- 5.6 Job titles within the bargaining unit cannot be changed except by mutual agreement of the parties to the contract. Individuals employed with grant funds or in positions of limited duration not to exceed three months are not included in the bargaining unit. The parties to this contract reserve the right to petition PERB to include or exclude any positions covered by this contract.

6.0 UNION DUES CHECK-OFF

- 6.1 The College shall, to the extent permitted by applicable law, check off UCE dues, VOTE/COPE, Opportunity Plus, and NYSUT Benefit Trust upon submission of a signed authorization to the Payroll Office by the Union for anyone within the bargaining unit. In addition, the Union agrees to hold the College harmless from any claims, damages or costs incurred in connection with such deductions. The College shall remit to the Union the deductions and shall furnish the Union with a list of all employees from whose salaries such deductions have been made.
- 6.2 In accordance with the applicable law, all employees of the College whose job titles are covered by this contract and who are not members of the United College Employees of the Fashion Institute of Technology shall pay agency fee dues to the UCE/FIT in the same amounts as union members who earn equivalent pay. These agency fees are payable by means of check-off only.

7.0 GRIEVANCE PROCEDURE

- 7.1 **INTENT:** It is the declared objective of this procedure to encourage the prompt resolution of employee complaints and grievances as they arise and to provide recourse free from coercion, interference, restraint, discrimination, or reprisal.
- 7.2 **DEFINITIONS:** A complaint is an informal claim by an employee or by the Union of improper, unfair, arbitrary or discriminatory treatment.

A complaint may, but need not constitute a grievance and every effort shall be made by complainant to resolve complaints informally with the supervisor. Any settlement, withdrawal or disposition of a complaint at this informal stage shall not constitute a binding precedent in the settlement of similar complaints or grievances; nor shall any resolution of a complaint be inconsistent with the terms of this contract.

- 7.3 The term "grievance" shall mean any claim by a grievant that:
- (a) there has been a violation, misinterpretation, or misapplication of any of the provisions of this contract which concern the grievant; or
 - (b) there has been a violation, misinterpretation, or misapplication of written or established policies or procedures governing or arising out of the day to day conditions of employees herein, if the sustaining of such a claim would not be inconsistent with the provisions of this contract.
- 7.3.1 A grievance may be instituted by the parties to this contract and/or by any person(s) covered by this contract; and such parties or persons shall be termed "grievant."

7.4 FORMAL PROCEDURE FOR PROCESSING GRIEVANCES

- 7.4.1 The grievant shall have the right to be represented at all stages of the grievance procedure by any representative of his choice; however, if the Union is not chosen as the representative of an individual grievant, the Union shall have the right to have a representative present at each step of the grievance procedure and this representative may participate to the extent of presenting the position or interpretation of the Union.
- 7.4.2 The administrator making the decision shall send a copy of the decision to the Union on the same day that the decision is sent to the grievant. The Union may appeal any decision(s) which violates any term of this contract.
- 7.4.3 All grievances shall be filed in writing on an approved form. The grievant shall state the nature of the grievance, the contract provision(s) affected, the relief sought, and shall date and sign the grievance. The grievance shall be presented in accordance with the grievance procedure set forth below. In each instance, the acknowledgment of receipt of the grievance shall be made by the appropriate administrator involved by initialing and dating the form presented and returning a copy of the form to the grievant.
- 7.4.4 All grievances must be filed not later than thirty (30) working days from the date on which the grievance arose or could reasonably have been discovered, whichever comes later, except those involving reappointment which must be filed within twenty (20) working days from the date on which the grievance arose or could reasonably have been discovered, whichever comes later.
- For the purposes of the grievance procedure, working day is defined as any day on which classes are officially in session during the Fall and Spring semester, except Saturdays and Sundays.
- 7.4.5 The failure of an administrator at any level to communicate his decision to the grievant within the proper time limits shall permit the grievant to proceed to the next stage of the grievance procedure. The failure of the grievant to file his grievance within the time limits set forth in Sec. 7.4.4 above or to appeal any decision within applicable time limits set forth in the grievance steps shall bar consideration of, or further action on, the grievance.
- 7.4.6 The time limitations prescribed at each step of the grievance procedure may be extended only by mutual agreement of the parties in writing before the expiration of the time period for the applicable step.
- 7.4.7 Hearings and conferences held under this procedure shall be conducted at a time and place which will afford a fair and reasonable opportunity for all interested parties to attend. When such hearings and conferences are held during class or working hours, all employees whose presence is required shall be excused for that purpose without loss of payment from the College.
- 7.4.8 Grievances presented at STEPS I and II shall be private unless the grievant, the Union, and the College all agree that the grievance be public.
- 7.4.9 At all steps of the grievance procedure, the grievant shall have the right to require the production of relevant records relating specifically to the particular grievance in question, upon reasonable notice to the supervisory administrator and the contract administrator. The College will attempt to provide documents in a timely fashion.

7.4.10 The grievance procedure shall be as follows:

7.4.11 STEP I: The grievance shall be presented to the Senior Administrator for the grieving's area with a copy to the President's Office or President's designee (and to the UCE if grievance is filed by an individual), who may rule upon the grievance or may designate a Department Chair or other designee to rule upon the grievance after consultation with the Senior Administrator. A written decision by the Senior Administrator (or his/her designee) shall be furnished to the grievant, with a copy to the Union, within ten (10) working days of receipt of the written grievance.

7.4.12 STEP II: If the grievance has not been resolved at STEP I, the grievant shall have the right within fifteen (15) working days following notice of the STEP I decision to appeal said decision to the President or President's designee. The appeal shall be in writing, and shall set forth the disposition of the grievance at STEP I. A hearing date shall be established within fifteen (15) working days of receipt of the appeal, and the grievant and the Union shall be notified of such hearing. Oral and written statements or arguments may be presented directly or through witnesses. The President or President's designee shall communicate his/her decision in writing to the grievant and the Union within fifteen (15) working days after completion of the hearing.

7.4.13 STEP III: If a grievance has not been resolved at the conclusion of STEP II, it may be submitted to arbitration pursuant to the voluntary labor arbitration rules of the American Arbitration Association within fifteen (15) working days after the receipt of the STEP II decision.

A copy of the notice of arbitration shall be given to the President of the College or President's designee and shall include a brief statement setting forth the issue or issues to be decided by the arbitrator.

The arbitrator shall be selected by the Union and the President of the College or President's designee from a list of arbitrators submitted by the American Arbitration Association. The arbitrator's decision or award shall be final and binding in accordance with applicable law and shall not add to or subtract from or modify this collective bargaining agreement. The costs and fees of such arbitration shall be borne equally so that the College shall pay one-half (1/2) and the other party or parties to the arbitration shall pay the other one-half (1/2).

Unless the arbitrator should otherwise require, the arbitration hearings shall be held at the College.

A union member shall not be permitted to go to arbitration if the Union has voted not to support the grievance.

8.0 REIMBURSEMENT OF CRIMINAL DEFENSE EXPENSES

8.1 In conformance with Article 126, Section 6309 of the New York State Education Law, the College will provide for reimbursement of defense costs incurred by employees upon acquittal or dismissal of criminal charges which arose from acts within the scope of the employee's duties. Payments for such costs shall commence at such time as agreed to by the College and the UCE of F.I.T.

9.0 GOVERNANCE

9.1 Administration/Union Relations. The President of the College or President's designee and the President of UCE/FIT shall confer at the request of either as their interests may require.

- 9.2 The faculty shall participate in the formulation of policy for graduate and undergraduate education in relation to curriculum, academic standards, student affairs, and tenure and promotion, through elected committees of the Faculty Senate and shall make recommendations related to these matters to the President of the College, through the Vice President of Academic Affairs' Cabinet or other designee of the President.

10.0 ACTING AND TEMPORARY EMPLOYEES

- 10.1 A person in an acting capacity is one who works in the absence of a permanent employee for a given period of time.
- 10.2 Persons employed in temporary positions are those hired to cover emergency situations for a reasonable period of time.
- 10.3 Part-time employees with a minimum of three (3) years of service and all full-time employees who take acting positions will go back to their original or comparable positions as determined by mutual agreement by the parties to this contract when the permanent employee returns.
- 10.4 An acting or temporary employee newly hired to replace a permanent employee on leave, will be dismissed upon return of the permanent employee unless an opening may exist in a permanent position within the College for which such temporary or acting employee may be qualified. There is, however, no guarantee of employment.
- 10.5 Persons whose initial full-time employment is in an acting position may not be employed in the acting position for a period in excess of two (2) years. These employees are not eligible to apply for other acting positions.
- 10.6 Non-tenured permanent employees may apply for acting positions only if they have been employed by the College on a full-time basis for at least two years and have served in their current position for at least one year.

11.0 VOTING ELIGIBILITY

- 11.1 Faculty: A Department shall consist of any group of faculty members working under a Chair, Associate Chair, Director or any equivalent title.
- 11.2 In the Student Affairs Division, for purposes of voting eligibility, a Department shall refer to any area with four (4) or more full-time faculty (or their part-time day equivalent) eligible to vote, as defined in Section 11.2. In the Student Affairs Division, any area with less than four (4) full-time faculty (or their part-time day equivalent) eligible voters shall, for the purposes of voting, expand to four (4) full-time faculty by the temporary addition of one (1) or more full-time faculty members from within the Student Affairs Division selected by written mutual agreement between the area and the Vice President of Student Affairs.
- 11.3 Only those qualified voters physically present at the time a vote is taken may vote. A majority of the full-time qualified voters of the Department constitutes a quorum. A majority vote of those physically present and voting shall decide each issue. A secret ballot must be used on all issues except "other matters. Meetings that involve elections and Department Tenure and Promotion matters must have two (2) weeks notice unless there is a serious emergency -- in such event every effort will be made to contact each voting member personally.

11.4 Voting eligibility in Department matters shall be determined as follows:

MATTER	ELIGIBLE VOTERS*
Initial appointment, tenure, or Certificate of Continuous Employment (hereinafter may be referred to as CCE).	Tenured faculty and part-time day faculty holding a Certificate of Continuous Employment in the Department in which they are working. Those part-time faculty members who vote on initial appointment, reappointment or tenure of an individual may at no time become candidates for that position, or for one which becomes available as a result of a negative department vote on that individual.
Reappointment, for 2nd, 3rd, 4th, 5th & 6th semesters.	Tenured faculty and tenured classroom assistants, part-time day faculty and classroom assistants holding a Certificate of Continuous Employment in the Department in which they are working. Those part-time faculty members who vote on initial appointment, reappointment or tenure of an individual may at no time become candidates for that position, or for one which becomes available as a result of a negative department vote on that individual.
Promotions	Full-time faculty with at least two (2) years continuous service and part-time day faculty holding a Certificate of Continuous Employment in the Department in which they are working.
Elections/Recall: Chair, Associate Chairs, Assistant Chairs	Full-time faculty and part-time day faculty holding a Certificate of Continuous Employment in the Department in which they are working. Candidates for these positions are eligible to vote. Individual being recalled is eligible to vote.
Other Elections and Other Matters	Full-time faculty and classroom assistants with at least two (2) semesters continuous service; and part-time day faculty who are on the AOP B list in the Department in which they are voting and part-time day classroom assistants who have completed the equivalent of one year's service in the Department in which they are voting.

*All eligible voters must be in active status. For the purposes hereof, active status is defined as those employees receiving their regular compensation. For the purpose of Article 11 (Voting Eligibility), part-time day faculty shall mean all part-time faculty teaching week (Monday-Friday), and day (8 A.M. - 6 P.M.) courses. Those part-time faculty members who become full-time faculty shall retain all voting rights which have accrued to them. Those part-time faculty members who vote on initial appointment, reappointment or tenure may not be a candidate for that position or one which might become available as the result of a negative vote.

12.0 DEPARTMENT CHAIRS, ASSOCIATE CHAIRS, AND ASSISTANT CHAIRS: TERM OF OFFICE AND ELIGIBILITY

- 12.1 Effective Fall 2009, elections for Department Chairs, Associate Chairs and Assistant Chairs, except as excluded in Section 12.4, shall be nominated and elected by the Department anytime after the start of the semester but prior to October 15th for a three (3) year term and shall take office at the beginning of the Spring semester. Full-time faculty and part-time day faculty with Certificates of Continuous Employment shall be eligible to vote in such elections. Special elections shall be held for interim terms whenever necessary.
- 12.2 Those eligible for election to office of Chair, Associate Chair, and Assistant Chair, shall be all full-time tenured faculty within a Department who are in active status; however, the tenure requirement of this provision may be waived by a vote of two-thirds (2/3) of the Department.
- 12.3 All Department Chairs, Associate Chairs, and Assistant Chairs shall be subject to recall and replacement. A recall election may be called by the President of the College once per semester, or by the Department once per semester, except that a recall election may be called during the individual's first semester as Chair only with a mutual consent of the President of the College and the majority of the Department. The individual to be recalled shall be informed of the reasons with a copy to the Vice President of Academic Affairs and the President, not less than ten (10) working days prior to the recall vote. To implement recall, a written ballot and a two-thirds (2/3) majority vote of those qualified members present are required.
- 12.3.1 Should the administration desire recall of a Chair, Associate or Assistant Chair, the President or President's designee shall meet with the Department for consultation purposes. If the issue is not resolved, the President or President's designee shall ask for a Department recall vote. Should fifty-one percent (51%) or more of those qualified members present agree to the recall proposal, the referenced Chair is removed and a new election shall be undertaken to fill the unexpired term. Should fifty-one percent (51%) or more of those qualified members present not agree to the recall proposal, the President may appoint a mutually agreed upon college-wide committee as described under Section 37.1. The vote of this committee shall be binding. The administration may not call for a recall vote in any one Department more than once in an academic year.
- 12.4 For the first four (4) years of the existence of a new Department, the head of the Department shall be chosen by the President of the College. The President determines the released time. After the initial four (4) years, if the Department has fewer than three (3) full-time faculty members (or their part-time day equivalent), the head of the Department shall continue to be chosen by the President for one (1) year terms. If after the initial four (4) years, the Department has from three (3) to five (5) full-time faculty members (or their part-time day equivalent), the head of the Department will be elected as an Associate Chair. In a Department of six (6) or more full-time faculty members (or their part-time day equivalent), the head of the Department shall be elected as Chair.
- 12.5 In any currently existing Department of three (3) through five (5) full-time members (or their part-time equivalent), the head of that department shall be designated as an Associate Chair. If after the initial four (4) years the department has six (6) full-time members or more (or their part-time equivalent), the head of that department shall be elected.
- 12.6 In addition to a Chair, whenever a Department has fifteen (15) or more full-time faculty members (or their part-time day equivalent), an election for an Assistant Chair may be held after authorization by the School Dean and Vice President of Academic Affairs. Individuals employed full-time for at least two (2) years shall receive two (2) week's notice of termination or two (2) week's pay. The employee shall be offered any position which is vacant in a lower classification for which (s)he may qualify and remain frozen at his/her former salary step until the salary schedule for his/her new job exceeds the salary step at which (s)he was frozen.

- 20.9 Whether or not the employee accepts the lower position, (s)he shall nevertheless be placed on a preferred employment list for appointment to any new position for which (s)he may be qualified and which is equal in rank and salary to that which was discontinued. The names of such persons shall remain on the preferred list for three (3) years. The College agrees to make all reasonable effort to notify such persons by certified mail, at their last known address, of available positions. Upon notification having been made, they shall have ten (10) working days in which to respond. First consideration shall be given to those who respond from the eligibility list. All such persons shall have the right to refuse any position offered by the College administration and remain at the same level on the preferred eligibility list. They shall retain all seniority earned at the College. Seniority shall determine the level at which such employees are to be placed on the preferred eligibility list. Upon reemployment, the employee shall be placed on the next salary increment step beyond the step which was completed at the time the employee's services were terminated. In the event an individual with lesser seniority is proposed for reemployment, the Office of Human Resources shall consult with the Union before making the final decision to recommend for reemployment. After the above procedure has exhausted the preferred eligibility list, full-time positions will initially be offered to full-time staff, and thereafter, to part-time staff employed in the College in accordance with the procedure outlined in the Section, "Job Posting."

21.0 ASSIGNMENT OF PROGRAM: CLASSROOM FACULTY

- 21.1 The three (3) types of Assignment of Program lists (hereinafter referred to as AOP lists) shall be established and maintained by Faculty Services and available in the Department offices.
- 21.1.1 For the selection of any course given in the evening and/or weekend, one (1) combined AOP list shall be compiled which will include all teaching experiences at the College in one Department -- day, evening, winter session, summer I, and summer II. This is the "A" list.
- 21.1.2 For the selection of part-time day session classes, an AOP list shall be compiled that includes only part-time day teaching experience and prior full-time teaching at the College in one (1) Department. This is the "B" list.
- 21.1.3 For the selection of full-time day session programs, an AOP list shall be compiled that includes all full-time and part-time day session teaching at the College in one (1) Department during the Fall and Spring semester. This is the "C" list.
- 21.1.4 When a faculty member develops a new course which was approved by the Academic Cabinet and given the course designation number, the faculty member shall have the right of first selection of that course, when offered, for four semesters.
- If the faculty member opts to decline in a given semester, the semester in question shall count as one of the four.
- If the faculty member is unable to teach because of circumstance beyond his/her control, the Vice President for Academic Affairs in consultation with the U.C.E. of FIT shall determine if that semester will count as one of the four.
- 21.1.5 Department Chairs will post and distribute faculty assignments to all Department faculty on the AOP lists immediately after completion of the course selection process.

- 21.1.6 No one who is or becomes full-time in one (1) Department may continue to claim a place on the full-time AOP list of another Department, but (s)he shall not lose any hours of accumulated AOP ranking credits in the determination of his/her place on the list of the Department in which (s)he is or becomes full-time.
- 21.1.7 An adjunct faculty member who drops a course after December 15th for the Spring semester or after July 1st for the Fall semester, except for cause (personal illness, professional or personal obligations, military service, etc.), which shall be reviewed by the Chair and Dean and approved by the Vice President for Academic Affairs, shall be prevented from exercising their AOP rights for one year effective the semester directly following the one during which the course was dropped. No loss of AOP hours shall occur.
- 21.1.8 For full-time and part-time faculty, if registration (excluding any pre-registration time period) requires a Department to either add or cancel classes, reassignment of programs shall be within the discretion of the Department Chair beginning on the first day of regular registration, in consultation with the affected faculty member(s) wherever possible. If there is disagreement between the Chair and faculty member(s), it is clearly understood that the Chair has the sole prerogative of reassignment of the teaching schedule to the faculty members; however, the chair will recognize AOP ranking if a faculty member is left with no or fewer assignments and a lower ranking faculty member has assignments. The individual affected by the reassignment must accept the course(s) offered by the Chair and may not assert their AOP ranking to "bump" a faculty member from a course.

In addition, for all faculty, when a faculty member states that (s)he cannot fulfill a program assignment after course selection has been completed in the Department, the reassignment of programs shall be within the discretion of the Department Chair.

21.2 AOP Course Denial:

- 21.2.1 A Department may, by majority secret ballot, vote to deny a full-time or part-time faculty member a course or courses chosen by the AOP list rankings method. Such decision may be made only if the Department judges that the specific requirements of the course(s) are not being met, or the educational needs and purposes of the Department will not be served, or if the educational background and/or industry experience of the faculty member does not meet the needs of such an assignment.
- 21.2.2 In addition, after the completion of course selection by the Department, the assignments shall be reviewed by the School Dean who may challenge any selection. If the Dean and Chair or Coordinator agree to challenge an assignment, it will be referred to the Department where a majority vote will be necessary to deny the faculty member's choice based on the criteria stated in the above paragraph. If the Dean and Chair or Coordinator cannot reach an accord, the assignment will be referred to the Department where a sixty percent (60%) vote is needed to deny the assignment based on the criteria stated in the above paragraph.
- 21.2.3 The department Chair and Dean may deny a full-time or part-time faculty member a course or courses chosen by the AOP list rankings method. Such decision may be made only if there is documented evidence of the specific requirements of the course(s) not being met, or the educational needs and purposes of the Department will not be served, or if the educational background and/or industry experience of the faculty member does not meet the needs of such an assignment.

The faculty member who is denied a course under this provision shall have the option of selecting another course for which s/he is qualified or following a developmental program determined by the Chair, Dean and the CET. The faculty member will receive pay while undergoing the developmental program for one semester. The program contents will be shared with the UCE.

The program will have objective benchmarks and its successful completion will be determined by the Chair, Dean and the CET. If the individual successfully completed the program, s/he may select the course which they were originally denied in the following semester. A peer observation will be conducted.

If the individual fails to successfully complete the program as determined by the Chair, Dean and the CET, s/he will not be permitted to teach that particular course or may pursue, on his/her own and without pay, additional developmental programs with the CET.

21.3 Full-time Day Assignments:

21.3.1 Preference in assignments shall be governed primarily by an individual's ranking on his/her Department's AOP list (Section 21.1.3), except that Department Chairs, and those Associate and Assistant Chairs, who teach no more than six (6) hours, shall have preference over all others.

21.3.2 Full-time faculty shall have preference over part-time faculty in program assignments.

21.3.3 All full-time faculty in the Department shall receive full assignments, including any hours owed, before classes may be assigned in said Department to part-time faculty. If a full-time faculty member owes teaching hours during a Fall or Spring semester and it is impossible to give the faculty member a full program, including hours owed, during the day hours, the faculty member, with his/her approval, may be assigned evening teaching assignment hours as part of his/her regular program during that semester. The appropriate School Dean will pay back to a faculty member the number of hours owed. Conversely, the faculty member will make up to the College the number of hours owed.

21.4 Part-time Assignment:

21.4.1 Except when a full-time faculty member owes hours to the College, no additional sections or extra hours in the day may be assigned to any full-time person if there is a part-time person on the Department AOP list who is qualified and available for the assignment. In the event a Department's total program is unbalanced over the academic year, a full-time faculty member may accept an overload in one (1) semester, compensated by an underload in the following semester.

21.4.2 The order of selection for the "B" AOP list shall be as follows:

1. Part-time faculty who have 175 hours or more on the "B" list select one course in AOP order;
2. Next, retirees (who were full-time at retirement) select one course. Full-time retirees must teach a minimum of one class during a calendar year to maintain their ranking on the "B" list, except for personal illness or other extenuating circumstances approved by the Vice President of Academic Affairs, such as the course being canceled or the faculty member being "bumped" by another faculty member. Should a full-time retiree lose such order of selection, s/he will accrue AOP credits as specified in 21.4.4.
3. Next, part-time faculty who have 175 hours or more on the "B" list select a second course in AOP order;
4. Next, part-time faculty other than retirees, with fewer than 175 hours make one selection in AOP order;
5. Then, return to the top of the AOP list.

However, if an individual selects an assignment of six (6) or more hours on the first round of selections, (s)he may not make another selection until all individuals on the "B" AOP list have selected two (2) courses not exceeding a total of six (6) hours. Once an individual has declined an assignment for any semester, (s)he may not later assert a claim on an assignment for that semester unless everyone on the list who claims an assignment has received one. In the event an assignment is canceled because of inadequate registration or changes in curriculum, a person may exercise his/her AOP ranking privilege if (s)he is left with no assignment or with fewer assignments than someone with lower ranking on the AOP list.

21.4.3 Prior to each semester, the School Dean, after receiving recommendations from the appropriate Department Chair, shall designate the number of teaching assignments available within each Department. A teaching assignment may consist of a complete course or all the lecture contact hours of a course or all the laboratory/studio hours of a course. Whenever the lecture and laboratory/studio hours of a course are split into two (2) teaching assignments, it shall be done only for educational need or lack of qualified personnel or lack of full-time faculty lines. Both parties agree that splitting a course due to a lack of full-time faculty is not educationally desirable.

21.4.4 Part-time faculty whose employment commenced prior to June 1, 1997, shall be added to the Departmental AOP list only after the faculty member has completed twenty-four (24) contact hours. Part-time faculty whose employment is on or after June 1, 1997, shall be added to the Departmental AOP lists only after the faculty member has completed forty-eight (48) contact hours. The name of any individual not full-time in any Department shall be removed from the AOP lists (A&B) if (s)he has declined an offered assignment for four (4) consecutive fall or spring semesters. The requirement to accept an assignment may be fulfilled by teaching in any of the following sessions: part-time day, evening, weekend, winter session, summer I, or summer II. An extension of one (1) semester may be granted upon the mutual agreement of the School Dean and the Department. Any subsequent employment shall be without prior service credit except that upon recommendation by the Department and School

Dean and approval of the President an employee may be granted any portion or all prior service credit.

21.4.5 Substitution

For the Fall and Spring semesters, a classroom faculty member's first absences equating to a week's load (i.e., a maximum of 12 hours for full-time faculty) there shall be no substitutions. The course work shall be made up by the faculty member in accordance with the criteria and methods established for each department by the Dean, the Department Chair and the department members. Each make-up shall be approved by the Department Chair in writing. Full-time faculty shall make up the first twelve (12) hours of absence each semester. Part-time faculty shall make up the first absences equating to one week's class load up to twelve (12) hours per semester except that part-timers with a three (3) hour class load per week shall make up the first six (6) hours of absence each semester. The Department Chair may, after the review and approval of the respective College Dean, provide an exception to the substitution hours limit(s) specified above to the affected faculty member(s). Faculty members who make up the classes hour for hour shall have their sick leave charge restored. For winter session, summer I, and summer II, the number of absences will be two (2) per class without substitutes.

21.4.6 Day substitution hours should be first offered by the Department Chair to qualified part-time faculty on the AOP list, whenever possible.

21.4.7 AOP credit shall be given to the faculty member who does the substitution after five (5) consecutive weeks of teaching the same class.

21.5 Evening and/or Weekend Assignments Excluding Summer I, Summer II, and Winter Session:

- 21.5.1 The above assignments shall be distributed according to the AOP list of the Department as specified in Section 21.1.1 above.
- 21.5.2 As the name of each part-time faculty member on AOP list (Section 21.1.2) is reached in order of ranking, the individual may select one (1) assignment for which (s)he is deemed qualified from among the unfilled assignments. The procedure continues through the list again, if necessary, until all assignments are filled; however, if an individual selects an assignment of seven (7) or more hours on the first round of selections, (s)he may not make another selection until all individuals on the AOP list have selected two (2) courses not exceeding a total of seven (7) hours. Once an individual has declined an assignment for any semester, (s)he may not later assert a claim on an assignment for that semester unless everyone on the lists who claims an assignment has received one.
- 21.5.3 Prior to each semester, the Dean of each Division, after receiving recommendations from the appropriate Department Chair, shall designate the number of teaching assignments available within each Department. A teaching assignment may consist of a complete course or all the lecture contact hours of a course or all the laboratory/studio hours of a course. Whenever the lecture and laboratory/studio hours of a course are split into two (2) teaching assignments, it shall be done only for educational need or lack of qualified personnel or lack of full-time faculty lines. Both sides to the contract agree that splitting a course due to lack of full-time faculty lines is not educationally desirable.
- 21.5.4 In the event an assignment is canceled because of inadequate registration or changes in curriculum, an individual may exercise his/her AOP ranking privilege if (s)he is left with no assignment or with fewer assignments than someone with lower ranking on the AOP list.

The name of any individual not full-time in any Department shall be removed from the AOP lists (A&B) if (s)he has declined an offered assignment for four (4) consecutive fall or spring semesters. The requirement to accept an assignment may be fulfilled by teaching in any of the following sessions: part-time day, evening, weekend, winter session, summer I, and summer II. An extension of one (1) semester may be granted upon the mutual agreement of the School Dean and the Department. Any subsequent employment shall be without prior service credit except that upon recommendation by the Department and School Dean and approval of the President an employee may be granted any portion or all prior service credit.

- 21.5.5 When computing ranking as specified in Section 21.1.1 above for the combined AOP list, supervisory time in the evening shall be accrued as teaching experience.
- 21.5.6 Upon retirement, a full-time faculty member shall retain his/her accrued AOP ranking credits for part-time assignments.
- 21.5.7 Effective September 1, 2005, adjunct faculty will receive \$1,000 for new course development.

21.6 Teaching Hour Limitations

- 21.6.1 Full-time faculty shall not be permitted to have more than two (2) classroom assignments or eight (8) class or supervisory hours per week on evenings and/or weekends, except as the College may require.

21.6.2 All part-time faculty members employed prior to the start of the Fall, 1978 semester, shall be limited to no more than twenty (20) hours of combined day and evening teaching with no more than three (3) assignments including evenings and/or weekends.

21.6.3 All part-time faculty members whose employment commenced on or after the start of the Fall, 1978 semester, shall be limited to a maximum of sixteen (16) hours of combined day and evening and/or weekend teaching with no more than three (3) assignments taught in the evening and/or weekend except by mutual agreement between the College and Union.

21.6.4 All part-time faculty members whose employment commenced on or after May 31, 1997, shall be limited to a maximum of nine (9) day hours and no more than twelve (12) hours combined day, evenings and weekends each semester.

A part-time day faculty member employed prior to June 1, 1997 may not teach more than eleven (11) day hours a week.

21.7 Discretionary Department Part-Time Assignments (Fall & Spring Semesters)

21.7.1 Upon recommendation of the Department Chair, the Department may by majority secret ballot exclude from the AOP system any specialized courses so that the Chair may assign such courses in order to fulfill the needs of the Department. Such action must be approved by the School Dean.

21.7.2 After the first selection under the AOP system, the Chair may exercise discretionary authority to assign sections to new and/or existing faculty who have sixty (60) or fewer teaching hours subject to the Dean's approval.

New faculty appointed under this discretionary provision shall be evaluated by the Department during the first semester and prior to any subsequent reappointment.

21.7.3 The total of sections assigned and/or excluded as above provided may not exceed ten percent (10%) or six (6) sections, whichever be the lesser, of the Department's part-time day and evening and/or weekend sections for the applicable semester, with a minimum of one (1) section.

21.8 Summer I, Summer II, and Winter Session Assignments

21.8.1 Summer I, summer II, and winter session assignments shall be distributed according to the AOP list of the Department as specified in Section 21.1.1 above.

Summer I and summer II classes, both day and evening, shall be considered as a single entity for AOP purposes. Winter session, both day and evening, shall be considered as a single entity for AOP purposes.

21.8.2 The procedure to be followed in determining summer I, summer II, and winter sessions teaching assignments shall be the same as the procedures described at Section 21.1.1.

- 21.8.3 Prior to each summer I, summer II, and winter sessions, the School Dean, after receiving recommendations from the appropriate Chair, shall designate the number of teaching assignments available within each Department. A teaching assignment may consist of a complete course or all the lecture contact hours of a course or all the laboratory/studio hours of a course. Whenever the lecture and laboratory/studio hours of a course are split into two (2) teaching assignments, it shall be done only for educational need, or lack of qualified personnel, or lack of full-time faculty lines. Both parties agree that splitting a course due to a lack of full-time faculty lines is not educationally desirable.
- 21.8.4 As a name is reached in order of AOP ranking, each individual on the combined list may select one (1) assignment for which that individual is deemed qualified, as previously defined, from among the unfilled assignments. The procedure continues until all assignments are filled. Once an individual has declined an assignment for a semester, that individual may not later assert a claim on an assignment for that semester unless everyone on the list who claims an assignment has received one.

In the first round of course selection, full-time and part-time faculty on the A-AOP list shall have first preference over retirees for selecting day summer I, summer II, and winter session courses. Retirees shall choose in AOP order on the second round.

- 21.8.5 In the event an assignment is canceled because of inadequate registration or changes in the curriculum, an individual may exercise his/her AOP ranking privilege if (s)he is left with no assignment or with fewer assignments than someone with lower ranking on the AOP list.

Faculty who chose international courses for winter session, summer I, and summer II shall be excluded from the AOP reassignment process for that semester. Thus, once instructors have chosen international assignments they will not be subject to another faculty member, who has lost a course, claiming an international study course previously assigned.

The name of any individual not full-time in any Department, shall be removed from the AOP lists (A&B) if (s)he has declined an offered assignment for four (4) consecutive fall or spring semesters. The requirement to accept an assignment may be fulfilled by teaching in any of the following sessions: part-time day, evening, weekend, winter session, summer I, or summer II. An extension of one (1) semester may be granted upon the mutual agreement of the School Dean and the Department. Any subsequent employment shall be without prior service credit except that upon recommendation by the Department and School Dean and approval of the President an employee may be granted any portion or all prior service credit.

- 21.8.6 All individuals affected by a reduction in the part-time faculty shall be placed on a Departmental preferential rehiring list, established by AOP ranking. Each person shall be responsible for securing information about his/her position in order to be considered by the Department. Any name on the Departmental preferential rehiring list shall be removed after three (3) years if no assignment has been applied for and accepted.

21.9 Online Learning Program

- 21.9.1 The terms and conditions of employment for faculty teaching in an online learning program will be consistent with the conditions set forth in the Collective Bargaining Agreement, except as set out below.
- 21.9.2 For the life of this contract, there will be no reduction in the number of employees and/or sections available to faculty on campus as a direct result of the online learning program.

- 21.9.3 A faculty member who adapts a current course or develops a new course for delivery by Online Learning shall have the right of first selection of that course for the first four times the course is offered. If the faculty member who developed the course opts to decline teaching the course in a given semester, the semester in question shall count as one of the four. When two sections of the course are offered, the decline of one section shall not count toward the four. However, if the faculty member chooses to teach two sections in one semester, it shall count as two.
- If the faculty member is unable to teach because of circumstances beyond his/her control, the Vice President for Academic Affairs in consultation with the UCE of F.I.T. shall determine if that semester will count as one of the four.
- 21.9.4 Full time and part-time faculty can teach up to three (3) online courses: one (1) or two (2) as part of their day schedule and one (1) or two (2) courses as part of their evening schedule for a total of three (3) online courses.
- 21.9.5 Faculty members must teach at least four (4) courses in the classroom before being eligible to teach online.
- 21.9.6 Adjuncts must teach at least one (1) face-to-face class on campus every 4th year.
- 21.9.7 Effective Spring '04, faculty who are tenured or have received a CCE, teaching online for the first time at FIT, must have peer evaluations for their first two (2) consecutive semesters teaching online.
- 21.9.8 Online courses will be available to students one (1) week before classes begin. Faculty will begin teaching these courses once classes begin on campus. Faculty will not be expected to engage with students prior to the commencement of classes. Course outlines, syllabi and requirements would be posted prior to commencement of live programming.
- 21.9.9 Course evaluations will be taken for a two (2) week period. This is a pilot program that will terminate on December 31, 2017 unless extended by the parties.
- 21.9.10 Notwithstanding the above, all faculty shall be subject to the evaluation processes outlined in the collective bargaining agreement.
- 21.9.11 Faculty being trained and developing an online course for the first time shall receive a \$2,000 stipend.
- 21.9.12 Faculty members shall receive a \$500 stipend for developing a second course and any additional course after the second course.
- 21.9.13 Faculty members being trained to teach an additional section of an existing course shall receive a \$500 stipend.
- 21.9.14 Faculty seeking training in order to assert their AOP ranking to select a course already online will receive training but will not be compensated for the training.

21.10 Collaborative Online International Learning Program (COIL)

21.10.1 The Creation of a COIL module shall have no impact upon the assignment of program selection rights pertaining to classes.

21.10.2 COIL programs will be developed by the FIT professor, with the assistance of the FIT Office of International Programs and the Office of Online Learning, and approved by the Vice President of Academic Affairs, to exist as a three (3) to eight (8) week module within an existing course. The module would partner the class with an international class, and the two classes would interact online for a period of the module.

21.10.3 COIL modules may be developed and approved for both online and face-to-face classes; however COIL modules shall not be approved where the developing faculty member is also being certified to teach online for the first time.

21.10.4 Full-time and part-time faculty who develop a COIL module that is approved and taught shall receive a \$750 one-time stipend following the development and approval of each such approved COIL module.

21.10.5 If the COIL module is cancelled or otherwise does not proceed (e.g. the partnered international class is unable to proceed) through no fault of the faculty member, the faculty member shall still receive payment development for the COIL module.

21.10.6 The parties agree to revisit after a period of three academic years, or the successful completion of twelve (12) COIL modules, whichever should come first.

22.0 ASSIGNMENT OF PROGRAM: NON-CLASSROOM FACULTY AND CLASSROOM ASSISTANTS

22.1 Work assignments shall be compact and each day's schedule shall run consecutively.

22.2 When extra work hours are scheduled, full-time employees within the Department shall have first right of refusal based upon their length of full-time day and extra hours service providing they are considered by the Supervisor to be qualified and suitable for such extra work. The number of extra hours per week which may be worked by an individual are limited to eight (8) hours per week, except as the College may require. Notwithstanding any provisions herein to the contrary, these sections shall not constitute a guarantee of regular extra hours assignments.

22.3 Preference in assignments shall be governed primarily by length of service at the College. Full-time members of the non-classroom faculty and classroom assistants shall have preference over part-time members in program assignments.

22.4 A Department may, by majority secret ballot, vote to deny a member an assignment chosen by the guidelines above described. Such decision may be made only if the Department judges that the member is not qualified or the specific requirements of the course are not being met, or the educational needs and purposes of the Department will not be served by such an assignment.

- 22.5 The maximum program for part-time non-classroom faculty and part-time classroom assistants working either day and/or evening shall be no more than twenty-two (22) hours or as the College may require.

23.0 NEPOTISM

- 23.1 Individuals related to each other by affinity or consanguinity will not be hired to work in the same Department, or to occupy any position that may cause one to affect or have influence over the status, activities or working conditions of the other, including, but not limited to, work assignments and voting on tenure or promotion.
- 23.2 Individuals related to each other by affinity or consanguinity who were employed in the same Department before April 26, 1988, may retain the position they held as of that date, but may not move into any other position in that Department. Neither of the related individuals may participate in any Departmental or college activity that may cause him or her to affect or have influence over the status, activities or working conditions of the other, including, but not limited to, work assignments and voting on tenure or promotion.

- 23.5 An individual who, on or after April 26, 1988, occupies a position supervisory to someone related to him/her by affinity or consanguinity:
- a) may run for re-election, if in an elected position; however, the relative must abstain from voting in the election;
 - b) may be reappointed, if in an appointed position.

In both cases, the supervisor may not participate in decisions that affect or have influence over the status, activities or working conditions of the relative; such decisions will be made by the Vice President of Academic Affairs.

- 24.2.2 A person may not be considered for a merit promotion for the entire period (s)he is elected to serve on the College-wide Tenure and Promotion Committee. This provision applies to each term of office (s)he is elected to serve on this committee.
- 24.2.3 Merit promotions for both full-time and part-time faculty shall be made in accordance with the following procedure.
- 24.2.4 For this Section, a Department is defined as any grouping of faculty members working under a Chair, Associate Chair, Director, or an appointed Administrative Officer.
- 24.2.5 Those faculty members who have been at the top step of their salary schedule for a minimum of four (4) years shall constitute a separate pool of candidates for promotion from which the President may make promotions after the faculty member has completed the procedures set forth in 24.5.

In addition, one (1) day must be charged to the bank for each evening assignment missed due to illness. Where an employee is absent due to illness on a day when (s)he works both day and evening regularly scheduled assignments, two (2) days must be charged to the employee's sick bank. A regularly scheduled assignment is one that is worked each week during a full semester. Full-time employees may use up to five personal business days per academic year (September through August). Part-time employees may have two personal business absences during the Fall/Winter session period and two during the Spring/Summer period. Days identified as personal days are drawn from the sick bank. Any unused personal days will be rolled back into the sick bank at the end of the academic year.

However, in no case shall the College expend more funds than the cost of the College's contribution for health and welfare benefits for active full-time employees.
- 34.4.2 An employee on such leave maintains his/her seniority as of the date the leave commences. Such leave shall not be considered an interruption of service. Upon return from such leave, the employee shall be reinstated at the salary step beyond the step which was completed at the time the leave was granted. Benefits will accrue as though the employee were on unpaid leave. Such part-time work will not extend the length of the leave.

Childcare leave may be terminated at the mother's request. The childcare leave of a classroom teacher returning to instructional duties must be terminated at the beginning of a regular or mini- session and the usual program assignment regulations shall be applicable. All employees shall give at least one (1) month's notice if childcare leave is to be terminated prior to the termination of the leave originally approved. It is understood that the President or President's designee will submit proposals for consideration for the next ensuing agreement taking into account the report of the study committee.

Should an exigency other than financial, i.e., enrollment, change in curriculum due to technological changes, placement, etc., amongst others, occur during the life of this contract, a mutually agreed upon committee of no more than seven (7) persons shall be established to define the nature of the exigency and to determine if such an exigency exists. STAFF COMPENSATION PROGRAM

I. Definitions of Terms Used in Staff Compensation Program

Reevaluation is the process of determining the extent of change in the nature of a job. This may result in an upgrade - a change to a title in a higher salary group; the position remaining evaluated in the same salary group; a downgrade - job changes to a title in a lower salary group.

A lateral transfer is the reassignment of an employee to another position in the same group level as the one currently assigned.

II. Position Evaluation

a. Purpose of Position Evaluation

Position evaluation provides the basis for maintaining the balance between organizational needs for stability and flexibility, developing career ladders and opportunities, providing equal pay for equal work, defining organizational roles, and clarifying job duties and responsibilities.

III. Evaluation of New Position

Before recruiting or filling a newly created job, the department must prepare a personnel requisition form (obtained from the Office of Human Resources) signed by the Senior Administrator and forwarded to the Office of Human Resources for review. The Reevaluation Committee evaluates the position and recommends to the President's designee the appropriate salary group assignment and designation for the Federal Labor Standards Act classification. The supervisor and Senior Administrator are advised of the title and salary group.

IV. Reevaluation

The assignment of duties by a supervisor to an employee or the assumption of duties by an employee that are inconsistent with those described in his/her position description which may lead to any upgrade and/or additional cost is prohibited without the approval in advance of the Vice President of the Division involved. Temporary assignments of new or different duties for short periods, not to exceed three (3) months, are permitted if other duties are temporarily suspended until the new duties are no longer needed or transferred elsewhere. If temporary duties assigned to an employee elevate the employee's position to a higher classification, the employee will be paid at the higher level for the period of time the employee performs these duties.

Should there be approval by the appropriate Vice President for assignment of significant and additional duties and responsibilities to a staff employee that may result in an upgrade in classification, the Reevaluation Committee will be notified to review the impact of such change and recommend an appropriate reply to the President's designee, which shall be acted upon within forty-five (45) days after receipt by the Committee.

- a. When an existing position has significantly changed in duties or responsibilities, the supervisor may request reevaluation. The supervisor with the approval of the Senior Administrator/Dean submits a memo listing the duties of the position to the Office of Human Resources. The position will be analyzed using the factor comparison method. This may result in an upgrading, the position remaining evaluated at the same salary level or a downgrading.
1. The supervisor may submit a request to reevaluate a staff position to the Senior Administrator and the Office of Human Resources simultaneously.
 2. The Office of Human Resources date stamps the request for reevaluation upon receipt.
 3. The Senior Administrator will approve or disapprove the request for reevaluation and notify the Office of Human Resources, in writing.
 4. The Office of Human Resources will submit requests for reevaluation approved by the Senior Administrator to the Reevaluation Committee who will have forty-five (45) days to act upon the request and make a recommendation to the President's Designee.
 5. If the recommendation of the Reevaluation Committee recommends approval and the President's designee accepts that recommendation, any salary change will be retroactive to the original date stamped by the Office of Human Resources in item 2 above.
- b. All positions requested for reevaluation are reviewed by the Reevaluation Committee. The Committee forwards the reevaluation request to the President of the College or President's designee for approval. The President or President's designee may accept or reject any recommendations. This decision is final and not subject to arbitration.
- c. The Reevaluation Committee is:
- Composed of a representative from the Office of Human Resources selected by the Vice President for Human Resources and a Union representative selected by the President of UCE. Both members should possess a comprehension of the factor comparison system; knowledge of the College's policies and procedures and functions related to its academic and administrative departments.
 - Responsible for designating the Federal Labor Standards Act on reevaluated jobs;
 - Responsible for advising the Supervisor and the Senior Administrator making the reevaluation request of the approval or disapproval of the evaluation by the President of the College or President's designee. The Supervisor will inform the employee of the decision;
 - Responsible for auditing the benchmark positions every three years to ensure their accuracy and maintain internal consistency of their evaluation.

d. Factor Comparison Method

Jobs are evaluated on the basis of five (5) defined factors which are derived from the assigned duties, responsibilities and other characteristics. These factors and their definitions are:

1. KNOWLEDGE AND SKILL: What needs to be known and the abilities required to carry out the tasks.
2. JUDGEMENT: Problems expected to solve; decisions expected to make; the degree to which the job is guided by standard procedures; and the supervisors degree of supervision.
3. COMPLEXITY: The number of and inter-relationships among assigned tasks and elements in tasks and interdependence of tasks with those performed by others.
4. INTERPERSONAL RELATIONS: The nature, purpose and extent of face-to-face and telephone relationships in assigned tasks and the ability required to carry these out.
5. IMPACT: How performance can affect achieving organizational objectives. Both the breadth and intensity of impact and special responsibility and accountability are considered.

Using these factors, each position is compared to at least three other college positions in order to determine the jobs value relative to other jobs in the college. Of the three jobs used for comparisons, one position should be a benchmark job. (The benchmark job is typical in a class of position titles in terms of job duties and responsibilities.

e. Benchmark Jobs

The benchmark jobs are:

<u>Group</u>	<u>Job Title</u>
Group 86	Clerical Assistant
Group 87	Secretary I
Group 88	Secretary II
Group 89	Secretary III
	Technologist A
Group 90	Technologist B
Group 91	Technologist C
Group 92	Department Coordinator
Group 93	Benefits Specialist
Group 94	Loan Specialist
	Curator of Textiles
Group 95	Collection Manager
Group 96	Database Administrator

f. Assignment to Salary Groups

Through the evaluation process, each job is placed in one of the twelve (12) salary groups, Groups 86 through 96 and 99.

V. Performance Appraisals

a. Timing of Performance Appraisals

Performance appraisals are due on full time employees three six, nine and twelve months after employment and twice a year during the next two (2) years of employment or until tenure is granted.

Performance appraisals are due on part-time employees at least semi-annually until the Continuous Certification of Employment is received.

b. Rating Categories and Appraisal Factors

An employee's performance is rated according to five standards - outstanding, very good, good, marginal, and not acceptable, using job related criteria as follows:

- Quality
- Quantity
- Job Knowledge
- Cooperation
- Initiative
- Communication Skills
- Attitude
- Organization
- Judgment

Additionally, attendance and punctuality are examined to determine if a problem exists, and supervisory personnel are also rated on:

- Supervision
- Employee Development

VI. Salary Administration

a. Salary Structure

1. The College has developed a salary structure for staff positions consisting of eleven (11) salary groups.

b. Salary Administration

1. Full-time and part-time employees hired before March 1, 1997, are granted an incremental increase on their salary anniversary date which is either on February 1 or September 1 to the next step in the salary group in which the job is evaluated. The increment date is approximately one year after employment and on the closer of the two dates. Increments for part-time employees hired on or after March 1, 1997 should refer to the appropriate salary schedule.
2. Salary schedules may be adjusted according to the Collective Bargaining Agreement approved by the City of New York.
3. Salary increases granted as a result of an employee taking a position in a higher group are effective on the date the employee starts work on the new job.
4. Salary increases granted as a result of reevaluations are retroactive to the date of the beginning of the first pay period following receipt of the reevaluation request by the Office of Human Resources.

5. An increase in salary as a result of a promotion or upgrade due to a reevaluation will be to the step in the higher group closest to the current salary of the employee. If the differential is \$1004.00 per year or less, the salary in the next step is granted. (This policy only applies to full-time employees).
6. If a promotional increase results in a lower salary in the new salary group structure as compared with the salary in the same step of the former salary schedule, the employee receives the salary in a step of the new salary group structure closest to the salary of the former salary schedule.
7. Downgrade due to reevaluation will not result in a decrease in salary. The employee will remain in the same salary group and when the job is vacated, it will be filled at the salary group determined by the reevaluation.
