☐ I am a current student

☐ I am a former student

Transfer Institution: _____

State in which institution resides: _____

Transfer Course Subject and Number (Ex. EN 121): _____

Transfer Course Title: _____

Number of Transfer Course Credits: _____

FIT Course Subject and Number: _____

If you are unsure of the FIT equivalent, please write down the requirement that you are trying to fulfill.

- It is your responsibility to have an official final transcript sent from the transfer college to FIT Registrar's office once you complete the course you have taken.
- A grade of "C" or better must be earned for credit to transfer.
- If this transfer credit is being used to satisfy your final degree requirements, you are responsible for requesting a graduation review via email to fit_registrar@fitnyc.edu.
- Transfer credit is awarded as a "T" grade rather than the grade earned and will not affect your grade point average.
- Transfer credit will not count toward FIT residency. FIT requires 30 credits to be earned in residence for an AAS degree. The BS/BFA degree requires 60 credits in residence. In addition, students must complete 50% of the major coursework in each degree while in matriculated status at FIT. A minor requires 60% of coursework to be completed.
- FIT is not responsible for your registration, tuition and/or the fees associated with you taking this course at another institution.

I have read and understand the conditions listed above regarding the transfer of credits.

Student Signature _____ Date _____

For Registrar Use Only

Course review: _____ Articulated Course _____ Semester system
_____ Major Course _____ Quarter system

Registrar's Office Approval: _____ Date _____

Once approved by the Registrar, this form can be used as proof of equivalency at the visiting institution.
