Step Four: Making Your Flexible Spending Account Plan Election(s)

1. From your Personal Dashboard, click on the blue **Click Here** button at the top of the webpage within the “Open Enrollment Reminder” banner, and it will take you to the enrollment page.

There are two Flexible Spending Accounts; you may enroll in one or both. Please ensure you select the correct one when making your election.

- The **Healthcare FSA (Flexible Spending Account)** is for eligible health care expenses (including dental) for yourself and your eligible dependents.
- The **Dependent Care FSA (Dependent Care Account)** is for eligible child or dependent adult day care expenses.

Click the **Enroll** button next to either Dependent Care FSA or Healthcare FSA; disregard the **Waive** option.

2. **Participant Demographics** page. This page contains information provided by FIT, and you cannot update it.
 - **If your information is *incorrect*, you should continue the enrollment process** and email hr_benefit@fitnyc.edu and provide your updated information.
 - Click **Next** at the bottom of the page to proceed; disregard the “Cancel” and “Save for Later” options.
3. Enter your **annual** election as a flat dollar amount; use **numbers only, no commas**. Check the box at the bottom of the page indicating you have elected to participate in the selected account. Click **Next**; disregard the “Cancel” and “Save for Later” options.
4. **Account Details** page. Review your election; if a change is needed, click on **Edit Account Details** to return to the Election page. If your election amount is correct, click **Submit** at the bottom of the page. Your enrollment will then be complete.
5. Once the **Your application has been submitted** message is displayed, click **Done**. This will take you back to the Enroll Online page, and you should see the status change from New to Completed in the account you enrolled in.
 - Repeat steps 3 through 5 to make an election in the other account option (Healthcare or Dependent Care) as needed.
6. On the Enroll Online page, ensure that you have enrolled in the correct account(s) with the correct annual election amount(s), and take a screenshot of the page for your records.

- If you need to make changes, follow the same steps and take a screenshot of the page for your records.

You may return to FBA's enrollment system at any time during the current annual open enrollment period to make changes to your 2025 election.
