.

You have up to 180 calendar days after You receive notice of the adverse determination to file an Appeal. We will acknowledge Your request for an internal Appeal within 15 calendar days of receipt. This acknowledgment will include the name, address, and phone number of the person handling Your Appeal and, if necessary, inform You of any additional information needed before a decision can be made. The Appeal will be decided by a clinical peer reviewer who is not subordinate to the clinical peer reviewer who made the initial adverse determination and who is 1) a Physician or 2) a Health Care Professional in the same or similar specialty as the Provider who typically manages the disease or condition at issue.

1. Out-of-Network Service Denial. You also have the right to Appeal the denial of a Preauthorization request for an out-of-network health service when We determine that the out-of-network health service is not materially different from an available in-network health service. A denial of an out-of-network health service is a service provided by a Non-Participating Provider, but only when the service is not available from a Participating Provider. For a Utilization Review Appeal of denial of an out-of-network health service, You or Your designee must submit:
   • A written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition, that the requested out-of-network health service is materially different from the alternate health service available from a Participating Provider that We approved to treat Your condition; and
   • Two (2) documents from the available medical and scientific evidence that the out-of-network service: 1) is likely to be more clinically beneficial to You than the alternate in-network service; and 2) that the adverse risk of the out-of-network service would likely not be substantially increased over the in-network health service.

2. Out-of-Network Referral Denial. You also have the right to Appeal the denial of a request for a Referral to a Non-Participating Provider when We determine that We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.
For a Utilization Review Appeal of an out-of-network Referral denial, You or Your designee must submit a written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition:

- That the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs for the health care service; and
- Recommending a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

H. First Level Appeal.
1. Preauthorization Appeal. If Your Appeal relates to a Preauthorization request, We will decide the Appeal within 15 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 15 calendar days after receipt of the Appeal request.

2. Retrospective Appeal. If Your Appeal relates to a retrospective claim, We will decide the Appeal within 30 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 30 calendar days after receipt of the Appeal request.

3. Expedited Appeal. An Appeal of a review of continued or extended health care services, additional services rendered in the course of continued treatment, home health care services following discharge from an inpatient Hospital admission, services in which a Provider requests an immediate review, mental health and/or substance use disorder services that may be subject to a court order, or any other urgent matter will be handled on an expedited basis. An expedited Appeal is not available for retrospective reviews. For an expedited Appeal, Your Provider will have reasonable access to the clinical peer reviewer assigned to the Appeal within one (1) business day of receipt of the request for an Appeal. Your Provider and a clinical peer reviewer may exchange information by telephone or fax. An expedited Appeal will be determined within the earlier of 72 hours of receipt of the Appeal or two (2) business days of receipt of the information necessary to conduct the Appeal. Written notice of the determination will be provided to You (or Your designee) within 24 hours after the determination is made, but no later than 72 hours after receipt of the Appeal request.

If You are not satisfied with the resolution of Your expedited Appeal, You may file a standard internal Appeal or an external appeal.

Our failure to render a determination of Your Appeal within 30 calendar days of receipt of the necessary information for a standard Appeal or within two (2) business days of receipt of the necessary information for an expedited Appeal will be deemed a reversal of the initial adverse determination.
4. **Substance Use Appeal.** If We deny a request for inpatient substance use disorder treatment that was submitted at least 24 hours prior to discharge from an inpatient admission, and You or Your Provider file an expedited internal Appeal of Our adverse determination, We will decide the Appeal within 24 hours of receipt of the Appeal request. If You or Your Provider file the expedited internal Appeal and an expedited external appeal within 24 hours of receipt of Our adverse determination, We will also provide coverage for the inpatient substance use disorder treatment while a determination on the internal Appeal and external appeal is pending.

I. **Full and Fair Review of an Appeal.**
We will provide You, free of charge, with any new or additional evidence considered, relied upon, or generated by Us or any new or additional rationale in connection with Your Appeal. The evidence or rationale will be provided as soon as possible and sufficiently in advance of the date on which the notice of final adverse determination is required to be provided to give You a reasonable opportunity to respond prior to that date.

J. **Second Level Appeal.**
If You disagree with the first level Appeal determination, You or Your designee can file a second level Appeal. You or Your designee can also file an external appeal. The four (4) month timeframe for filing an external appeal begins on receipt of the final adverse determination on the first level of Appeal. By choosing to file a second level Appeal, the time may expire for You to file an external appeal.

A second level Appeal must be filed within 45 days of receipt of the final adverse determination on the first level Appeal. We will acknowledge Your request for an internal Appeal within 15 calendar days of receipt. This acknowledgment will include the name, address, and phone number of the person handling Your Appeal and inform You, if necessary, of any additional information needed before a decision can be made.

1. **Preauthorization Appeal.** If Your Appeal relates to a Preauthorization request, We will decide the Appeal within 15 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 15 calendar days after receipt of the Appeal request.

2. **Retrospective Appeal.** If Your Appeal relates to a retrospective claim, We will decide the Appeal within 30 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 30 calendar days after receipt of the Appeal request.

3. ** Expedited Appeal.** If Your Appeal relates to an urgent matter, We will decide the Appeal and provide written notice of the determination to You (or Your designee), and where appropriate, Your Provider, within 72 hours of receipt of the Appeal request.

SECTION XVIII

External Appeal

A. Your Right to an External Appeal.
In some cases, You have a right to an external appeal of a denial of coverage. If We have denied coverage on the basis that a service is not Medically Necessary (including appropriateness, health care setting, level of care or effectiveness of a Covered benefit); or is an experimental or investigational treatment (including clinical trials and treatments for rare diseases); or is an out-of-network treatment, You or Your representative may appeal that decision to an External Appeal Agent, an independent third party certified by the State to conduct these appeals.

In order for You to be eligible for an external appeal You must meet the following two (2) requirements:

- The service, procedure, or treatment must otherwise be a Covered Service under this Certificate; and
- In general, You must have received a final adverse determination through the first level of Our internal Appeal process. But, You can file an external appeal even though You have not received a final adverse determination through the first level of Our internal Appeal process if:
  - We agree in writing to waive the internal Appeal. We are not required to agree to Your request to waive the internal Appeal; or
  - You file an external appeal at the same time as You apply for an expedited internal Appeal; or
  - We fail to adhere to Utilization Review claim processing requirements (other than a minor violation that is not likely to cause prejudice or harm to You, and We demonstrate that the violation was for good cause or due to matters beyond Our control and the violation occurred during an ongoing, good faith exchange of information between You and Us).

B. Your Right to Appeal a Determination that a Service is Not Medically Necessary.
If We have denied coverage on the basis that the service is not Medically Necessary, You may appeal to an External Appeal Agent if You meet the requirements for an external appeal in paragraph “A” above.

C. Your Right to Appeal a Determination that a Service is Experimental or Investigational.
If We have denied coverage on the basis that the service is an experimental or investigational treatment (including clinical trials and treatments for rare diseases), You must satisfy the two (2) requirements for an external appeal in paragraph “A” above and Your attending Physician must certify that Your condition or disease is one for which:

1. Standard health services are ineffective or medically inappropriate; or
2. There does not exist a more beneficial standard service or procedure Covered by Us; or
3. There exists a clinical trial or rare disease treatment (as defined by law).

In addition, Your attending Physician must have recommended one (1) of the following:

1. A service, procedure or treatment that two (2) documents from available medical and scientific evidence indicate is likely to be more beneficial to You than any standard Covered Service (only certain documents will be considered in support of this recommendation – Your attending Physician should contact the State for current information as to what documents will be considered or acceptable); or

2. A clinical trial for which You are eligible (only certain clinical trials can be considered); or

3. A rare disease treatment for which Your attending Physician certifies that there is no standard treatment that is likely to be more clinically beneficial to You than the requested service, the requested service is likely to benefit You in the treatment of Your rare disease, and such benefit outweighs the risk of the service. In addition, Your attending Physician must certify that Your condition is a rare disease that is currently or was previously subject to a research study by the National Institutes of Health Rare Disease Clinical Research Network or that it affects fewer than 200,000 U.S. residents per year.

For purposes of this section, Your attending Physician must be a licensed, board-certified or board eligible Physician qualified to practice in the area appropriate to treat Your condition or disease. In addition, for a rare disease treatment, the attending Physician may not be Your treating Physician.

D. Your Right to Appeal a Determination that a Service is Out-of-Network.

If We have denied coverage of an out-of-network treatment because it is not materially different than the health service available in-network, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above, and You have requested Preauthorization for the out-of-network treatment.

In addition, Your attending Physician must certify that the out-of-network service is materially different from the alternate recommended in-network health service, and based on two (2) documents from available medical and scientific evidence, is likely to be more clinically beneficial than the alternate in-network treatment and that the adverse risk of the requested health service would likely not be substantially increased over the alternate in-network health service.

For purposes of this section, Your attending Physician must be a licensed, board certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

E. Your Right to Appeal an Out-of-Network Referral Denial to a Non-Participating Provider.

If We have denied coverage of a request for a Referral to a Non-Participating Provider because We determine We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above.
In addition, Your attending Physician must: 1) certify that the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs; and 2) recommend a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

For purposes of this section, Your attending Physician must be a licensed, board certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

F. Your Right to Appeal a Formulary Exception Denial.
If We have denied Your request for coverage of a non-formulary Prescription Drug through Our formulary exception process, You, Your designee or the prescribing Health Care Professional may appeal the formulary exception denial to an External Appeal Agent. See the Prescription Drug Coverage section of this Certificate for more information on the formulary exception process.

G. The External Appeal Process.
You have four (4) months from receipt of a final adverse determination or from receipt of a waiver of the internal Appeal process to file a written request for an external appeal. If You are filing an external appeal based on Our failure to adhere to claim processing requirements, You have four (4) months from such failure to file a written request for an external appeal.

We will provide an external appeal application with the final adverse determination issued through the first level of Our internal Appeal process or Our written waiver of an internal Appeal. You may also request an external appeal application from the New York State Department of Financial Services at 1-800-400-8882. Submit the completed application to the Department of Financial Services at the address indicated on the application. If You meet the criteria for an external appeal, the State will forward the request to a certified External Appeal Agent.

You can submit additional documentation with Your external appeal request. If the External Appeal Agent determines that the information You submit represents a material change from the information on which We based Our denial, the External Appeal Agent will share this information with Us in order for Us to exercise Our right to reconsider Our decision. If We choose to exercise this right, We will have three (3) business days to amend or confirm Our decision. Please note that in the case of an expedited external appeal (described below), We do not have a right to reconsider Our decision.

In general, the External Appeal Agent must make a decision within 30 days of receipt of Your completed application. The External Appeal Agent may request additional information from You, Your Physician, or Us. If the External Appeal Agent requests additional information, it will have five (5) additional business days to make its decision. The External Appeal Agent must notify You in writing of its decision within two (2) business days.
If Your attending Physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to Your health; or if Your attending Physician certifies that the standard external appeal time frame would seriously jeopardize Your life, health or ability to regain maximum function; or if You received Emergency Services and have not been discharged from a Facility and the denial concerns an admission, availability of care or continued stay, You may request an expedited external appeal. In that case, the External Appeal Agent must make a decision within 72 hours of receipt of Your completed application. Immediately after reaching a decision, the External Appeal Agent must notify You and Us by telephone or facsimile of that decision. The External Appeal Agent must also notify You in writing of its decision.

We will charge You a fee of $25 for each external appeal, not to exceed $75 in a single Plan Year. The external appeal application will explain how to submit the fee. We will waive the fee if We determine that paying the fee would be a hardship to You. If the External Appeal Agent overturns the denial of coverage, the fee will be refunded to You.

H. Your Responsibilities.

It is Your responsibility to start the external appeal process. You may start the external appeal process by filing a completed application with the New York State Department of Financial Services. You may appoint a representative to assist You with Your application; however, the Department of Financial Services may contact You and request that You confirm in writing that You have appointed the representative.

Under New York State law, Your completed request for external appeal must be filed within four (4) months of either the date upon which You receive a final adverse determination, or the date upon which You receive a written waiver of any internal Appeal, or Our failure to adhere to claim processing requirements. We have no authority to extend this deadline.
SECTION XIX
Coordination of Benefits

This section applies when You also have group health coverage with another plan. When You receive a Covered Service, We will coordinate benefit payments with any payment made by another plan. The primary plan will pay its full benefits and the other plan may pay secondary benefits, if necessary, to cover some or all of the remaining expenses. This coordination prevents duplicate payments and overpayments.

A. Definitions.
1. “Allowable expense” is the necessary, reasonable, and customary item of expense for health care, when the item is covered at least in part under any of the plans involved, except where a statute requires a different definition. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

2. “Plan” is other group health coverage with which We will coordinate benefits. The term “plan” includes:
   - Group health benefits and group blanket or group remittance health benefits coverage, whether insured, self-insured, or self-funded. This includes group HMO and other prepaid group coverage but does not include blanket school accident coverage or coverages issued to a substantially similar group (e.g., Girl Scouts, Boy Scouts) where the school or organization pays the premiums.
   - Medical benefits coverage, in group and individual automobile “no-fault” and traditional liability “fault” type contracts.
   - Hospital, medical, and surgical benefits coverage of Medicare or a governmental plan offered, required, or provided by law, except Medicaid or any other plan whose benefits are by law excess to any private insurance coverage.

3. “Primary plan” is one whose benefits must be determined without taking the existence of any other plan into consideration. A plan is primary if either: 1) the plan has no order of benefits rules or its rules differ from those required by regulation; or 2) all plans which cover the person use the order of benefits rules required by regulation and under those rules the plan determines its benefits first. More than one plan may be a primary plan (for example, two plans which have no order of benefit determination rules).

4. “Secondary plan” is one which is not a primary plan. If a person is covered by more than one secondary plan, the order of benefit determination rules decide the order in which their benefits are determined in relation to each other.

B. Rules to Determine Order of Payment.
The first of the rules listed below in paragraphs 1-6 that applies will determine which plan will be primary:
   1. If the other plan does not have a provision similar to this one, then the other plan will be primary.
2. If the person receiving benefits is the Subscriber and is only covered as a Dependent under the other plan, this Certificate will be primary.

3. If a child is covered under the plans of both parents and the parents are not separated or divorced, the plan of the parent whose birthday falls earlier in the year will be primary. If both parents have the same birthday, the plan which covered the parent longer will be primary. To determine whose birthday falls earlier in the year, only the month and day are considered. However, if the other plan does not have this birthday rule, but instead has a rule based on the sex of the parent and as a result the plans do not agree on which is primary, then the rule in the other plan will determine which plan is primary.

4. If a child is covered by both parents' plans, the parents are separated or divorced, and there is no court decree between the parents that establishes financial responsibility for the child’s health care expenses:
   - The plan of the parent who has custody will be primary;
   - If the parent with custody has remarried, and the child is also covered as a child under the step-parent’s plan, the plan of the parent with custody will pay first, the step-parent's plan will pay second, and the plan of the parent without custody will pay third; and
   - If a court decree between the parents says which parent is responsible for the child’s health care expenses, then that parent’s plan will be primary if that plan has actual knowledge of the decree.

5. If the person receiving services is covered under one plan as an active employee or member (i.e., not laid-off or retired), or as the spouse or child of such an active employee, and is also covered under another plan as a laid-off or retired employee or as the spouse or child of such a laid-off or retired employee, the plan that covers such person as an active employee or spouse or child of an active employee will be primary. If the other plan does not have this rule, and as a result the plans do not agree on which will be primary, this rule will be ignored.

6. If none of the above rules determine which plan is primary, the plan that covered the person receiving services longer will be primary.

C. Effects of Coordination.
When this plan is secondary, its benefits will be reduced so that the total benefits paid by the primary plan and this plan during a claim determination period will not exceed Our maximum available benefit for each Covered Service. Also, the amount We pay will not be more than the amount We would pay if We were primary. As each claim is submitted, We will determine Our obligation to pay for allowable expenses based upon all claims that have been submitted up to that point in time during the claim determination period.

D. Right to Receive and Release Necessary Information.
We may release or receive information that We need to coordinate benefits. We do not need to tell anyone or receive consent to do this. We are not responsible to anyone for releasing or obtaining this information. You must give Us any needed information for coordination purposes, in the time frame requested.
E. Our Right to Recover Overpayment.
If We made a payment as a primary plan, You agree to pay Us any amount by which We should have reduced Our payment. Also, We may recover any overpayment from the primary plan or the Provider receiving payment and You agree to sign all documents necessary to help Us recover any overpayment.

F. Coordination with “Always Excess,” “Always Secondary,” or “Non-Complying” Plans.
Except as described below, We will coordinate benefits with plans, whether insured or self-insured, that provide benefits that are stated to be always excess or always secondary or use order of benefit determination rules that are inconsistent with the rules described above in the following manner:

1. If this Certificate is primary, as defined in this section, We will pay benefits first.

2. If this Certificate is secondary, as defined in this section, We will pay only the amount We would pay as the secondary insurer.

3. If We request information from a non-complying plan and do not receive it within 30 days, We will calculate the amount We should pay on the assumption that the non-complying plan and this Certificate provide identical benefits. When the information is received, We will make any necessary adjustments.

If a blanket accident insurance policy issued in accordance with Section 1015.11 of the General Business Law contains a provision that its benefits are excess or always secondary, then this Certificate is primary.
SECTION XX

Termination of Coverage

Coverage under this Certificate will automatically be terminated on the first of the following to apply:

1. The Group and/or Subscriber has failed to pay Premiums within 30 days of when Premiums are due. Coverage will terminate as of the last day for which Premiums were paid.

2. The date on which the Subscriber ceases to meet the eligibility requirements as defined by the Group.

3. Upon the Subscriber’s death, coverage will terminate unless the Subscriber has coverage for Dependents. If the Subscriber has coverage for Dependents, then coverage will terminate as of the last day of the month for which the Premium had been paid.

4. For Spouses in cases of divorce, the date of the divorce.

5. For Children, until the end of the year in which the Child turns 26 years of age.

6. For all other Dependents, the end of the month in which the Dependent ceases to be eligible.

7. The end of the month during which the Group or Subscriber provides written notice to Us requesting termination of coverage, or on such later date requested for such termination by the notice.

8. If the Subscriber or the Subscriber’s Dependent has performed an act that constitutes fraud or the Subscriber has made an intentional misrepresentation of material fact in writing on his or her enrollment application, or in order to obtain coverage for a service, coverage will terminate immediately upon written notice of termination delivered by Us to the Subscriber and/or the Subscriber’s Dependent, as applicable. However, if the Subscriber makes an intentional misrepresentation of material fact in writing on his or her enrollment application, We will rescind coverage if the facts misrepresented would have led Us to refuse to issue the coverage. Rescission means that the termination of Your coverage will have a retroactive effect of up to one (1) year; Your enrollment under the Certificate. If termination is a result of the Subscriber’s action, coverage will terminate for the Subscriber and any Dependents. If termination is a result of the Dependent’s action, coverage will terminate for the Dependent.
9. The date that the Group Policy is terminated. If We decide to stop offering a particular class of group policies, without regard to claims experience or health related status, to which this Certificate belongs, We will provide the Group and Subscribers at least 90 days’ prior written notice.

10. If We decide to stop offering all hospital, surgical and medical expense coverage in the large group market in this state, We will provide written notice to the Group and Subscriber at least 180 days prior to when the coverage will cease.

11. The Group has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage.

12. The Group ceases to meet the statutory requirements to be defined as a group for the purposes of obtaining coverage. We will provide written notice to the Group at least 30 days prior to when the coverage will cease.

No termination shall prejudice the right to a claim for benefits which arose prior to such termination.

See the Continuation of Coverage section of this Certificate for Your right to continuation of this coverage. See the Conversion Right to a New Policy after Termination section of this Certificate for Your right to conversion to an individual Policy.
SECTION XXI

Extension of Benefits

When Your coverage under this Certificate ends, benefits stop. But, if You are totally disabled on the date the Group Policy terminates, or on the date Your coverage under this Certificate terminates, continued benefits may be available for the treatment of the injury or sickness that is the cause of the total disability.

A. When You May Continue Benefits.
When Your coverage under this Certificate ends, We will provide benefits during a period of total disability for a Hospital stay commencing, or surgery performed, within 31 days from the date Your coverage ends. The Hospital stay or surgery must be for the treatment of the injury, sickness, or pregnancy causing the total disability.

If Your coverage ends because You are no longer employed, We will provide benefits during a period of total disability for up to 12 months from the date Your coverage ends for Covered services to treat the injury, sickness, or pregnancy that caused the total disability, unless these services are covered under another group health plan.

B. Termination of Extension of Benefits.
Extended benefits will end on the earliest of the following:
- The date You are no longer totally disabled;
- The date the contractual benefit has been exhausted;
- 12 months from the date extended benefits began (if Your benefits are extended based on termination of employment); or
- With respect to the 12-month extension of coverage, the date You become eligible for benefits under any group policy providing medical benefits.

C. Limits on Extended Benefits.
We will not pay extended benefits:
- For any Member who is not totally disabled on the date coverage under this Certificate ends; or
- Beyond the extent to which We would have paid benefits under this Certificate if coverage had not ended.
Continuation of Coverage

Under the continuation of coverage provisions of the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (“COBRA”), most employer-sponsored group health plans must offer employees and their families the opportunity for a temporary continuation of health insurance coverage when their coverage would otherwise end. If You are not entitled to temporary continuation of coverage under COBRA, You may be entitled to temporary continuation coverage under the New York Insurance Law as described below. Call or write Your employer to find out if You are entitled to temporary continuation of coverage under COBRA or under the New York Insurance Law. Any period of continuation of coverage will terminate automatically at the end of the period of continuation provided under COBRA or the New York Insurance Law.

A. Qualifying Events.
Pursuant to federal COBRA and state continuation coverage laws, You, the Subscriber, Your Spouse and Your Children may be able to temporarily continue coverage under this Certificate in certain situations when You would otherwise lose coverage, known as qualifying events.

1. If Your coverage ends due to voluntary or involuntary termination of employment or a change in Your employee class (e.g., a reduction in the number of hours of employment), You may continue coverage. Coverage may be continued for You, Your Spouse and any of Your covered Children.

2. If You are a covered Spouse, You may continue coverage if Your coverage ends due to:
   - Voluntary or involuntary termination of the Subscriber’s employment;
   - Reduction in the hours worked by the Subscriber or other change in the Subscriber’s class;
   - Divorce or legal separation from the Subscriber; or
   - Death of the Subscriber.

3. If You are a covered Child, You may continue coverage if Your coverage ends due to:
   - Voluntary or involuntary termination of the Subscriber’s employment;
   - Reduction in the hours worked by the Subscriber or other change in the Subscriber’s class;
   - Loss of covered Child status under the plan rules; or
   - Death of the Subscriber.
If You want to continue coverage, You must request continuation from the Group in writing and make the first Premium payment within the 60-day period following the later of:

1. The date coverage would otherwise terminate; or
2. The date You are sent notice by first class mail of the right of continuation by the Group.

The Group may charge up to 102% of the Group Premium for continued coverage.

Continued coverage under this section will terminate at the earliest of the following:

1. The date 36 months after the Subscriber’s coverage would have terminated because of termination of employment;
2. If You are a covered Spouse or Child, the date 36 months after coverage would have terminated due to the death of the Subscriber, divorce or legal separation, the Subscriber’s eligibility for Medicare, or the failure to qualify under the definition of “Children”;
3. The date You become covered by an insured or uninsured arrangement that provides group hospital, surgical or medical coverage;
4. The date You become entitled to Medicare;
5. The date to which Premiums are paid if You fail to make a timely payment; or
6. The date the Group Policy terminates. However, if the Group Policy is replaced with similar coverage, You have the right to become covered under the new Group Policy for the balance of the period remaining for Your continued coverage.

When Your continuation of coverage ends, You may have a right to conversion. See the Conversion Right to a New Contract after Termination section of this Certificate.

B. Supplementary Continuation, Conversion, and Temporary Suspension Rights During Active Duty.

If You, the Subscriber, are a member of a reserve component of the armed forces of the United States, including the National Guard, You have the right to continuation, conversion, or a temporary suspension of coverage during active duty and reinstatement of coverage at the end of active duty if Your Group does not voluntarily maintain Your coverage and if:

1. Your active duty is extended during a period when the president is authorized to order units of the reserve to active duty, provided that such additional active duty is at the request and for the convenience of the federal government; and
2. You serve no more than four (4) years of active duty.

When Your Group does not voluntarily maintain Your coverage during active duty, coverage under this Certificate will be suspended unless You elect to continue coverage in writing within 60 days of being ordered to active duty and You pay the Group the required Premium payment but not more frequently than on a monthly basis in advance. This right of continuation extends to You and Your eligible Dependents. Continuation of coverage is not available for any person who is eligible to be covered under Medicare; or any person who is covered as an employee, member or dependent under any other insured or uninsured arrangement which provides group hospital, surgical or medical coverage, except for coverage available to active duty members of the uniformed services and their family members.
Upon completion of active duty:
   1. Your coverage under this Certificate may be resumed as long as You are reemployed or restored to participation in the Group upon return to civilian status. The right of resumption extends to coverage for Your covered Dependents. For coverage that was suspended while on active duty, coverage under the Group plan will be retroactive to the date on which active duty terminated.
   2. If You are not reemployed or restored to participation in Your Group upon return to civilian status, You will be eligible for continuation and conversion as long as You apply to Us for coverage within 31 days of the termination of active duty or discharge from a Hospitalization resulting from active duty as long as the Hospitalization was not in excess of one (1) year.

C. **Availability of Age 29 Dependent Coverage Extension – Young Adult Option.**
The Subscriber’s Child may be eligible to purchase continuation coverage under the Group’s Policy through the age of 29 if he or she:
   1. Is under the age of 30;
   2. Is not married;
   3. Is not insured by or eligible for coverage under an employer-sponsored health benefit plan covering him or her as an employee or member, whether insured or self-insured;
   4. Lives, works or resides in New York State or Our Service Area; and
   5. Is not covered by Medicare.

The Child may purchase continuation coverage even if he or she is not financially dependent on his or her parent(s) and does not need to live with his or her parent(s).

The Subscriber’s Child may elect this coverage:
   1. Within 60 days of the date that his or her coverage would otherwise end due to reaching the maximum age for Dependent coverage, in which case coverage will be retroactive to the date that coverage would otherwise have terminated;
   2. Within 60 days of newly meeting the eligibility requirements, in which case coverage will be prospective and start within 30 days of when the Group or the Group’s designee receives notice and We receive Premium payment; or
   3. During an annual 30-day open enrollment period, in which case coverage will be prospective and will start within 30 days of when the Group or the Group’s designee receives notice of election and We receive Premium payment.

The Subscriber or Subscriber’s Child must pay the Premium rate that applies to individual coverage. Coverage will be the same as the coverage provided under this Certificate. The Child's children are not eligible for coverage under this option.
SECTION XXIII

Conversion Right to a New Policy after Termination

A. Circumstances Giving Rise to Right to Conversion.
You have the right to convert to a new Policy if coverage under this Certificate terminates under the circumstances described below.

1. Termination of the Group Policy. If the Group Policy between Us and the Group is terminated as set forth in the Termination of Coverage section of this Certificate, and the Group has not replaced the coverage with similar and continuous health care coverage, whether insured or self-insured, You are entitled to purchase a new Policy as a direct payment member.

2. If You Are No Longer Covered in a Group. If Your coverage terminates under the Termination of Coverage section of this Certificate because You are no longer a member of a Group, You are entitled to purchase a new Policy as a direct payment member.

3. On the Death of the Subscriber. If coverage terminates under the Termination of Coverage section of this Certificate because of the death of the Subscriber, the Subscriber's Dependents are entitled to purchase a new Policy as direct payment members.

4. Termination of Your Marriage. If a Spouse’s coverage terminates under the Termination of Coverage section of this Certificate because the Spouse becomes divorced from the Subscriber or the marriage is annulled, that former Spouse is entitled to purchase a new Policy as a direct payment member.

5. Termination of Coverage of a Child. If a Child’s coverage terminates under the Termination of Coverage section of this Certificate because the Child no longer qualifies as a Child, the Child is entitled to purchase a new Policy as a direct payment member.

6. Termination of Your Temporary Continuation of Coverage. If coverage terminates under the Termination of Coverage section of this Certificate because You are no longer eligible for continuation of coverage, You are entitled to purchase a new Policy as a direct payment member.

7. Termination of Your Young Adult Coverage. If a Child’s young adult coverage terminates under the Termination of Coverage section of this Certificate, the Child is entitled to purchase a new Policy as a direct payment member.
B. When to Apply for the New Policy.
If You are entitled to purchase a new Policy as described above, You must apply to Us for the new Policy within 60 days after termination of coverage under this Certificate. You must also pay the first Premium of the new Policy at the time You apply for coverage.

C. The New Policy.
We will offer You an individual direct payment Policy at each level of coverage (i.e., bronze, silver, gold or platinum) that Covers all benefits required by state and federal law. You may choose among any of the four (4) Policies offered by Us The coverage may not be the same as Your current coverage. If We determine that You do not reside in New York State, We may issue You or Your family members coverage on a form that We use for conversion in that state. If You are age 65 or over and enrolled in Medicare, We will also offer You policies issued to Medicare-enrolled individuals.
SECTION XXIV

General Provisions

1. Agreements Between Us and Participating Providers.
Any agreement between Us and Participating Providers may only be terminated by Us or the Providers. This Certificate does not require any Provider to accept a Member as a patient. We do not guarantee a Member’s admission to any Participating Provider or any health benefits program.

2. Assignment.
You cannot assign any benefits under this Certificate to any person, corporation or other organization. You cannot assign any monies due under this Certificate to any person, corporation or other organization unless it is an assignment to Your Provider for a surprise bill or to a Hospital for Emergency Services, including inpatient services following Emergency Department Care. See the How Your Coverage Works section of this Certificate for more information about surprise bills. Any assignment of benefits by You other than for monies due for a surprise bill or an assignment of monies due to a Hospital for Emergency Services, including inpatient services following Emergency Department Care, will be void and unenforceable.

Assignment means the transfer to another person, corporation or other organization of Your right to the services provided under this Certificate or Your right to collect money from Us for those services. Nothing in this paragraph shall affect Your right to appoint a designee or representative as otherwise permitted by applicable law.

3. Changes in this Certificate
We may unilaterally change this Certificate upon renewal, if We give the Group 30 days’ prior written notice.

This Certificate shall be governed by the laws of the State of New York.

5. Clerical Error.
Clerical error, whether by the Group or Us, with respect to this Certificate, or any other documentation issued by Us in connection with this Certificate, or in keeping any record pertaining to the coverage hereunder, will not modify or invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated.
6. **Conformity with Law.**
Any term of this Certificate which conflicts with New York State law or with any applicable federal law that imposes additional requirements from what is required under New York State law will be amended to conform with the minimum requirements of such law.

7. **Continuation of Benefit Limitations.**
Some of the benefits in this Certificate may be limited to a specific number of visits, and/or subject to a Deductible. You will not be entitled to any additional benefits if Your coverage status should change during the year. For example, if Your coverage status changes from covered family member to Subscriber, all benefits previously utilized when You were a covered family member will be applied toward Your new status as a Subscriber.

9. **Entire Agreement.**
This Certificate, including any endorsements, riders and the attached applications, if any, constitutes the entire Policy.

10. **Fraud and Abusive Billing.**
We have processes to review claims before and after payment to detect fraud and abusive billing. Members seeking services from Non-Participating Providers could be balance billed by the Non-Participating Provider for those services that are determined to be not payable as a result of a reasonable belief of fraud or other intentional misconduct or abusive billing.

11. **Furnishing Information and Audit.**
The Group and all persons covered under this Certificate will promptly furnish Us with all information and records that We may require from time to time to perform Our obligations under this Certificate. You must provide Us with information over the telephone for reasons such as the following: to allow Us to determine the level of care You need; so that We may certify care authorized by Your Physician; or to make decisions regarding the Medical Necessity of Your care. The Group will, upon reasonable notice, make available to Us, and We may audit and make copies of, any and all records relating to Group enrollment at the Group’s New York office.

12. **Identification Cards.**
Identification (“ID”) cards are issued by Us for identification purposes only. Possession of any ID card confers no right to services or benefits under this Certificate. To be entitled to such services or benefits, Your Premiums must be paid in full at the time the services are sought to be received.

13. **Incontestability.**
No statement made by You will be the basis for avoiding or reducing coverage unless it is in writing and signed by You. All statements contained in any such written instrument shall be deemed representations and not warranties.
14. **Independent Contractors.**
Participating Providers are independent contractors. They are not Our agents or employees. We and Our employees are not the agent or employee of any Participating Provider. We are not liable for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries alleged to be suffered by You, Your covered Spouse or Children while receiving care from any Participating Provider or in any Participating Provider's Facility.

15. **Material Accessibility.**
We will give the Group, and the Group will give You ID cards, Certificates, riders and other necessary materials.

16. **More Information about Your Health Plan.**
You can request additional information about Your coverage under this Certificate. Upon Your request, We will provide the following information:

- A list of the names, business addresses and official positions of Our board of directors, officers and members; and Our most recent annual certified financial statement which includes a balance sheet and a summary of the receipts and disbursements.
- The information that We provide the State regarding Our consumer complaints.
- A copy of Our procedures for maintaining confidentiality of Member information.
- A copy of Our drug formulary. You may also inquire if a specific drug is Covered under this Certificate.
- A written description of Our quality assurance program.
- A copy of Our medical policy regarding an experimental or investigational drug, medical device or treatment in clinical trials.
- Provider affiliations with participating Hospitals.
- A copy of Our clinical review criteria (e.g., Medical Necessity criteria), and where appropriate, other clinical information We may consider regarding a specific disease, course of treatment or Utilization Review guidelines, including clinical review criteria relating to a step therapy protocol override determination.
- Written application procedures and minimum qualification requirements for Providers.
- Documents that contain the processes, strategies, evidentiary standards, and other factors used to apply a treatment limitation with respect to medical/surgical benefits and mental health or substance use disorder benefits under the Certificate.

17. **Notice.**
Any notice that We give You under this Certificate will be mailed to Your address as it appears in Our records or delivered electronically if You consent to electronic delivery or to the address of the Group. If notice is delivered to You electronically, You may also request a copy of the notice from Us. You agree to provide Us with notice of any change of Your address. If You have to give Us any notice, it should be sent by U.S. mail, first class, postage prepaid to the address on Your ID card.
18. **Premium Refund.**
We will give any refund of Premiums, if due, to the Group.

19. **Recovery of Overpayments.**
On occasion, a payment may be made to You when You are not covered, for a service that is not Covered, or which is more than is proper. When this happens, We will explain the problem to You and You must return the amount of the overpayment to Us within 60 days after receiving notification from Us. However, We shall not initiate overpayment recovery efforts more than 24 months after the original payment was made unless We have a reasonable belief of fraud or other intentional misconduct.

20. **Renewal Date.**
The renewal date for this Certificate is the anniversary of the effective date of the Group Policy of each year. This Certificate will automatically renew each year on the renewal date, unless otherwise terminated by Us as permitted by this Certificate or by the Group upon 30 days’ prior written notice to Us.

21. **Right to Develop Guidelines and Administrative Rules.**
We may develop or adopt standards that describe in more detail when We will or will not make payments under this Certificate. Examples of the use of the standards are to determine whether: Hospital inpatient care was Medically Necessary; surgery was Medically Necessary to treat Your illness or injury; or certain services are skilled care. Those standards will not be contrary to the descriptions in this Certificate. If You have a question about the standards that apply to a particular benefit, You may contact Us and We will explain the standards or send You a copy of the standards. We may also develop administrative rules pertaining to enrollment and other administrative matters. We shall have all the powers necessary or appropriate to enable Us to carry out Our duties in connection with the administration of this Certificate.

We review and evaluate new technology according to technology evaluation criteria developed by Our medical directors and reviewed by a designated committee, which consists of Health Care Professionals from various medical specialties. Conclusions of the committee are incorporated into Our medical policies to establish decision protocols for determining whether a service is Medically Necessary, experimental or investigational, or included as a Covered benefit.

22. **Right to Offset.**
If We make a claim payment to You or on Your behalf in error or You owe Us any money, You must repay the amount You owe Us. Except as otherwise required by law, if We owe You a payment for other claims received, We have the right to subtract any amount You owe Us from any payment We owe You.
23. **Severability.**
The unenforceability or invalidity of any provision of this Certificate shall not affect the validity and enforceability of the remainder of this Certificate.

24. **Significant Change in Circumstances.**
If We are unable to arrange for Covered Services as provided under this Certificate as the result of events outside of Our control, We will make a good faith effort to make alternative arrangements. These events would include a major disaster, epidemic, the complete or partial destruction of facilities, riot, civil insurrection, disability of a significant part of Participating Providers' personnel, or similar causes. We will make reasonable attempts to arrange for Covered Services. We and Our Participating Providers will not be liable for delay, or failure to provide or arrange for Covered Services if such failure or delay is caused by such an event.

25. **Subrogation and Reimbursement.**
These paragraphs apply when another party (including any insurer) is, or may be found to be, responsible for Your injury, illness or other condition and We have provided benefits related to that injury, illness or condition. As permitted by applicable state law, unless preempted by federal law, We may be subrogated to all rights of recovery against any such party (including Your own insurance carrier) for the benefits We have provided to You under this Certificate. Subrogation means that We have the right, independently of You, to proceed directly against the other party to recover the benefits that We have provided.

Subject to applicable state law, unless preempted by federal law, We may have a right of reimbursement if You or anyone on Your behalf receives payment from any responsible party (including Your own insurance carrier) from any settlement, verdict or insurance proceeds, in connection with an injury, illness, or condition for which We provided benefits. Under New York General Obligations Law Section 5-335, Our right of recovery does not apply when a settlement is reached between a plaintiff and defendant, unless a statutory right of reimbursement exists. The law also provides that, when entering into a settlement, it is presumed that You did not take any action against Our rights or violate any contract between You and Us. The law presumes that the settlement between You and the responsible party does not include compensation for the cost of health care services for which We provided benefits.

We request that You notify Us within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to injury, illness or condition sustained by You for which We have provided benefits. You must provide all information requested by Us or Our representatives including, but not limited to, completing and submitting any applications or other forms or statements as We may reasonably request.
26. Third Party Beneficiaries.
No third party beneficiaries are intended to be created by this Certificate and nothing in this Certificate shall confer upon any person or entity other than You or Us any right, benefit, or remedy of any nature whatsoever under or by reason of this Certificate. No other party can enforce this Certificate’s provisions or seek any remedy arising out of either Our or Your performance or failure to perform any portion of this Certificate, or to bring an action or pursuit for the breach of any terms of this Certificate.

27. Time to Sue.
No action at law or in equity may be maintained against Us prior to the expiration of 60 days after written submission of a claim has been furnished to Us as required in this Certificate. You must start any lawsuit against Us under this Certificate within two (2) years from the date the claim was required to be filed.

Translation services are available free of charge under this Certificate for non-English speaking Members. Please contact Us at the number on Your ID card to access these services.

29. Waiver.
The waiver by any party of any breach of any provision of this Certificate will not be construed as a waiver of any subsequent breach of the same or any other provision. The failure to exercise any right hereunder will not operate as a waiver of such right.

30. Who May Change this Certificate.
This Certificate may not be modified, amended, or changed, except in writing and signed by Our Chief Executive Officer (“CEO”) or a person designated by the CEO. No employee, agent, or other person is authorized to interpret, amend, modify, or otherwise change this Certificate in a manner that expands or limits the scope of coverage, or the conditions of eligibility, enrollment, or participation, unless in writing and signed by the CEO or person designated by the CEO.

31. Who Receives Payment under this Certificate.
Payments under this Certificate for services provided by a Participating Provider will be made directly by Us to the Provider. If You receive services from a Non-Participating Provider, We reserve the right to pay either You or the Provider. If You assign benefits for a surprise bill to a Non-Participating Provider, We will pay the Non-Participating Provider directly. See the How Your Coverage Works section of this Certificate for more information about surprise bills.

32. Workers’ Compensation Not Affected.
The coverage provided under this Certificate is not in lieu of and does not affect any requirements for coverage by workers’ compensation insurance or law.
33. Your Medical Records and Reports.
In order to provide Your coverage under this Certificate, it may be necessary for Us to obtain Your medical records and information from Providers who treated You. Our actions to provide that coverage include processing Your claims, reviewing Grievances, Appeals or complaints involving Your care, and quality assurance reviews of Your care, whether based on a specific complaint or a routine audit of randomly selected cases. By accepting coverage under this Certificate, except as prohibited by state or federal law, You automatically give Us or Our designee permission to obtain and use Your medical records for those purposes and You authorize each and every Provider who renders services to You to:

- Disclose all facts pertaining to Your care, treatment, and physical condition to Us or to a medical, dental, or mental health professional that We may engage to assist Us in reviewing a treatment or claim, or in connection with a complaint or quality of care review;
- Render reports pertaining to Your care, treatment, and physical condition to Us, or to a medical, dental, or mental health professional that We may engage to assist Us in reviewing a treatment or claim; and
- Permit copying of Your medical records by Us.

We agree to maintain Your medical information in accordance with state and federal confidentiality requirements. However, to the extent permitted under state or federal law, You automatically give Us permission to share Your information with the New York State Department of Health, quality oversight organizations, and third parties with which We contract to assist Us in administering this Certificate, so long as they also agree to maintain the information in accordance with state and federal confidentiality requirements.

34. Your Rights and Responsibilities.
As a Member, You have rights and responsibilities when receiving health care. As Your health care partner, We want to make sure Your rights are respected while providing Your health benefits. You have the right to obtain complete and current information concerning a diagnosis, treatment and prognosis from a Physician or other Provider in terms You can reasonably understand. When it is not advisable to give such information to You, the information shall be made available to an appropriate person acting on Your behalf.

You have the right to receive information from Your Physician or other Provider that You need in order to give Your informed consent prior to the start of any procedure or treatment.

You have the right to refuse treatment to the extent permitted by law and to be informed of the medical consequences of that action.

You have the right to formulate advance directives regarding Your care.

You have the right to access Our Participating Providers.
As a Member, You should also take an active role in Your care. We encourage You to:

- Understand Your health problems as well as You can and work with Your Providers to make a treatment plan that You all agree on;
- Follow the treatment plan that You have agreed on with Your doctors or Providers;
- Give Us, Your doctors and other Providers the information needed to help You get the care You need and all the benefits You are eligible for under Your Certificate. This may include information about other health insurance benefits You have along with Your coverage with Us; and
- Inform Us if You have any changes to Your name, address or Dependents covered under Your Certificate.

Gene Therapy Rider

Policyholder: Fashion Institute of Technology
Group policy number: GP-0100160
Rider effective date: January 1, 2024

Your health plan has changed. The Certificate and Schedule of Benefits are revised to reflect this. This change is effective on the date shown above.

1. Gene-based, cellular and other innovative therapies (GCIT) provision has been added to the Therapies provision in the Certificate:

Gene-based, cellular and other innovative therapies (GCIT)
Covered Services include GCIT provided by a Physician, Hospital or other Provider.

Key Terms
Here are some key terms we use in this section. These will help you better understand GCIT.

Gene
A gene is a unit of heredity which is transferred from a parent to child and is thought to determine some feature of the child.

Molecular
Molecular means relating to or consisting of molecules. A molecule is a group of atoms bonded together, making the smallest vital unit of a chemical compound that can take part in a chemical reaction.

Therapeutic
Therapeutic means a treatment, therapy, or drug meant to have a good effect on the body or mind; adding to a sense of well-being.

GCIT are defined as any services that are:
- Gene-based
- Cellular and innovative therapeutics

The services have a basis in genetic/molecular medicine and are not Covered under the Institutes of Excellence™ (IOE) programs. We call these “GCIT services.”

GCIT Covered Services include:
- Cellular immunotherapies.
- Genetically modified viral therapy.
- Other types of cells and tissues from and for use by the same person (autologous) and cells and tissues from one person for use by another person (allogenic) for treatment of certain conditions.
- All human gene-based therapy that seeks to change the usual function of a gene or alter the biologic properties of living cells for therapeutic use. Examples include therapies using:
  - Luxturna® (Voretigene neparvovec)
  - Zolgensma® (Onasemnogene abeparvovec-xioi)
Spinraza® (Nusinersen)

- Products derived from gene editing technologies, including CRISPR-Cas9.
- Oligonucleotide-based therapies. Examples include:
  - Antisense. An example is Spinraza (Nusinersen).
  - siRNA.
  - mRNA.
  - microRNA therapies.

**Facilities/providers for gene-based, cellular and other innovative therapies**

We designate Facilities to provide GCIT services or procedures. GCIT Physicians, Hospitals and other Providers are GCIT-designated Facilities/Providers for Aetna and CVS Health.

**Important note:**

You must get GCIT Covered Services from a GCIT-designated Facility/Provider. If there are no GCIT-designated Facilities/Providers assigned in Your network, it’s important that You contact Us so We can help You determine if there are other Facilities that may meet Your needs. If You don’t get Your GCIT services at the Facility/Provider We designate, they will not be Covered Services.

2. **Gene-based, cellular and other innovative therapies (GCIT) provision has been added to the Schedule of Benefits:**

Wellness Benefits  
Rider 015  
Issue Date: November 21, 2023
This rider amends the sections listed below of Your Certificate to provide the consumer protections required under the Federal No Surprises Act.

1. Paragraph C from How Your Coverage Works section is replaced with the following:

C. Participating Providers.
To find out if a Provider is a Preferred or Participating Provider:
- Check Our Provider directory, available at Your request;
- Call the number on Your ID card; or

The Provider directory will give You the following information about Our Participating Providers:
- Name, address, and telephone number;
- Specialty;
- Board certification (if applicable);
- Languages spoken;
- Whether the Provider is a Preferred Provider; and
- Whether the Participating Provider is accepting new patients.

You are only responsible for any Copayment, Deductible or Coinsurance that would apply to the Covered Services, and You are not responsible for any Non-Participating Provider charges that exceed Your Copayment, Deductible or Coinsurance, if You receive Covered Services from a Provider who is not a Participating Provider in the following situations:
- The Provider is listed as a Participating Provider in Our online Provider directory;
- Our paper Provider directory listing the Provider as a Participating Provider is incorrect as of the date of publication;
- We give You written notice that the Provider is a Participating Provider in response to Your telephone request for network status information about the Provider; or
- We do not provide You with a written notice within one business day of Your telephone request for network status information.

2. Paragraph K from How Your Coverage Works section is replaced with the following:

K. Protection from Surprise Bills.
1. Surprise Bills. A surprise bill is a bill You receive for Covered Services in the following circumstances:
   - For services performed by a non-participating Provider at a participating Hospital or Ambulatory Surgical Center, when:
     - A participating Provider is unavailable at the time the health care services are performed;
     - A non-participating Provider performs services without Your knowledge; or
     - Unforeseen medical issues or services arise at the time the health care services are performed.
   A surprise bill does not include a bill for health care services when a participating Provider is available and You elected to receive services from a non-participating Provider.
• You were referred by a participating Physician to a Non-Participating Provider without Your explicit written consent acknowledging that the referral is to a Non-Participating Provider and it may result in costs not covered by Us. For a surprise bill, a referral to a Non-Participating Provider means:
  o Covered Services are performed by a Non-Participating Provider in the participating Physician’s office or practice during the same visit;
  o The participating Physician sends a specimen taken from You in the participating Physician’s office to a non-participating laboratory or pathologist; or
  o For any other Covered Services performed by a Non-Participating Provider at the participating Physician’s request, when Referrals are required under Your Certificate.

You will be held harmless for any Non-Participating Provider charges for the surprise bill that exceed Your Copayment, Deductible or Coinsurance. The Non-Participating Provider may only bill You for Your Copayment, Deductible or Coinsurance. You can sign a form to let Us and the Non-Participating Provider know You received a surprise bill.

The form for surprise bills is available at www.dfs.ny.gov or You can visit Our website at www.aetna.com for a copy of the form. You need to mail a copy of the form to Us at the address on Our website and to Your Provider.

2. **Independent Dispute Resolution Process.** Either We or a Provider may submit a dispute involving a surprise bill to an independent dispute resolution entity (“IDRE”) assigned by the state. Disputes are submitted by completing the IDRE application form, which can be found at www.dfs.ny.gov. The IDRE will determine whether Our payment or the Provider’s charge is reasonable within 30 days of receiving the dispute.

3. **Paragraph B from the Access to Care section is replaced with the following:**

**B. When Your Provider Leaves the Network.**

If You are in an ongoing course of treatment when Your Provider leaves Our network, then You may continue to receive Covered Services for the ongoing treatment from the former Participating Provider for up to 90 days from the date Your Provider’s contractual obligation to provide services to You terminates. If You are pregnant, You may continue care with a former Participating Provider through delivery and any postpartum care directly related to the delivery.

The Provider must accept as payment the negotiated fee that was in effect just prior to the termination of Our relationship with the Provider. The Provider must also provide Us necessary medical information related to Your care and adhere to our policies and procedures, including those for assuring quality of care and obtaining Preauthorization, Referrals; authorizations, and a treatment plan approved by Us. You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable Copayment, Deductible or Coinsurance. Please note that if the Provider was terminated by Us due to fraud, imminent harm to patients or final disciplinary action by a state board or agency that impairs the Provider’s ability to practice, continued treatment with that Provider is not available.

4. **A new paragraph is added to the Ambulance and Pre-Hospital Emergency Medical Services as follows:**

**Payments for Air Ambulance Services.** We will pay a Non-Participating Provider the amount We have negotiated with the Non-Participating Provider for the air ambulance service or an amount We have determined is reasonable for the air ambulance service or the Non-Participating Provider’s charge. However, the negotiated amount or the amount We determine is reasonable will not exceed the Non-Participating Provider’s charge.
If a dispute involving a payment for air ambulance services is submitted to an independent dispute resolution entity, We will pay the amount, if any, determined by the IDRE for the air ambulance services.

You are responsible for any Cost-Sharing. You will be held harmless for any Non-Participating Provider charges that exceed Your Copayment, Deductible or Coinsurance. If You receive a bill from a Non-Participating Provider that is more than Your Copayment, Deductible or Coinsurance, You should contact Us. Visit Our website at www.aetna.com or www.dfs.ny.gov for more information on the independent dispute resolution process for air ambulance bills.

5. Item 3 under Paragraph A titled “Emergency Services” in the Emergency Services and Urgent Care section is replaced with the following:

3. Payments Relating to Emergency Services. We will pay a Non-Participating Provider the amount We have negotiated with the Non-Participating Provider for the Emergency Service or an amount We have determined is reasonable for the Emergency Service or the Non-Participating Provider’s charge. However, the negotiated amount or the amount We determine is reasonable will not exceed the Non-Participating Provider’s charge.

If a dispute involving a payment for Emergency Services is submitted to an independent dispute resolution entity (“IDRE”), We will pay the amount, if any, determined by the IDRE for the services.

You are responsible for any Copayment, Deductible or Coinsurance. You will be held harmless for any Non-Participating Provider charges that exceed Your Copayment, Deductible or Coinsurance. The Non-Participating Provider may only bill You for Your Copayment, Deductible or Coinsurance. If You receive a bill from a Non-Participating Provider that is more than Your Copayment, Deductible or Coinsurance, You should contact Us.

All of the terms, conditions, limitations, and exclusions of Your Certificate to which this rider is attached shall also apply to this rider except where specifically changed by this rider.

Attain
Amendment 017
Issue Date: November 21, 2023
Statement of Rights under the Newborns' and Mothers' Health Protection Act
Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

Notice Regarding Women's Health and Cancer Rights Act
Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

(1) all stages of reconstruction of the breast on which a mastectomy has been performed;
(2) surgery and reconstruction of the other breast to produce a symmetrical appearance;
(3) prostheses; and
(4) treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

IMPORTANT HEALTH CARE REFORM NOTICES

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.
Aetna is the brand name used for products and services provided by one or more of the Aetna group of companies, including Aetna Life Insurance Company and Aetna Health Insurance Company of New York and affiliates (Aetna).

Features of a group plan

If you’re a member, not all of the information in this document applies to your specific plan. Most information applies to all plans, but some does not. For example, not all plans have prescription drug or behavioral health benefits. There’s also information that may only apply to a handful of states and plans. To be sure about which plan features apply to you, check your Summary of Benefits and Coverage plan documents. Can’t find them? Ask your benefits administrator or call Member Services to have a copy of your plan documents mailed to you.

How some plans pay

Providers set the rates to charge you. It may be higher (sometimes, much higher) than what your Aetna® plan allows. For some plans, your doctor may bill you for the dollar amount that the plan doesn’t allow and no dollar amount above the allowed charge will count toward your deductible or out-of-pocket limits. This means you’re fully responsible for paying everything above the amount the plan allows for a service or procedure. However, emergency care is always covered by your plan, and you don’t have to get prior approval.

Plans pay for your health care depending on the plan that you, or your employer, chooses. Some plans pay for services by looking at what Medicare would pay and adjusting that amount up or down. Plans range from paying 90% of Medicare (that is 10% less than Medicare would pay) up to 300% of Medicare (the Medicare rate multiplied by three). Some plans pay for services based on what is called the “usual and customary” charge. These plans use information from FAIR Health, Inc., a not-for-profit company that reports how much providers charge for services in any ZIP code. You can call Member Services at the number on your member ID card to find out the method your plan uses to pay providers.

Not yet a member?

For help understanding how a certain medical plan works, review the plan’s Summary of Benefits and Coverage document.
Avoid unexpected bills
To avoid a surprise bill, make sure you check your plan documents to see what’s covered before you get health care. Also, make sure you get care from a provider who is part of your plan’s network. This just makes sense because:

- We have negotiated lower rates for you
- Network doctors and hospitals won’t bill you above our negotiated rates for covered services
- You have access to quality care from our national network

To find a network provider, sign in to Aetna.com and select “Find Care” from the top menu bar to start your search. To learn more about how we pay out-of-network benefits when a plan allows them, visit Aetna.com and type “how Aetna pays” into the search box.

Get a free printed directory
To get a free printed list of doctors and hospitals, call the toll-free number on your member ID card. If you’re not yet a member, call 1-888-982-3862 (TTY: 711).

No coverage based on U.S. trade sanctions
If U.S. trade sanctions consider you a “blocked person,” the plan can’t provide benefits or coverage to you. If you travel to a country sanctioned by the United States, the plan, in most cases, can’t provide benefits or coverage to you. Also, if your health care provider is a blocked person or is in a sanctioned country, we can’t pay for services from that provider. For example, if you receive care while traveling in another country and the health care provider is a blocked person or is in a sanctioned country, the plan can’t pay for those services. For more information, visit Treasury.gov/resource-center/sanctions/pages/default.aspx to read about U.S. trade sanctions.

Coverage for transplants and other complex conditions
Our National Medical Excellence Program® (NME) is for members who need a transplant or have a condition that can only be treated at a certain hospital. You may need to visit an Aetna Institutes of ExcellenceTM hospital to get coverage for the treatment. Some plans won’t cover the service if you don’t. We choose hospitals for the NME program based on their expertise and experience with these services. We also follow any state rules when choosing these hospitals.

Clinical policy bulletins
We write a report about a product or service when we decide if it’s medically necessary. We call the report a clinical policy bulletin (CPB). CPBs guide us in deciding whether to approve a coverage request. Your plan may not cover everything our CPBs say is medically necessary. Each plan is different, so check your plan documents. CPBs are not meant to advise you or your doctor on your care. Only your doctor can give you advice and treatment. Talk to your doctor about any CPB related to your coverage or condition.

You and your doctor can visit Aetna.com/health-care-professionals/clinical-policy-bulletins.html to read CPBs. No internet? Call the number on your Aetna member ID card and ask for a copy of a CPB for any product or service.

Member rights and responsibilities
We don’t consider race, disability, religion, sex, sexual orientation, health, ethnicity, creed, age or national origin when giving you access to care. Federal law requires network providers to do the same.

Nondiscrimination policy for genetic testing
We don’t use the results of genetic testing to discriminate, in any way, against applicants or enrollees. Also, you choose if you want to tell us your race or ethnicity and preferred language. We’ll keep that information private. We use it to help us improve your access to health care and to serve you better.

Your rights under the Employee Retirement Income Security Act of 1974 (ERISA)
If you’re a participant in an employer-funded group health plan, you’re entitled to certain rights and protections under ERISA. Some of those rights are listed below. Your rights are outlined in more detail in your plan documents. Below are some of your rights.

- Receive, free of charge, information about your plan and benefits.
- Upon written request to your plan administrator, examine copies of documents governing the operation of the plan, contracts, collective bargaining agreements, annual reports and more. The administrator may charge you a reasonable copy fee.
  - Receive a copy of procedures used to determine a qualified domestic relation or medical child support order.
  - Continue group health coverage for you, your spouse or dependents if there is a loss of coverage as the result of a qualifying event.
  - Know why a claim was denied.
- Exercise your rights and take steps to enforce your rights, without discrimination or retribution.
- Get answers to your questions about the plan. Contact your plan administrator with questions about your plan.
If they don’t provide the information you asked for, you can get help from the nearest office of the Employee Benefits Security Administration, which is part of the U.S. Department of Labor. Look them up online or in your local telephone directory.

Women’s Health and Cancer Rights Act of 1998 (WHCRA)

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under WHCRA. For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses
- Treatment of physical complications of the mastectomy, including lymphedema

Benefits will be provided to a person who has already undergone a mastectomy as a result of breast cancer while covered under a different health plan. Coverage is provided according to your plan design and is subject to plan limitations, copays, deductibles, coinsurance and referral requirements, if any, as outlined in your plan documents.

For more information:
- Call the number on your member ID card

Your right to enroll later

You might choose not to enroll now because you already have health insurance. You may be able to enroll later if you lose that other coverage or if your employer stops contributing to the cost. This includes enrolling your spouse or children and other dependents. If that happens, you must apply within 31 days after your coverage ends (or after the employer stops contributing to the other coverage).

When you have a new dependent

Getting married? Having a baby? If you chose not to enroll during the normal open enrollment period, you may enroll within 31 days after a life event. Examples of life events are marriage, divorce, birth, adoption, and placement for adoption. Talk to your benefits administrator for more information or to request special enrollment.

Important information for New York plans

Using your NY plan

You may have more time to enroll

If you’ve lost your Medicaid insurance, you may have more time to enroll in an Aetna plan.

You can choose any primary care provider (PCP) who participates in the Aetna network and who is accepting new patients.

A PCP may be a general practitioner, family physician, internist or a pediatrician. Each covered family member may select his or her own PCP. Your PCP provides routine preventive care and will treat you for illness or injury. Your PCP may refer you to other network doctors and hospitals for covered services and supplies. The PCP can also order lab tests and X-rays, prescribe medicines or therapies and arrange hospitalization.

The online provider directory indicates whether a provider is accepting new patients. You can also ask the provider’s office to confirm when scheduling an appointment.

Tell us who you chose to be your PCP

Each member of the family may chose a different PCP from the Aetna network. Enter the ID number of the PCP you choose on your enrollment form.

You can change your PCP or specialist at any time. Log in at Aetna.com or call the Member Services toll-free number on your Aetna ID card. The change will become effective when we receive and approve the request.

Making your specialist your PCP

If you have a life-threatening condition or disease or a degenerative and disabling condition or disease, either of which requires specialized medical care over a prolonged period of time, you may request a referral to a specialist with expertise in treating the life-threatening or degenerative and disabling disease or condition, who will be responsible for and capable of providing and coordinating your primary and specialty care. This referral will be issued based on a treatment plan that is approved by Aetna, in consultation with the primary care provider if appropriate, the specialist, and you or your authorized representative. Please call Member Services at the toll-free number in your ID card or call 1-888-982-3862 (TTY: 711) to request these services.
Colorectal Cancer Screenings

Your plan covers colorectal cancer screenings in accordance with the standards set forth by the American Cancer Society and the American Gastroenterological Association. For more information:

- Visit the American Cancer Society at: https://standuptocancer.org/news/american-cancer-society-updates-colorectal-cancer-screening-guideline/?gclid=EAIaIQobChMlncf7ju-V_QIVB8zlCh06pgmiEAAAYASAEgLn1fD_BwE
- Visit the American Gastroenterological Association at: https://gastro.org/clinical-guidance/reducing-the-burden-of-colorectal-cancer-crc/

Direct Access Ob/Gyn program

This program allows female members direct access to primary and preventive obstetric and gynecologic services, including annual examinations, care resulting from such examinations, and treatment of acute gynecologic conditions, including care for pregnancy-related services, from a qualified participating provider of the member’s choice.

Direct specialist care for life threatening conditions

If you have a life-threatening condition or disease or a degenerative and disabling condition or disease, either of which requires specialized medical care over a prolonged period of time, you may request access to a specialty care center or to a specialist responsible for providing or coordinating your medical care. To request these services, please call Member Services at the toll-free number on your ID card or call 1-888-982-3862 (TTY: 711).

Not all plans require referrals: Your PCP will refer you to a specialist when needed

You never need to get a referral if you have an Aetna Open Access® Managed Choice, Aetna Open Access® Elect Choice or Open Choice® plan. With the Managed Choice plan, you will receive the highest level of benefits under the plan when you get a referral from your PCP before you see a network specialist.

A referral is a written request for you to see another doctor. Some doctors can send the referral right to your specialist for you. There’s no paper involved. Talk to your doctor to understand why you need to see a specialist. And remember to always get the referral before you receive the care.

Getting a referral from your PCP is not the same as getting approval (called precertification) from the plan. Some health care services require both. For more information, read the “Precertification: getting approvals for services” section of this booklet.

Remember these points about referrals:

- You do not need a referral for emergency care or urgent care.
- If you do not get a referral when required, the plan will pay for the service as an out-of-network benefit, if available.
- Your specialist might recommend treatment or tests that were not on the original referral. In that case, you may need to get another referral from your PCP for those services.
- Women can go to an Ob/Gyn without a referral. See “Direct Access Ob/Gyn program.”
- Referrals are valid for one year as long as you are still a member of the plan. Your first visit must be within 90 days of the referral issue date.
- Certain services, such as inpatient stays, outpatient surgery and certain other medical procedures and tests, require both a PCP referral and precertification. See the “Precertification: getting approvals for services” section for details.

Referrals within physician groups

Some PCPs are part of a larger group of doctors. These PCPs will usually refer you to another doctor within that same group. If this group cannot meet your medical needs, you can ask us for a coverage exception to go outside this group. You may also need to precertify these services. And you may need permission from the physician group as well.

Out-of-network referrals

If a covered service you need isn’t available from a network provider or facility with the training or expertise needed for your condition, or if a participating provider is not geographically accessible, your PCP may refer you to an out-of-network provider. Your PCP or other network provider must get preapproval from Aetna and issue a special nonparticipating referral for services from out-of-network providers to be covered.

Standing referrals

If you have a condition that requires ongoing care from a specialist, you may request a standing referral from your PCP or Aetna to such a specialist.

You don’t need a PCP referral for:

- Emergency care — see the “Emergency care” section to learn more
- Urgent care — see the “Emergency care” section to learn more
- Direct access services — certain routine and preventive services do not require a referral under the plan when accessed in accordance with the age and frequency limitations outlined in the “What the Plan Covers” and the “Summary of Benefits” sections of your plan documents. You can directly access these network specialists for:
- Routine gynecologist visits
- Routine eye exams in accordance with the schedule
- An annual screening mammogram for age-eligible women
- Routine prenatal care (precertification may be required)

**Precertification: getting approvals for services**

Sometimes we will pay for care only if we have given an approval before you get it. We call that precertification or preauthorization. We usually only need to precertify more serious care like surgery or being admitted to a hospital. Your PCP or Aetna network doctor will get this approval for you. If the request is to go outside the network, you may have to get this approval yourself. To do so, call the precertification number on your Aetna ID card, **1-877-204-9186 (TTY: 711)**, or send your request to:

Aetna
1425 Union Meeting Road Blue
Bell, PA 19422

You must get the precertification before you receive the care.

Your plan documents list all the services that require you to get precertification. If you don’t have a service precertified when required, you may incur a penalty. Please see your plan documents for more information.

**Member Cost of Care tool for New York members**

If a service or procedure is not listed in the member Cost of Care tool on your member website, you can obtain an estimated cost by completing the appropriate Member Request for Estimate form on our website.

Please visit the state information section at [Aetna.com/individuals-families/member-rights-resources/rights/state-specific-information.html](http://Aetna.com/individuals-families/member-rights-resources/rights/state-specific-information.html) for the form or to link to an online price estimator tool.

An “out of network” doctor is one with whom we do not have a contract for discounted rates. We don’t know exactly what an out-of-network doctor will charge you.

If you choose a doctor who is out of network, your Aetna health plan may pay some of that doctor’s bill. Most of the time, you will pay more money out of your own pocket if you choose to see an out-of-network doctor.

Your out-of-network doctor or hospital sets the rate to charge you. It may be higher — sometimes much higher — than what your Aetna plan recognizes, or allows. Your doctor may bill you for the dollar amount the plan doesn’t recognize. You’ll also pay higher copayments, coinsurance and deductibles under your plan. No dollar amount above the recognized charge counts toward your deductible or out-of-pocket limits.

This means you are fully responsible for paying everything above the amount the plan allows for a service or procedure.

When you choose to see an out-of-network doctor, we pay for your health care depending on the plan you or your employer chooses. Some of our plans pay for out-of-network services by looking at what Medicare would pay and adjusting that amount up or down. Our plans range from paying 90% of Medicare (that is, 10% less than Medicare would pay) to 300% of Medicare (the Medicare rate multiplied by three). Some plans pay for out-of-network services based on what is called the usual and customary charge or reasonable amount rate. These plans use information from FAIR Health, Inc. ([Fairhealth.org](http://Fairhealth.org)), which is a not-for-profit company that reports how much providers charge for services in any ZIP code.

When you choose to enroll in a plan with out-of-network coverage, you should consider how plans based on Medicare rates compare to plans based on “usual and customary” charges. Roughly speaking, in New York for all services combined, 325-350% of Medicare rates are the same as the usual and customary charges.

You can call Member Services at the toll-free number on your Aetna ID card to find out the method your plan uses to reimburse out-of-network doctors. You can also ask for an estimate of your share of the cost for out-of-network services you are planning. The way of paying out-of-network doctors and hospitals applies when you choose to get care out of network.

**Emergency care**

If you need emergency care, you are covered 24 hours a day, 7 days a week, anywhere in the world.

**Emergency condition**

A medical or behavioral condition that manifests itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:

- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;
- Serious impairment to such person's bodily functions;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person

- Serious impairment to such person’s bodily functions;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person
Treatment for an emergency medical condition is not subject to prior approval. However, whether you are in or out of an Aetna service area, we simply ask that you follow the guidelines below when you believe you need emergency care.

Call the local emergency hotline (ex. 911) or go to the nearest emergency facility. If a delay would not be detrimental to your health, call your PCP. Notify your PCP as soon as possible after receiving treatment.

If you are admitted to an inpatient facility, you or a family member or friend acting on your behalf should notify your PCP or Aetna as soon as possible.

Covered expenses for emergency medical conditions are payable in accordance with your plan. Please refer to your summary of benefits for the applicable copay, deductible and coinsurance amounts that apply.

Urgent care
Care for certain conditions (such as severe vomiting, earaches, sore throats or fever) is considered “urgent care.” You can get urgent care from your PCP or an urgent care facility. If you’re traveling outside your Aetna service area or if you are a student who is away at school, you are covered for any urgently needed care rendered by any licensed physician or facility.

Claims for emergency care
We’ll review the information when the claim comes in. If we think the situation was not an emergency, we might ask you for more information and may send you a form to fill out. Please complete the form, or call Member Services to give us the information over the phone.

Emergency care expenses that are not related to an emergency medical condition are excluded and are your financial responsibility.

Follow-up care for plans that require a PCP
Your PCP should coordinate any follow-up care after your emergency. For example, you’ll need a doctor to remove stitches or a cast or take another set of X-rays to see if you’ve healed. You will need a referral for follow-up care that is not performed by your PCP. You may also need to get approval if you go outside the network.

After-hours care
You may call your doctor’s office 24 hours a day, 7 days a week if you have medical questions or concerns. You may also consider visiting participating urgent care facilities.

We check if it’s medically necessary
We cover benefits described in your certificate as long as the health care service, procedure, treatment, test, device, prescription drug or supply (collectively, “service”) is medically necessary. The fact that a provider has furnished, prescribed, ordered, recommended, or approved the service does not make it medically necessary or mean that we have to cover it.

We may base our decision on a review of:

- Your medical records
- Our medical policies and clinical guidelines
- Medical opinions of a professional society, peer review committee or other groups of physicians
  - Reports in peer-reviewed medical literature
  - Reports and guidelines published by nationally recognized health care organizations that include supporting scientific data
- Professional standards of safety and effectiveness, which are generally recognized in the United States for diagnosis, care, or treatment
  - The opinion of health care professionals in the generally recognized health specialty involved
  - The opinion of the attending providers, which have credence but do not overrule contrary opinions

Services will be deemed medically necessary only if:

- They are clinically appropriate in terms of type, frequency, extent, site, and duration, and are considered effective for your illness, injury, or disease
  - They are required for the direct care and treatment or management of that condition
  - Your condition would be adversely affected if the services were not provided
  - They are provided in accordance with generally accepted standards of medical practice
  - They are not primarily for the convenience of you, your family, or your provider
  - They are not more costly than an alternative service or sequence of services, that is at least as likely to produce equivalent therapeutic or diagnostic results

When setting or place of service is part of the review, services that can be safely provided to you in a lower cost setting will not be medically necessary if they are performed in a higher cost setting. For example, we will not provide coverage for an inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a specialty drug provided in the outpatient department of a hospital if the drug could be provided in a physician’s office or the home setting.
See the Utilization Review and External Appeal sections of this document or in your certificate of coverage for your right to an internal appeal and external appeal of our determination that a service is not medically necessary.

We do not reward Aetna employees for denying coverage. Sometimes a physician’s group will determine medical necessity. Those groups might use different resources than we do.

If we deny coverage, we’ll send you and your doctor a letter. The letter will explain how to appeal the denial. You have the same right to appeal if a physician’s group denied coverage. You can call Member Services to ask for a free copy of the materials we use to make coverage decisions. Or visit Aetna.com to download a claim form (which includes the mailing address) or to send the claim electronically. To send the claim electronically, log in to Aetna.com and click “Contact” in upper right corner.

You can submit a claim form as an attachment.

Our plans comply with mental health laws

We want you to know that our plans comply with all federal and NY state requirements of the Mental Health Parity and Addiction Equity Act (MHPAEA). This includes the non-quantitative treatment limitation (NQTL) requirements applied to behavioral health and substance use disorder benefits. We use the same processes and standards to determine these requirements as those we use to determine requirements for medical and surgical treatments. In other words, we apply the same medical management requirements, such as precertification, to all plan benefits, including:

- Behavioral health
- Substance use disorder
- Medical and surgical treatments

If you’d like to see how we arrive at the NQTL requirements, we’d be happy to show you our analysis. Just call Member Services at the number on your ID card to request a copy.

How we determine cost share

To ensure that we comply with federal and state mental health laws regarding members’ cost share, we apply certain test measures laid out in the federal law. These are called the “substantially all” and “predominant level” tests. If you’d like to see how we arrive at members’ cost share, we’d be happy to show you our analysis. Just call Member Services at the number on your ID card to request a copy.

How to file a claim

For most services, network doctors will file your claims for you. If you go outside the network, you may need to file claims yourself. Your health care professional may file a claim within 120 days from the date of service. You may also file a claim yourself.
What to do if you disagree with us

A. Grievances

Our grievance procedure applies to any issue not relating to a medical necessity or experimental or investigational determination by us. For example, it applies to contractual benefit denials or issues or concerns you have regarding our administrative policies or access to providers.

B. Filing a grievance

You can contact us by phone at the number on your ID card, in person, or in writing to file a grievance. You may submit an oral grievance in connection with a denial of a referral or a covered benefit determination. We may require that you sign a written acknowledgement of your oral grievance, prepared by us. You or your designee has up to 180 calendar days from when you received the decision you are asking us to review to file the grievance.

When we receive your grievance, we will mail an acknowledgment letter within 15 business days. The acknowledgment letter will include the name, address, and telephone number of the person handling your grievance, and indicate what additional information, if any, must be provided.

We keep all requests and discussions confidential and we will take no discriminatory action because of your issue. We have a process for both standard and expedited grievances, depending on the nature of your inquiry.

You may ask that we send you electronic notification of a grievance or grievance appeal determination instead of notice in writing or by telephone. You must tell us in advance if you want to receive electronic notifications. To opt into electronic notifications, call the number on your ID card or visit our website Aetna.com. You can opt out of electronic notifications at any time.

Utilization review
We review health services to determine whether the services are or were medically necessary or experimental or investigational (“medically necessary”). This process is called utilization review. Utilization review includes all review activities, whether they take place prior to the service being performed (preauthorization); when the service is being performed (concurrent); or after the service is performed (retrospective). If you have any questions about the utilization review process for services including mental health and substance use services, please call the number on your ID card. The toll-free telephone number is available at least 40 hours a week with an after-hours answering machine.

All determinations that services are not medically necessary will be made by:

- Licensed physicians; or
- Licensed, certified, registered or credentialed health care professionals who are in the same profession and same or similar specialty as the provider who typically manages your medical condition or disease or provides the health care service under review; or
- With respect to mental health or substance use disorder treatment, licensed physicians or licensed, certified, registered or credentialed health care professionals who specialize in behavioral health and have experience in the delivery of mental health or substance use disorder courses of treatment. We do not compensate or provide financial incentives to our employees or reviewers for determining that services are not medically necessary. We have developed guidelines and protocols to assist us in this process. We will use evidence-based and peer-reviewed clinical review criteria that are appropriate to the age of the patient and designated by Office of Addiction Services and Supports (OASAS) for substance use disorder treatment or approved for use by Office of Mental Health (OMH) for mental health treatment. Specific guidelines and protocols are available for your review upon request. For more information, call the number on your ID card or visit our website at **Aetna.com**.

You may ask that we send you electronic notification of a utilization review determination instead of notice in writing or by telephone. You must tell us in advance if you want to receive electronic notifications. To opt into electronic notifications, call the number on your ID card or visit our website **Aetna.com**. You can opt out of electronic notifications at any time.
A. Preauthorization reviews

1. Non-urgent preauthorization reviews. If we have all the information necessary to make a determination regarding a preauthorization review, we will make a determination and provide notice to you (or your designee) and your provider, by telephone and in writing, within three (3) business days of receipt of the request.

If we need additional information, we will request it within three (3) business days. You or your provider will then have 45 calendar days to submit the information. If we receive the requested information within 45 days, we will make a determination and provide notice to you (or your designee) and your provider, by telephone and in writing, within three (3) business days of our receipt of the information. If all necessary information is not received within 45 days, we will make a determination within 15 calendar days of the earlier of the receipt of part of the requested information or the end of the 45-day period.

2. Urgent preauthorization reviews. With respect to urgent preauthorization requests, if we have all information necessary to make a determination, we will make a determination and provide notice to you (or your designee) and your provider, by telephone, within 72 hours of receipt of the request. Written notice will be provided within three (3) business days of receipt of the request. If we need additional information, we will request it within 24 hours. You or your provider will then have 48 hours to submit the information. We will make a determination and provide notice to you (or your designee) and your provider by telephone and in writing, within 48 hours of the earlier of our receipt of the information or the end of the 48-hour period.

3. Court-ordered treatment. With respect to requests for mental health and/or substance use disorder services that have not yet been provided, if you (or your designee) certify, in a format prescribed by the Superintendent of Financial Services, that you will be appearing, or have appeared, before a court of competent jurisdiction and may be subject to a court order requiring such services, we will make a determination and provide notice to you (or your designee) and your provider by telephone within 72 hours of receipt of the request. Written notification will be provided within three (3) business days of our receipt of the request. Where feasible, the telephonic and written notification will also be provided to the court.

4. Inpatient rehabilitation services reviews. After receiving a preauthorization request for coverage of inpatient rehabilitation services following an inpatient hospital admission provided by a hospital or skilled nursing facility, we will make a determination and provide notice to you (or your designee) and your provider, by telephone and in writing, within one (1) business day of receipt of the necessary information.

5. Crisis stabilization centers. Effective January 1, 2022, coverage for participating crisis stabilization centers licensed under Mental Hygiene Law section 36.1 is not subject to preauthorization. We may review the treatment provided at crisis stabilization centers retrospectively to determine whether it is medically necessary, and we will use clinical review tools designated by OASAS or approved by OMH. If any treatment is denied as not medically necessary, you are only responsible for the in-network cost-sharing that would otherwise apply to your treatment.

B. Concurrent reviews

1. Non-urgent concurrent reviews. Utilization review decisions for services during the course of care (concurrent reviews) will be made, and notice provided to you (or your designee) or your provider, by telephone and in writing, within one (1) business day of receipt of all necessary information. If we need additional information, we will request it within one (1) business day. You or your provider will then have 45 calendar days to submit the information. We will make a determination and provide notice to you (or your designee) or your provider, by telephone and in writing, within one (1) business day of our receipt of the information or, if we do not receive the information, within 15 calendar days of the earlier of the receipt of part of the requested information or the end of the 45-day period.

2. Urgent concurrent reviews. For concurrent reviews that involve an extension of urgent care, if the request for coverage is made at least 24 hours prior to the expiration of a previously approved treatment, we will make a determination and provide notice to you (or your designee) or your provider by telephone within 24 hours of receipt of the request. Written notice will be provided within one (1) business day of receipt of the request.

If the request for coverage is not made at least 24 hours prior to the expiration of a previously approved treatment and we have all the information necessary to make a determination, we will make a determination and provide written notice to you (or your designee) or your provider within the earlier of 72 hours or one (1) business day of receipt of the request. If we need additional information, we will request it within 24 hours. You or your provider will then have 48 hours to submit the information. We will...
make a determination and provide written notice to you (or your designee) or your provider within the earlier of one (1) business day or 48 hours of our receipt of the information or, if we do not receive the information, within 48 hours of the end of the 48-hour period.

3. Home health care reviews. After receiving a request for coverage of home care services following an inpatient hospital admission, we will make a determination and provide notice to you (or your designee) or your provider, by telephone and in writing, within one (1) business day of receipt of the necessary information. If the day following the request falls on a weekend or holiday, we will make a determination and provide notice to you (or your designee) or your provider within 72 hours of receipt of the necessary information. When we receive a request for home care services and all necessary information prior to your discharge from an inpatient hospital admission, we will not deny coverage for home care services while our decision on the request is pending.

4. Inpatient substance use disorder treatment reviews. If a request for inpatient substance use disorder treatment is submitted to us at least 24 hours prior to discharge from an inpatient substance use disorder treatment admission, we will make a determination within 24 hours of receipt of the request and we will provide coverage for the inpatient substance use disorder treatment while our determination is pending.

5. Inpatient mental health treatment for members under 18 at participating hospitals licensed by the Office of Mental Health (OMH). Coverage for inpatient mental health treatment at a participating OMH-licensed hospital is not subject to preauthorization. Coverage will not be subject to concurrent review for the first 14 days of the inpatient admission if the OMH-licensed hospital notifies us of both the admission and the initial treatment plan within two (2) business days of the admission. After the first 14 days of the inpatient admission, we may review the entire stay to determine whether it is medically necessary, and we will use clinical review tools approved by OMH. If any portion of the stay is denied as not medically necessary, you are only responsible for the in-network cost-sharing that would otherwise apply to your inpatient admission.

6. Inpatient substance use disorder treatment at participating OASAS-certified facilities. Coverage for inpatient substance use disorder treatment at a participating OASAS-certified facility is not subject to preauthorization. Coverage will not be subject to concurrent review for the first 28 days of the inpatient admission if the OASAS-certified facility notifies us of both the admission and the initial treatment plan within two (2) business days of the admission. After the first 28 days of the inpatient admission, we may review the entire stay to determine whether it is medically necessary, and we will use clinical review tools designated by OASAS. If any portion of the stay is denied as not medically necessary, you are only responsible for the in-network cost-sharing that would otherwise apply to your inpatient admission.

7. Outpatient substance use disorder treatment at participating OASAS-certified facilities. Coverage for outpatient, intensive outpatient, outpatient rehabilitation and opioid treatment at a participating OASAS-certified facility is not subject to preauthorization. Coverage will not be subject to concurrent review for the first four (4) weeks of continuous treatment, not to exceed 28 visits, if the OASAS-certified facility notifies us of both the start of treatment and the initial treatment plan within two (2) business days. After the first four (4) weeks of continuous treatment, not to exceed 28 visits, we may review the entire outpatient treatment to determine whether it is medically necessary, and we will use clinical review tools designated by OASAS. If any portion of the outpatient treatment is denied as not medically necessary, you are only responsible for the in-network cost-sharing that would otherwise apply to your outpatient treatment.

C. Retrospective reviews
If we have all information necessary to make a determination regarding a retrospective claim, we will make a determination and notify you and your provider within 30 calendar days of the receipt of the request. If we need additional information, we will request it within 30 calendar days. You or your provider will then have 45 calendar days to provide the information. We will make a determination and provide notice to you and your provider in writing within 15 calendar days of the earlier of our receipt of all or part of the requested information or the end of the 45-day period.

Once we have all the information to make a decision, our failure to make a utilization review determination within the applicable time frames set forth above will be deemed an adverse determination subject to an internal appeal.

D. Retrospective review of preauthorized services
We may only reverse a preauthorized treatment, service or procedure on retrospective review when:

• The relevant medical information presented to us upon retrospective review is materially different from the information presented during the preauthorization review;
• The relevant medical information presented to us upon retrospective review existed at the time of the preauthorization but was withheld or not made available to us;
• We were not aware of the existence of such information at the time of the preauthorization review; and
• Had we been aware of such information, the treatment, service or procedure being requested would not have been authorized. The determination is made using the same specific standards, criteria or procedures as used during the preauthorization review.

E. Step therapy override determinations
You, your designee, or your health care professional may request a step therapy protocol override determination for coverage of a prescription drug selected by your health care professional. When conducting utilization review for a step therapy protocol override determination, we will use recognized evidence-based and peer reviewed clinical review criteria that is appropriate for you and your medical condition.

1. Supporting rationale and documentation. A step therapy protocol override determination request must include supporting rationale and documentation from a health care professional, demonstrating that:
• The required prescription drug(s) is contraindicated or will likely cause an adverse reaction or physical or mental harm to you;
• The required prescription drug(s) is expected to be ineffective based on your known clinical history, condition, and prescription drug regimen;
• You have tried the required prescription drug(s) while covered by us or under your previous health insurance coverage, or another prescription drug in the same pharmacologic class or with the same mechanism of action, and that prescription drug(s) was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event;
• You are stable on a prescription drug(s) selected by your health care professional for your medical condition, provided this does not prevent us from requiring you to try an AB-rated generic equivalent; or
• The required prescription drug(s) is not in your best interest because it will likely cause a significant barrier to your adherence to or compliance with your plan of care, will likely worsen a comorbid condition, or will likely decrease your ability to achieve or maintain reasonable functional ability in performing daily activities.

2. Standard review. We will make a step therapy protocol override determination and provide notification to you (or your designee) and where appropriate, your health care professional, within 72 hours of receipt of the supporting rationale and documentation.

3. Expedited review. If you have a medical condition that places your health in serious jeopardy without the prescription drug prescribed by your health care professional, we will make a step therapy protocol override determination and provide notification to you (or your designee) and your health care professional within 24 hours of receipt of the supporting rationale and documentation.

If the required supporting rationale and documentation are not submitted with a step therapy protocol override determination request, we will request the information within 72 hours for preauthorization and retrospective reviews, the lesser of 72 hours or one (1) business day for concurrent reviews, and 24 hours for expedited reviews. You or your health care professional will have 45 calendar days to submit the information for preauthorization, concurrent and retrospective reviews, and 48 hours for expedited reviews.

For preauthorization reviews, we will make a determination and provide notification to you (or your designee) and your health care professional within the earlier of 72 hours of our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For concurrent reviews, we will make a determination and provide notification to you (or your designee) and your health care professional within the earlier of 72 hours or one (1) business day of our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For retrospective reviews, we will make a determination and provide notification to you (or your designee) and your health care professional within the earlier of 24 hours of our receipt of the information or 48 hours of the end of the 48-hour period if the information is not received.

If we do not make a determination within 72 hours (or 24 hours for expedited reviews) of receipt of the supporting rationale and documentation, the step therapy protocol override request will be approved. If we determine that the step therapy protocol should be overridden, we will authorize immediate coverage for the prescription drug prescribed by your treating health care professional. An adverse step therapy override determination is eligible for an appeal.
F. Reconsideration
If we did not attempt to consult with your provider who recommended the covered service before making an adverse determination, the provider may request reconsideration by the same clinical peer reviewer who made the adverse determination or a designated clinical peer reviewer if the original clinical peer reviewer is unavailable. For preauthorization and concurrent reviews, the reconsideration will take place within one (1) business day of the request for reconsideration. If the adverse determination is upheld, a notice of adverse determination will be given to you and your provider, by telephone and in writing.

G. Utilization review internal appeals
You, your designee, and, in retrospective review cases, your provider, may request an internal appeal of an adverse determination, either by phone, in person, or in writing.

You have up to 180 calendar days after you receive notice of the adverse determination to file an appeal. We will acknowledge your request for an internal appeal within 15 calendar days of receipt. This acknowledgment will include the name, address, and phone number of the person handling your appeal and, if necessary, inform you of any additional information needed before a decision can be made. The appeal will be decided by a clinical peer reviewer who is not a subordinate to the clinical peer reviewer who made the initial adverse determination and who is 1) a physician or 2) a health care professional in the same or similar specialty as the provider who typically manages the disease or condition at issue.

1. Out-of-network service denial. You also have the right to appeal the denial of a preauthorization request for an out-of-network health service when we determine that the out-of-network health service is not materially different from an available in-network health service. A denial of an out-of-network health service is a service provided by a non-participating provider, but only when the service is not available from a participating provider. For a utilization review appeal of an out-of-network health service, you or your designee must submit a written statement from your attending physician, who must be a licensed, board-certified or board-eligible physician qualified to practice in the specialty area of practice appropriate to treat your condition:

   - That the participating provider recommended by us does not have the appropriate training and experience to meet your particular health care needs for the health care service; and
   - Recommending a non-participating provider with the appropriate training and experience to meet your particular health care needs who is able to provide the requested health care service.

2. Out-of-network referral denial. You also have the right to appeal the denial of a request for a referral to a non-participating provider when we determine that we have a participating provider with the appropriate training and experience to meet your particular health care needs who is able to provide the requested health care service. For a utilization review appeal of an out-of-network referral denial, you or your designee must submit a written statement from your attending physician, who must be a licensed, board-certified or board-eligible physician qualified to practice in the specialty area of practice appropriate to treat your condition:

   - A written statement from your attending physician, who must be a licensed, board-certified or board-eligible physician qualified to practice in the specialty area of practice appropriate to treat your condition, that the requested out-of-network health service is materially different from the alternate health service available from a participating provider that we approved to treat your condition; and
   - Two (2) documents from the available medical and scientific evidence that the out-of-network service:

     - is likely to be more clinically beneficial to you than the alternate in-network service; and
     - the adverse risk of the out-of-network service would likely not be substantially increased over the in-network health service.

H. First-level appeal

1. Preauthorization appeal. If your appeal relates to a preauthorization request, we will decide the appeal within 15 calendar days of receipt of the appeal request. Written notice of the determination will be provided to you (or your designee), and where appropriate, your provider, within two (2) business days after the determination is made, but no later than 15 calendar days after receipt of the appeal request.

2. Retroactive appeal. If your appeal relates to a review of extended health care services, additional services rendered in the course of continued treatment, home health care services following discharge from an inpatient hospital admission, services in which a provider requests an immediate review, mental health and/or substance use disorder services that may be subject to a court order, or any other urgent matter will be handled on an expedited basis. An expedited appeal is not available for retrospective reviews. For an expedited appeal, your
provider will have reasonable access to the clinical peer reviewer assigned to the appeal within one (1) business day of receipt of the request for an appeal. Your provider and a clinical peer reviewer may exchange information by telephone or fax. An expedited appeal will be determined within the earlier of 72 hours of receipt of the appeal or two (2) business days of receipt of the information necessary to conduct the appeal. Written notice of the determination will be provided to you (or your designee) within 24 hours after the determination is made, but no later than 72 hours after receipt of the appeal request.

If you are not satisfied with the resolution of your expedited appeal, you may file a standard internal appeal or an external appeal.

Our failure to render a determination of your appeal within 30 calendar days of receipt of the necessary information for a standard appeal or within two (2) business days of receipt of the necessary information for an expedited appeal will be deemed a reversal of the initial adverse determination.

4. Substance-use appeal. If we deny a request for inpatient substance use disorder treatment that was submitted at least 24 hours prior to discharge from an inpatient admission, and you or your provider file an expedited internal appeal of our adverse determination, we will decide the appeal within 24 hours of receipt of the appeal request. If you or your provider file the expedited internal appeal and an expedited external appeal within 24 hours of receipt of our adverse determination, we will also provide coverage for the inpatient substance use disorder treatment while a determination on the internal appeal and external appeal is pending.

I. Full and fair review of an appeal

We will provide you, free of charge, with any new or additional evidence considered, relied upon, or generated by us or any new or additional rationale in connection with your appeal. The evidence or rationale will be provided as soon as possible and sufficiently in advance of the date on which the notice of final adverse determination is required to be provided to give you a reasonable opportunity to respond prior to that date.

J. Second-level appeal

(Does not apply to Student Health plans.)

If you disagree with the first-level appeal determination, you or your designee can file a second-level appeal. You or your designee can also file an external appeal. The four-month time frame for filing an external appeal begins on receipt of the final adverse determination on the first level of appeal. By choosing to file a second-level appeal, the time may expire for you to file an external appeal.

A second-level appeal must be filed within 45 days of receipt of the final adverse determination on the first-level appeal. We will acknowledge your request for an internal appeal within 15 calendar days of receipt. This acknowledgment will inform you, if necessary, of any additional information needed before a decision can be made.

1. Preauthorization appeal. If your appeal relates to a preauthorization request, we will decide the appeal within 15 calendar days of receipt of the appeal request. Written notice of the determination will be provided to you (or your designee), and where appropriate, your provider, within two (2) business days after the determination is made, but no later than 15 calendar days after receipt of the appeal request.

2. Retrospective appeal. If your appeal relates to a retrospective claim, we will decide the appeal within 30 calendar days of receipt of the appeal request. Written notice of the determination will be provided to you (or your designee), and where appropriate, your provider, within two (2) business days after the determination is made, but no later than 30 calendar days after receipt of the appeal request.

3. Expedited appeal. If your appeal relates to an urgent matter, we will decide the appeal and provide written notice of the determination to you (or your designee), and where appropriate, your provider, within 72 hours of receipt of the appeal request.

External appeal

A. Your right to an external appeal

In some cases, You have a right to an external appeal of a denial of coverage. If We have denied coverage on the basis that a service is not Medically Necessary (including appropriateness, health care setting, level of care or effectiveness of a Covered benefit); or is an experimental or investigational treatment (including clinical trials and treatments for rare diseases); or is an out-of-network treatment, You or Your representative may appeal that decision to an External Appeal Agent, an independent third party certified by the State to conduct these appeals.

In order for You to be eligible for an external appeal, You must meet the following two (2) requirements:

• The service, procedure or treatment must otherwise be a Covered Service under this Certificate; and

• In general, You must have received a final adverse determination through the first level of Our internal Appeal process. But, You can file an external appeal even though You have not received a final adverse determination through the first level of Our internal Appeal process if:
  - We agree in writing to waive the internal Appeal. We are not required to agree to Your request to waive the internal Appeal; or
  - You file an external appeal at the same time as You apply for an expedited internal Appeal; or
  - We fail to adhere to Utilization Review claim processing requirements (other than a minor violation that is not likely to cause prejudice or harm to You, and We demonstrate that the violation was for good cause or due to matters beyond Our control and the violation occurred during an ongoing, good faith exchange of information between You and Us).

B. Your right to appeal a determination that a service is not medically necessary

If We have denied coverage on the basis that the service is not Medically Necessary, You may appeal to an External Appeal Agent if You meet the requirements for an external appeal in paragraph “A” above.

C. Your right to appeal a determination that a service is experimental or investigational

If We have denied coverage on the basis that the service is an experimental or investigational treatment (including clinical trials and treatments for rare diseases), You must satisfy the two (2) requirements for an external appeal in paragraph “A” above and Your attending Physician must certify that Your condition or disease is one for which:

1. Standard health services are ineffective or medically inappropriate; or

2. There does not exist a more beneficial standard service or procedure Covered by Us; or

3. There exists a clinical trial or rare disease treatment (as defined by law).

In addition, Your attending Physician must have recommended one (1) of the following:

1. A service, procedure or treatment that two (2) documents from available medical and scientific evidence indicate is likely to be more beneficial to You than any standard Covered Service (only certain documents will be considered in support of this recommendation — Your attending Physician should contact the State for current information as to what documents will be considered or acceptable); or

2. A clinical trial for which You are eligible (only certain clinical trials can be considered); or

3. A rare disease treatment for which Your attending Physician certifies that there is no standard treatment that is likely to be more clinically beneficial to You than the requested service, the requested service is likely to benefit You in the treatment of Your rare disease, and such benefit outweighs the risk of the service. In addition, Your attending Physician must certify that Your condition is a rare disease that is currently or was previously subject to a research study by the National Institutes of Health Rare Disease Clinical Research Network or that it affects fewer than 200,000 U.S. residents per year.

For purposes of this section, Your attending Physician must be a licensed, board-certified or board-eligible Physician qualified to practice in the area appropriate to treat Your condition or disease. In addition, for a rare disease treatment, the attending Physician may not be Your treating Physician.
D. Your right to appeal a determination that a service is out-of-network

If We have denied coverage of an out-of-network treatment because it is not materially different from the health service available in network, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above and You have requested Preauthorization for the out-of-network treatment.

In addition, Your attending Physician must certify that the out-of-network service is materially different from the alternate recommended in-network health service and, based on two (2) documents from available medical and scientific evidence, is likely to be more clinically beneficial than the alternate in-network treatment; and that the adverse risk of the requested health service would likely not be substantially increased over the alternate in-network health service.

For purposes of this section, Your attending Physician must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

E. Your right to appeal an out-of-network referral denial to a non-participating provider

If We have denied coverage of a request for a Referral to a Non-Participating Provider because We determine We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above.

In addition, Your attending Physician must: 1) certify that the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs; and 2) recommend a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

For purposes of this section, Your attending Physician must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

F. Your right to appeal a formulary exception denial

If We have denied Your request for coverage of a non-formulary Prescription Drug through Our formulary exception process, You, Your designee or the prescribing Health Care Professional may appeal the formulary exception denial to an External Appeal Agent. See the Prescription Drug Coverage section of your plan documents for more information on the formulary exception process.

G. The external appeal process

You have four (4) months from receipt of a final adverse determination or from receipt of a waiver of the internal Appeal process to file a written request for an external appeal. If You are filing an external appeal based on Our failure to adhere to claim processing requirements, You have four (4) months from such failure to file a written request for an external appeal.

We will provide an external appeal application with the final adverse determination issued through the first level of Our internal Appeal process or Our written waiver of an internal Appeal. You may also request an external appeal application from the New York State Department of Financial Services at 1-800-400-8882. Submit the completed application to the Department of Financial Services at the address indicated on the application. If You meet the criteria for an external appeal, the State will forward the request to a certified External Appeal Agent.

You can submit additional documentation with Your external appeal request. If the External Appeal Agent determines that the information You submit represents a material change from the information on which We based Our denial, the External Appeal Agent will share this information with Us in order for Us to exercise Our right to reconsider Our decision. If We choose to exercise this right, We will have three (3) business days to amend or confirm Our decision. Please note that in the case of an expedited external appeal (described below), We do not have a right to reconsider Our decision.

In general, the External Appeal Agent must make a decision within 30 days of receipt of Your completed application. The External Appeal Agent may request additional information from You, Your Physician, or Us. If the External Appeal Agent requests additional information, it will have five (5) additional business days to make its decision. The External Appeal Agent must notify You in writing of its decision within two (2) business days.

If Your attending Physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to Your health; or if Your attending Physician certifies that the standard external appeal time frame would seriously jeopardize Your life, health or ability to regain maximum function; or if You received Emergency Services and have not been discharged from a Facility and the denial concerns an admission, availability of care, or continued stay, You may request an expedited external appeal. In that case, the External Appeal Agent must make a decision within 72 hours of receipt of Your completed application.

Immediately after reaching a decision, the External Appeal Agent must notify You and Us by telephone or facsimile of that decision. The External Appeal Agent must also notify You in writing of its decision.
If Your internal formulary exception request received a standard review through Our formulary exception process, the External Appeal Agent must make a decision on Your external appeal and notify You or Your designee and the prescribing Health Care Professional by telephone within 72 hours of receipt of Your completed application. The External Appeal Agent will notify You or Your designee and the prescribing Health Care Professional in writing within two (2) business days of making a determination. If the External Appeal Agent overturns Our denial, We will Cover the Prescription Drug while You are taking the Prescription Drug.

If Your internal formulary exception request received an expedited review through Our formulary exception process, the External Appeal Agent must make a decision on Your external appeal and notify You or Your designee and the prescribing Health Care Professional by telephone within 24 hours of receipt of Your completed application. The External Appeal Agent will notify You or Your designee and the prescribing Health Care Professional in writing within 72 hours of receipt of Your completed application. If the External Appeal Agent overturns Our denial, We will Cover the Prescription Drug while You suffer from the health condition that may seriously jeopardize Your health, life or ability to regain maximum function or for the duration of Your current course of treatment using the non-formulary Prescription Drug.

If the External Appeal Agent overturns Our decision that a service is not Medically Necessary or approves coverage of an experimental or investigational treatment or an out-of-network treatment, We will provide coverage subject to the other terms and conditions of your Certificate. Please note that if the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial, We will only Cover the cost of services required to provide treatment to You according to the design of the trial. We will not be responsible for the costs of investigational drugs or devices, the costs of non-health care services, the costs of managing the research, or costs that would not be Covered under your Certificate for non-investigational treatments provided in the clinical trial.

The External Appeal Agent’s decision is binding on both You and Us. The External Appeal Agent’s decision is admissible in any court proceeding.

We will charge You a fee of $25 for each external appeal, not to exceed $75 in a single Plan Year. The external appeal application will explain how to submit the fee. We will waive the fee if We determine that paying the fee would be a hardship to You. If the External Appeal Agent overturns the denial of coverage, the fee will be refunded to You.

H. Your responsibilities

It is Your responsibility to start the external appeal process. You may start the external appeal process by filing a completed application with the New York State Department of Financial Services. You may appoint a representative to assist You with Your application; however, the Department of Financial Services may contact You and request that You confirm in writing that You have appointed the representative.

Under New York State law, Your completed request for external appeal must be filed within four (4) months of either the date upon which You receive a final adverse determination, or the date upon which You receive a written waiver of any internal Appeal, or Our failure to adhere to claim processing requirements. We have no authority to extend this deadline.
More information is available upon request. In accordance with New York law, the following information is available to a member or prospective member upon request by contacting the Member Services department:

Your rights and protections against surprise medical bills

This notice explains how you can get help with unexpected bills from out-of-network providers. This applies to members enrolled in health plans subject to New York regulations. Check your plan documents for more details on balance bills. You can also call Member Services at the toll-free number on your ID card.

What is “balance billing” (sometimes called “surprise billing”)?

When you get emergency care or are treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from balance billing. In these cases, you shouldn’t be charged more than your plan’s copayments, coinsurance and/or deductible.

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, like a copayment, coinsurance or deductible. You may have additional costs or have to pay the entire bill if you see a provider or visit a health care facility that isn’t in your health plan’s network.

“Out-of-network” means providers and facilities that haven’t signed a contract with your health plan to provide services. Out-of-network providers may be allowed to bill you for the difference between what your plan pays and the full amount charged for a service. This is called “balance billing.” This amount is likely more than in-network costs for the same service and might not count toward your plan’s deductible or annual out-of-pocket limit.

“Surprise billing” is an unexpected balance bill. This can happen when you can’t control who is involved in your care — like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider.

Surprise medical bills could cost thousands of dollars, depending on the procedure or service.

You’re protected from balance billing for:

Emergency services
If you have an emergency medical condition and get emergency services from an out-of-network provider or hospital, the most they can bill you is your plan’s in-network cost-sharing amount (such as copayments, coinsurance and deductibles). You can’t be balance billed for these emergency services. This includes services you may get after you’re in a stable condition.

Certain services at an in-network hospital or ambulatory surgical center
When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers can bill you is your plan’s in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist and intensivist services. These providers can’t balance bill you and may not ask you to give up your protections not to be balance billed.

If you get other types of services at these in-network facilities, out-of-network providers can’t balance bill you, unless you give written consent and give up your protections. You can’t give up your protections for these other services if they are a surprise bill. Surprise bills are when you’re at an in-network hospital or ambulatory surgical facility and a participating doctor was not available, a non-participating doctor provided services without your knowledge or unforeseen medical services were provided.

Services referred by your in-network doctor
Surprise bills include when your in-network doctor refers you to an out-of-network provider without your consent (including lab and pathology services). These providers can’t balance bill you and may not ask you to give up your protections not to be balance billed. You may need to sign a form (available on the Department of Financial Services’ website at DFS.NY.gov) for the full balance billing protection to apply.
You're never required to give up your protections from balance billing. You also aren't required to get out-of-network care. You can choose a provider or facility in your plan’s network.

When balance billing isn't allowed, you also have these protections:
• You’re only responsible for paying your share of the cost (like the copayments, coinsurance and deductibles that you would pay if the provider or facility was in-network). Your health plan will pay any additional costs to out-of-network providers and facilities directly.
• Generally, your health plan must:
  - Cover emergency services without requiring you to get approval for services in advance (also known as “prior authorization”).
  - Cover emergency services by out-of-network providers.
  - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your Explanation of Benefits.
  - Count any amount you pay for emergency services or out-of-network services toward your in-network deductible and out-of-pocket limit.

If you think you’ve been wrongly billed, follow the steps below to notify us or contact the New York State Department of Financial Services at (800) 342-3736 or surprisemedicalbills@dfs.ny.gov. Visit DFS.NY.gov for information about your rights under state law.

1. Tell us if you had a New York Surprise Bill Complete the New York State Surprise Bill Certification form (previously Assignment of Benefits) if you got a surprise balance bill. The form is:
• Attached to this notice
• On the New York Department of Financial Services website at DFS.NY.gov
• On Aetna.com under our state-specific legal notices

2. How to send us a Surprise Bill Certification form
1. Through your member website:
   Log in to your secure member website at Aetna.com. Click “Contact Us” in upper right corner.
   Attach your form and bill. Click submit.

2. Mail it to us on the Aetna® address on your ID card.

3. Mail it to us at:
   Aetna
   Member Correspondence Unit PO
   Box 981106
   El Paso, Texas 79998-1106

3. Tell your provider this is a New York surprise bill
Send a copy of your Surprise Bill Certification form to your provider. This alerts the office not to bill you over your in-network cost share.

4. What happens after Aetna gets my Surprise Bill Certification form?
• We’ll review the balance over your network cost share (copayment, deductible or coinsurance).
• We will send you an Explanation of Benefits (EOB) if we pay more to the provider. It will tell you if you owe more cost share.
• If we don’t settle, the provider may file a fee dispute called Independent Dispute Resolution (IDR).

Emergency services
You only need to pay your network cost share for emergency services. Your plan documents explain how emergency services are defined. Follow the steps in item four above if you get a balance bill over your network cost share for emergency services. We’ll handle it following the benefits in your plan documents.

Out-of-network hospital bills when you’re admitted after an emergency room visit
Balance billing protections under New York law include inpatient services provided by a physician or hospital following an emergency room visit at an out-of-network hospital.

You can also use the Surprise Bill Certification form to send us your balance bill for these services. The form is attached to this notice.
Independent Dispute Resolution Process (IDR)
Certain fee disputes can be sent to the New York IDR process.

**IDR for surprise bills**
We or a provider may file IDR.

The IDR application is on the New York Department of Financial Services website, [DFS.NY.gov](http://DFS.NY.gov).

The process starts by completing an IDR application and sending it to the New York Department of Financial Services.

The IDR will be reviewed by a state-assigned independent dispute resolution entity (IDRE).

The IDRE will decide if our payment or the provider’s fee is more reasonable within 30 days of receiving the IDR application.

If we need to pay more to the provider, your cost share may go up.

A member of a self-funded health plan or a patient who does not have insurance may also file IDR on their own.

**IDR for emergency services**
The following are eligible for IDR:

- Emergency physician services
- Emergency services provided by an out-of-network hospital
- Inpatient services provided by a physician or hospital following an emergency room visit at an out-of-network hospital
- Services by out-of-network providers at in-network ambulatory surgical centers

We or the provider can file IDR following the same steps noted above. A member of a self-funded plan or a patient who does not have insurance may also file IDR on their own. IDR is for services performed in New York. If you get a balance bill for emergency services outside of New York, you can also send it to us for review. Upon receipt, we’ll handle it based upon the benefits of your health plan.
NEW YORK STATE SURPRISE MEDICAL BILL CERTIFICATION FORM

You are protected from surprise medical bills. Your health plan must pay your health care provider, and your provider cannot bill you, except for any in-network cost-sharing.

- This form is required for surprise bills in (1) below for dates of service before 1/1/22 and for surprise bills in (2) below for all dates of service. This form is NOT required for surprise bills in (1) below for dates of service on and after 1/1/22 but helps identify when services are a surprise bill.
- Send a copy of this form to your provider and health plan (include a copy of any bill you received).
- Your provider may complete this form for a surprise bill described in (1) below for dates of service on and after 1/1/22, and your provider must send it to your health plan.

A surprise bill is when:

1. You're at an in-network hospital or ambulatory surgical facility and an in-network provider was not available; an out-of-network provider provided services without your knowledge; or you needed unforeseen medical services. Also, you did not choose to receive services from an out-of-network provider instead of from an available in-network provider before you went to the hospital or ambulatory surgical facility. (Emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist or intensivist services in an in-network hospital or ambulatory surgical facility are usually a surprise bill.)

2. During a visit with your in-network doctor, an out-of-network provider treats you; your in-network doctor takes a specimen from you and sends it to an out-of-network lab or pathologist; or your in-network doctor refers you to an out-of-network provider (and referrals are required under your health plan). Also, you did not sign a written consent that you knew the services would be out-of-network and result in costs not covered by your health plan.

I certify to the best of my knowledge that (check one):

☐ I received services that are a surprise bill as described in (1) or (2) above and I want the provider to seek payment for this bill from my health plan (this is an “assignment”) OR

☐ I am a health care provider, and the insured received services that are a surprise bill as described in (1) above for dates of service on and after 1/1/22.

Confidentiality Notice
Aetna considers personal information to be confidential and has policies and procedures in place to protect it against unlawful use and disclosure. By "personal information," we mean information that relates to a member’s physical or mental health or condition, the provision of health care to the member, or payment for the provision of health care or disability or life benefits to the member. Personal information does not include publicly available information or information that is available or reported in a summarized or aggregate fashion but does not identify the member.

When necessary or appropriate for your care or treatment, the operation of our health, disability or life insurance plans, or other related activities, we use personal information internally, share it with our affiliates, and disclose it to health care providers (doctors, dentists, pharmacies, hospitals and other caregivers), payors (health care provider organizations, employers who sponsor self-funded health plans or who share responsibility for the payment of benefits, and others who may be financially responsible for payment for the services or benefits you receive under your plan), other insurers, third party administrators, vendors, consultants, government authorities, and their respective agents. These parties are required to keep personal information confidential as provided by applicable law. In our health plans, participating network providers are also required to give you access to your medical records within a reasonable amount of time after you make a request.

Some of the ways in which personal information is used include claim payment; utilization review and management; medical necessity reviews; coordination of care and benefits; preventive health, early detection, vocational rehabilitation and disease and case management; quality assessment and improvement activities; auditing and anti-fraud activities; performance measurement and outcomes assessment; health, disability and life claims analysis and reporting; health services, disability and life research; data and information systems management; compliance with legal and regulatory requirements; formulary management; litigation proceedings; transfer of policies or contracts to and from other insurers, HMOs and third party administrators; underwriting activities; and due diligence activities in connection with the purchase or sale of some or all of our business. We consider these activities key for the operation of our health, disability and life plans. To the extent permitted by law, we use and disclose personal information as provided above without member consent. However, we recognize that many members do not want to receive unsolicited marketing materials unrelated to their health, disability and life benefits. We do not disclose personal information for these marketing purposes unless the member consents. We also have policies addressing circumstances in which members are unable to give consent.

To obtain a copy of our Notice of Privacy Practices, which describes in greater detail our practices concerning use and disclosure of personal information, please call the toll-free Member Services number on your ID card or visit our Internet site at www.aetna.com.
Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be subject to prior written agreement between Aetna and your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage. Your Employer must continue to make premium payments.

If Health Expense Benefits has reduction rules applicable by reason of age or retirement, Health Expense Benefits will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the group contract provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under the group contract will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under the group contract only if and when Aetna gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.

Extraterritorial booklet-certificate amendment

Policyholder: Fashion Institute of Technology

Group policy number: GP-0100160

Amendment effective date: January 1, 2024

This amendment is part of your booklet-certificate. It is effective on the date shown above and it replaces any other medical extraterritorial booklet-certificate amendment you may have received before.

Important note: The following apply only if you live in Connecticut. The benefits below will apply instead of those in your booklet-certificate unless the benefits in your booklet-certificate are better.

Precertification
Failure to pre-certify your eligible health services when required will result in a benefit reduction. Covered benefits will never be reduced by more than 50% of the benefits that would have been payable or $500, whichever is less.

How COB works with Medicare
When you are covered under Medicare, the plan coordinates the benefits it pays with the benefits that Medicare pays. Sometimes, this plan is the primary plan, which means that the plan pays benefits before Medicare pays benefits. Sometimes, this plan is the secondary plan, and pays benefits after Medicare. This amendment makes no other changes to the group policy, booklet-certificate or schedule of benefits.
